R.M.SMYTHE

TERMS OF SALE

1) **A 10% buyers charge will be added to the hammer price of each lot purchased.**

2) All bids are per lot as numbered in this catalogue.

3) Bids less than 60% of the estimate **will not be accepted.**

4) We reserve the right to withdraw any lot prior to sale.

5) All successful bidders shall be billed for postage, handling and insurance.

6) **We cannot be responsible for the loss of any merchandise shipped outside the United States.**

7) **All framed items are shipped at the purchaser's risk.**

8) SMYTHE reserves the right to **reject any bids not made in good faith and further reserves the right to ban any bidder from participation in its sales for any reason deemed appropriate at our sole discretion.**

9) A SMYTHE auction bidder expressly waives any claim or right to any accounting, damages or compensation arising out of SMYTHE'S failure to receive or execute any bid due to exclusion from our sales, clerical errors or other causes. No bids will be accepted from any person who has not signed a registration form or a bidder sheet.

10) United States coins and currency will not, in conformity with law, be opened at less than face value.

11) No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer. "Cut" bids (bids at less than the regular bidding intervals) will be accepted, but they must be no less than half of the regular interval over the previous bid. Each bidder may make only one "cut" bid per lot, and if they are out bid, they may make no further bids on that lot.

12) In the case of a tie between a mail bidder on the book and a bidder on the floor, the mail bidder shall take precedence.

13) **All bids must be in whole dollar amounts. Percentage increases will be rounded up to the nearest dollar.**

14) **Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.**

15) No minors may participate in our sales. **Agents bidding on behalf of others will be held liable if their principals fail to make payment.**

16) Payment for purchases is to be made by cash, check, money order or bank wire upon receipt of invoice. No lots may be taken away unless paid for in full. A late charge of 1-1/2% per month will be charged on the invoice total if payment is not received **within 10 days** of mailing the invoice. Bidders not known to us are required to deposit 25% of their total bids in advance. **Credit cards will not be accepted for auction purchases.**

17) Title does not pass until payment in full is received. SMYTHE reserves the right to await clearance of any check before making delivery.

18) If a collection agency or attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by SMYTHE in procuring judgement shall be borne by the defendant. The signer of a SMYTHE bid sheet or participant in the auction concedes the jurisdiction of the courts of the U.S. in New York City or the New York State courts as SMYTHE alone shall elect. The participant in a SMYTHE auction also assumes both corporate and personal liability for unpaid auction bills.

19) SMYTHE may reopen the bidding on a lot under the following circumstances: 1) SMYTHE has failed to execute correctly a mail bid. 2) A party purchasing the lot on the floor has done so in error. 3) Where a protest is made after the hammer has fallen but before bidding has commenced on the next lot. 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. 5) At the discretion of the auctioneer.

20) In the event of dispute, the auctioneer's decision is final.

21) New York State & Pennsylvania State sales taxes or other state sales or use taxes shall be levied, as required by law. Dealers and other non residents are reminded that sales tax must be collected unless Form ST-128.1 has been filed properly, under regulations effective 1 December 1982.

22) No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.

23) In the event of unsuccessful litigation the plaintiff shall pay SMYTHE'S legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the New York prime rate from the date of actual disbursement.

24) The same protections applicable to SMYTHE apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.

25) SMYTHE assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.

26) All accounts are payable to SMYTHE in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice.

27) **All material in this catalogue is unconditionally guaranteed to be genuine.**

28) Agents who bid from the floor for clients should examine the lots carefully, and are reminded that no lots may be returned by floor bidders except for non-authenticity. Lots described as "repaired", "restored", "cleaned", "whizzed", "pressed", or "washed" may not be returned for any reason except non-authenticity.

29) Mail bidders may return lots for reasons of non-authenticity or improper description within 5 days of receipt or thirty days from the auction's last day, whichever comes first. Third-party graded notes (i.e. C.G.A.) are **sold as is, no returns.** Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it. Lots sold with the proviso 'sold as is; no returns' cannot be returned.

30) In cases where a question has arisen as to the authenticity of an item, the purchaser must, before settlement day (30 days after the sale,) notify SMYTHE of his intention to return the item, confirmed in writing. The item will be examined by a recognized expert; if the item proves authentic, the sale will be consummated. If the item is not authentic, the sale price will be refunded.

31) The auctioneer reserves the right to postpone the sale by auction for a reasonable period of time as a result of any significant event which, in the sole discretion of the auctioneer, makes it advisable to postpone the event. No prospective bidder or prospective buyer shall have recourse as a result of any postponement.

32) The placing of a bid shall constitute **full acceptance of the fore-going terms and conditions of sale; all bid sheets must be signed by the responsible party.**

Condition Terminology For Currency

Gem Unc. (Gem Uncirculated) - The perfect uncirculated item, clean, bright, vivid, crisp (where paper permits), well-margined, unimprovable, without folds.
Choice Unc. (Choice Uncirculated) - A lovely uncirculated item, having only a hint of aging or unevenness of the margins, face or back, or narrow margins which take it out of the "Gem" class.
Unc. (Uncirculated) - As made or issued, but margins may be poor, the item lightly aged, with border trimming.
Choice AU (Choice Almost Uncirculated) - Essentially a mishandled uncirculated item with deficiencies like a corner fold, teller counting smudge or count wrinkling.
AU (Almost Uncirculated) - There is one fold, a teller counting smudge or counting wrinkling present.
EF (Extremely Fine) - An item which may, at first glance, look uncirculated, but which has several petty folds, or a hard crease down the center perhaps with corner folds. Crisp, bright, vivid and pleasing, the paper as made, permitting.
VF (Very Fine) - Typically an item marked by moderate quarterfolds with perhaps a few other signs of handling. Should be clean, not seriously aged, torn, or pinholed.
F (Fine) - The last grade of an item in which the paper still has body. The folds are numerous and the design is beginning to show signs of soiling wear.
VG (Very Good) - A well-circulated item, complete, unimpaired except for petty tears and splits, pin holes, some surface splitting along heavy folds and soiling.
Good - An even more heavily circulated item with body holes, petty tears and splits, very soiled and tired, scarcely legible.
Fair - Heavily worn, split, holed, up to 10% gone, legibility seriously impaired.
Poor - A mere remnant, tattered and torn, scarcely readable with typically more than 10% of its surface area gone.
Abt (before a grade) - A shade below the grade it precedes.
Plus or + (following a grade) - A shade better than the grade.
VF-EF (hyphen between grades) - The grade is about halfway between the two grades shown.
VF/Good (slash between two grades) - Face and back are two different grades. The grade preceding the slash is for the face. The grade following is for the back.

Condition Terminology for Stocks & Bonds

Unlike coins and paper money, the grading of stocks and bonds has not developed to the point where everyone agrees on or uses similar standards. The very nature of stocks and bonds defies a grading system based, for example, on wear, or folds.

Instead of trying to develop a strict grading system, we have used terminology designed to convey a strictly subjective impression of the items we endeavor to describe.
Fair - A certificate with extreme handling, fold splitting, stains, small pieces or tears.
Fine - Slightly below average. Folds may be heavy with splits slightly into the design elements, but with no pieces missing. More severe flaws will be mentioned.
Very Fine (VF) - The average grade of most of the stocks and bonds we encounter. A **Very Fine** share certificate will have several light to moderate folds, and the paper will show obvious wear or softness. Bonds that were originally folded by the printer may have several additional folds. There may be minor edge roughness, but any splits that extend into the designs will be described. Very light soiling is typical, but heavier stains or foxing will be mentioned.
Very Fine+ (VF+) - Obviously used or worn, but brighter or cleaner than the average example.
Extremely Fine (EF) - A well above average example. Stocks may show a few light to moderate folds. Bonds that were originally folded may have a few light to moderate extra folds. The paper will retain most of the original crispness and brightness. The margins will be free from noticeable edge splits, stains or other problems.**Extremely Fine+ (EF+) -** As made, or nearly so.
All certificates are **Very Fine** unless otherwise mentioned.
"*" After a grade means there are no cancellations.

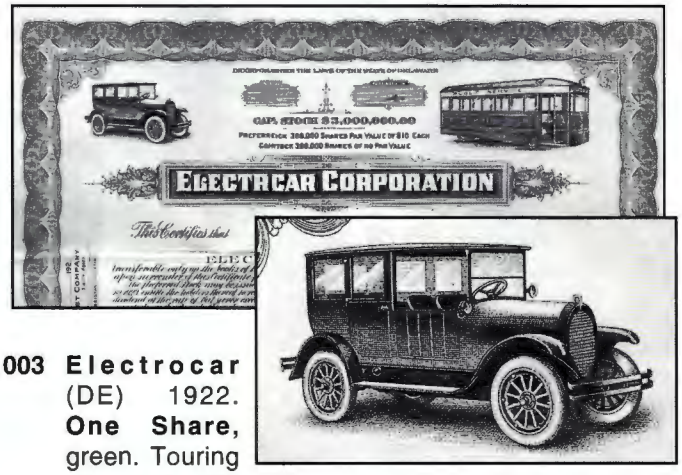
Automobile Certificates

1001 Dixie Motor Car (OK) 1911. #9. **$250.** First Mortgage 6% Gold Bond, Cb, green. Only the second known. **VF+.*** ***($400-600)***

Not in *Falater.* The last we offered realized $650 in sale 211. This company was organized in 1910 in Frederick, Oklahoma, with the plan of producing a gasoline car priced at $1050.

1002 Duesenberg Automobile & Motors (DE) 1923. **10 shs,** preferred, orange. Seated woman between globes. **EF+.*** ***($400-600)***

If one automobile could be singled out as the most glorious of all it would be the Duesenberg. The car was legendary and literally became a metaphor for greatness. "It's a Duesy" was a popular catch phrase associated with the car. The Duesenberg brothers never owned Duesenberg, they were merely employees of the enterprise. Nevertheless, Duesenberg became synonymous with status, and the cars were extremely popular with movie stars, robber barons, gangsters and politicians. One of the most eagerly collected automobile stocks.



1003 Electrocar (DE) 1922. **One Share,** green. Touring car, upper left. "NEWARK" bus, upper right. RBN. Light soiling, else **VF.*** ***($300-500)***

Not in *Falater*. This is the nicest of only two known. Especially **Rare** because the company was only in existence for one year. The Electrocar was a taxicab designed by Joseph Anglada. Although it was electric, the car was designed to look like a gasoline model. The car was introduced in March 1922, but does not seem to have survived to the end of the year.

1004 Gearless Steam Auto Manufacturing 1919. #132. **4 shs,** brown. Ornate border. First we have seen. **VF+.*** ***($300-500)***

The Gearless Steamer was used to refer to the steam car built in Denver in 1918-1919. A brochure from the company indicated that the car was to be marketed as the Super-Steamer. The car had a four-cylinder engine and a boiler fire tube connected to each rear wheel. Each rear wheel was to have its own independent power. Only a single prototype was built.

An Extraordinary Group of Early General Motors Certificates Including the Personal Shares of Durant and Chrysler

No other product manufactured in America has had a greater impact on our way of life than the automobile, and from 1908 to 1916, events occurred in that industry that would have an impact on the way that cars were designed and marketed right up to the present.

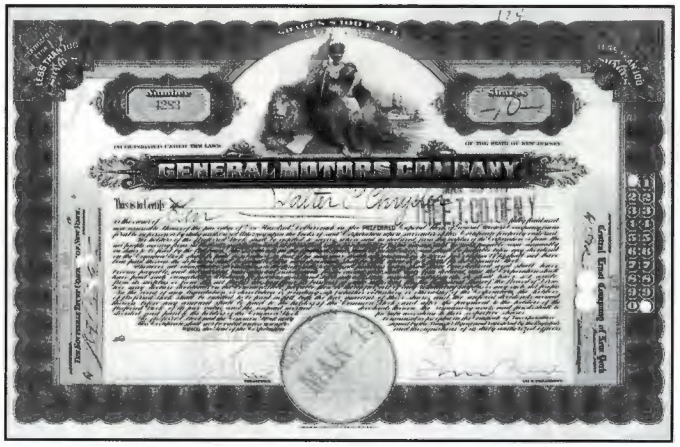
Henry Ford was dedicated to the idea that one good car model, efficiently mass produced, was the key to automotive success. In 1908, Ford introduced the Motel T, and he proved the correctness of his philosophy for the next nineteen years.

Of equal significance, in 1908, was the organization of what would become one of the largest corporations in the world. On September 16th of that year, **Thomas Crapo Durant** incorporated the General Motors Company. Durant's philosophy was diametrically opposed to Ford's. Durant anticipated the great demand the American public would have for a wide range of makes and models, and it was his vision that would prove to be correct in the long run. He pursued that vision by consolidating Buick, Olds, Oakland, and later Cadillac.

Durant would need someone to help him with the everyday realities of running a production line of the size of General Motors. In 1912, he hired an expert machinest and former superintendent of motive power for the American Locomotive Works, **Walter P. Chrysler.** In 1916, Chrysler became president of the Buick Motors Division of General Motors, and he also became a shareholder.

In that same year, Durant regained control of the company from a group of bankers, and he transformed General Motors Company (of New Jersey), into the General Motors Corporation (of Delaware), raising the capitalization from $60 million to $100 million. These certificates, probably saved as souvenirs, came to us in a small box, along with a scrapbook of trips taken by the Walter Chrysler, Junior, family, and a wonderful group of Chrysler family photographs.

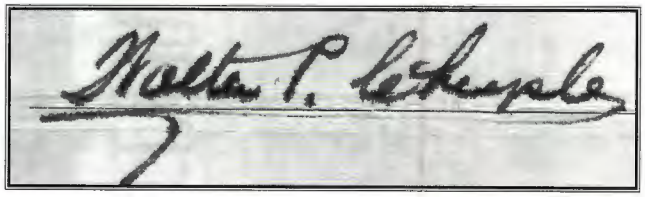
Only one certificate signed by Durant, and one certificate signed by Chrysler were found. While we have seen certicates signed by Henry Ford, the Dodge Brothers, Charles W. Nash, and several of the other major automotive pioneers, the examples in this offering may well represent the only opportunity collectors will ever have to own a certificate signed by either Durant or Chrysler.

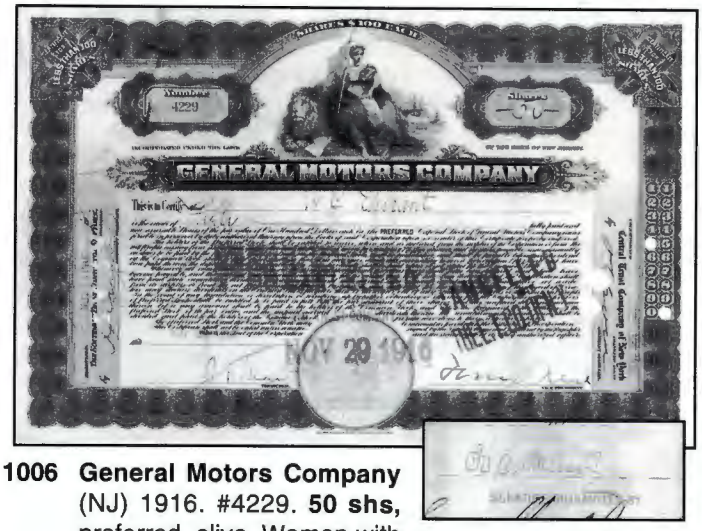


1005 **General Motors Company** (NJ) 1916. #4283. **10 shs,** preferred, olive. Woman with flag flanked by lion with steamship in distance. Issued to and signed by **Walter P. Chrysler** on verso. Light stain at upper left. ABN. **VF+.** ***($5,000-10,000)***

Walter P. Chrysler (1875-1940) was an important American automobile manufacturer. Chrysler decided against a college education in favor of an apprenticeship with the Union Pacific Railroad. Chrysler became an expert machinist and worked for a number of railroads in the West. In 1901 he became the roundhouse foreman for the Denver, Rio Grande & Western in Salt Lake City. He advanced to superintendent of motive power with the American Locomotive Works. In 1912 Chrysler, succumbed to his enthusiasm for automobiles to become the works manager for the Buick Motors Company division of General Motors, in Detroit. Chrysler introduced efficiencies all along the production line, and by 1916, the year this certificate was issued, he became president of the division. In 1920, in a dispute with William C. Durant, (see next lot) he resigned. He returned to automobiles in 1921 to oversee a complete reorganization of the Willys-Overland Company. He then undertook a similar task for the Maxwell Motor Company, and set about producing an innovative line of cars. In 1924 a new Chrysler car was successfully exhibited and the next year the firm became the Chrysler Corporation. In 1928 his company purchased Dodge Brothers and soon began manufacturing De Soto and Plymouth cars as well as Dodge. In 1935 Chrysler retired, having built an automobile empire that was the second largest producer in the country.

This is the only General Motors certificate issued to and signed by Walter P. Chrysler that we have seen. A rare opportunity for the advanced scripophilist.





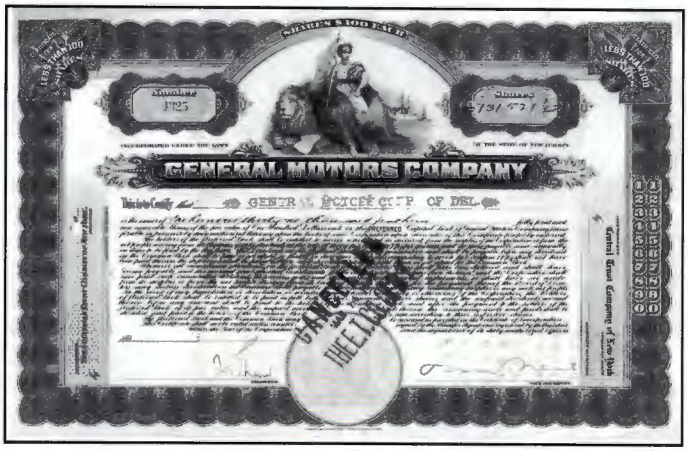
1006 General Motors Company (NJ) 1916. #4229. **50 shs,** preferred, olive. Woman with flag flanked by lion with steamship in distance. Issued to and signed by **W.C. Durant** on verso. A few minor staple holes, else **VF+.** ***($5,000-10,000)***

William Crapo Durant (1861-1947) was an important automobile manufacturer. In 1886 Durant organized the Durant-Dort Carriage Company with a friend, Dallas J. Dort. By 1900, the company was the largest producer of wagons and carriages in the world. In 1904 Durant bought the Flint Wagon Works, which had acquired the rights to an automobile designed by David Buick. The company had little success, but under Durant's leadership profitable operations were begun and in 1905 he organized the Buick Motor Company. In 1908 it was the leading producer of automobiles in America. He eventually consolidated a number of these smaller firms into the General Motors Company. By 1910 General Motors was manufacturing cars under the trade names of Buick, Cadillac, Elmore, Oakland, Cartercar, Welch, Rapid and Reliance. Financial dealings led Durant to be forced out of his controlling position of the company. In 1911 he joined Louis Chevrolet in building a new car. Chevrolet sold his interest to Durant in 1915. Durant then incorporated the Chevrolet Motor Company and immediately began using his large profits to regain control of the General Motors Company. With the aid of the Du Pont Dynasty, he gained control, and in 1916, the year this certificate was issued, he became president of the General Motors Company. Ironically, Durant would eventually lose control of General Motors. In 1921 he founded Durant Motors, which was to be his second empire. Affairs quickly soured as Durant overextended himself. William Durant spent over $90 million of his own money to save the company, but that was not enough. In February 1936 Durant declared personal bankruptcy, indicating his only assets to be his clothing. Astute business deals in and around New York City enabled him to become moderately wealthy by the time of his death in 1947.

This certificate was issued on November 22, 1916, and transferred only one week later.

This is, perhaps, the only known certificate signed by Durant, and its importance to collectors should not be underestimated.

General Motors Corporation Acquires Control of General Motor Company



1007 General Motors Company (NJ) 1917. #4325. **131,521-1/2 shs,** preferred, olive. Woman with flag flanked by lion with ship in distance. ABN. **VF+.**

($500-Up)

An historic certificate relating to the formation and control of one the most important automobile manufacturers.

In 1916, Durant regained control of the General Motors Company (of New Jersey), and the capitalization was raised from $60,000,000 to $100,000,000. The new corporate entity was called the General Motors Corporation of Delaware, and the old preferred shares were exchanged at a one new share for each one an one third share held. This certificate would therefore have been exchanged for 101,170.38 new shares, **worth approximately $7,500,000.***

*The new shares were trading at around $75 in November of 1916.

By 1910 the International Boiler Company became interested and acquired the patent rights with William and Fred Sharp joining as managing partners. Ever anxious to prove the car, William Sharp adjusted the engine to produce a top speed of 90 Mph. He took the car to the Grand Prize race in Savannah, Georgia. William Edward Boeing (1881-1956) began his career as a timber merchant in Seattle, Washington. He learned to fly in 1915, and formed the Pacific Aero Products Company a year later to build seaplanes. He became an airmail contractor, serving Seattle and British Columbia. In 1917 Boeing founded Boeing Airplane Company, which was to become the largest manufacturer of civilian and military aircraft in the world. In 1925, when this certificate was issued, wood was widely used in airplane construction. In 1927, Boeing organized the Boeing Air Transport Company, which was responsible for many innovations in air travel, including night passenger travel, crews with two pilots and a stewardess, and the use of constant two-way radio communications. Boeing retired in 1934, when his air travel company became United Air Lines. Boeing Airplane went on to build the Clipper Flying Boat, the B-17 Flying Fortress Bombers, the Boeing 707 jetlines, and a host of other magnificent aircraft.

Issued to and signed on the reverse by **William Rockefeller.** Also signed by **F.A. Pratt** as president. Three punch cancels touch the Pratt signature. Ink stain on vignette, else **VF+.** ***($750-1,250)***

In 1860 **Francis Ashbury Pratt** (1827-1902), and Amos Whitney formed a company to manufacture quality machine tools. Pratt's reputation for uncompromising precision helped the company obtain orders for machine tools and guns, and these early successes provided the foundation for Pratt & Whitney's entry into the aircraft manufacturing business.

By the 1930s Pratt & Whitney was a giant in the aviation engine field. Along with Curtiss-Wright, Pratt & Whitney had a virtual monopoly on U.S. military aircraft engine contracts. World War II erupted, making incredible demands on the company. Over 300,000 military aircraft were built between 1940 and 1945, and many of the engines came from Pratt & Whitney.

The AP wrote; "Here is a most excellent opportunity for all who liked to win fame by being one of the party which shall step foot upon that icy *ignis fatuus."* It may be noted that the inventor of the great steel balloon, after organizing the Transcontinental Aerial Navigation Company and failing to raise all of the $130,000, sought aid from the government. Recommended by the most able military advisers, the initial bill actually passed in the House, but was later defeated on the advice of scientists. **Scarce and highly desirable.**

This certificate is nicer than the example that realized $1500 in sale 205.

Winfield Scott Stratton (1848-1902) was Cripple Creek's first millionaire. After twenty years of prospecting, Stratton arrived in 1891 to the gold camps of Colorado Springs. On July 4, 1891 he staked out the Independence Mine, named in honor of Independence Day. Stratton systematically mined the property, taking out small quantities of ore and leaving thousands of tons for future use. Stratton was able to finance the entire development of the mine without ever having to publicly sell stock. The Independence was one of the few mines ever to remain in the hands of a single owner. The mine became known as the "King of the District", and supplied Stratton with the funds to control nearly one fifth of Cripple Creek's richest properties.

In 1848 gold was discovered in California, and streams of treasure seekers flowed to the West from around the world. Each was convinced they were going to strike it rich. Many did. After a few years of mining, much of the gold in California had been found, forcing miners to cross over the High Sierras in search of treasure. After years of grueling work only small amounts of ore were found on the eastern slopes of the mountains in Nevada. Even though men were pulling respectable amounts of silver from the hillsides, there were hints that a much larger ore body was nearby: the Mother Lode. After a torrential rainstorm someone decided to assay the mud and found it to be worth an incredible $2000 a ton. Prospectors continued their search. They discovered a small silver vein, which at first appeared unremarkable. As the miners followed the vein deeper into the mountain, it grew wider, one foot, two feet, ten feet, twenty feet - almost as wide as the mountain itself. The silver find was named the Comstock Lode, and it produced nearly $8,000,000 per month. The Comstock Lode was mined by three principal companies; the Gould & Curry, the Ophir, and the Mexican. In 1863 the Gould & Curry was paying a monthly dividend of $150 per share.

1082 Green Bay Packers (WI) 1950. **One Share,** orange with full underprint. Stylized "Packers" logo in blue with a yellow football between goal posts. A Rare early issue. **VF+.*** ***($1,000-1,500)***

On August 11, 1919, Curly Lambeau and George Calhoun called together a group of athletes and formed one of the greatest football teams of all time. Lambeau's employer, the Indian Packing Company, put up money for equipment and permitted the use of its field for practice. The club was identified early on as a project of the community, and the tie-in name "Packers" was a natural, a name they have kept ever since. By 1949 the Packers fortunes were in decline. Facing a financial crisis after the season, Lambeau resigned to take a position as head coach of the Chicago Cardinals. Gene Ronzani was brought in as head coach, and a major rebuilding effort was begun. $125,000 was raised by selling stock. Note that the fans purchasing the stock expected no financial returns. The certificate clearly states "That no dividend shall ever be paid..." This effort saved the team from financial ruin. Ronzani's teams improved each of the next three years. From those modest beginnings the Packers have gone on to earn national recognition and stature by winning more championships that any other team in professional football, and by being associated with football legends such as Curly Lambeau, Vince Lombardi, Bart Starr, Ray Nitschke, and Bret Farve. The fact that the Packers have been so successful while being located in a small Wisconsin city, with a population of only 101,000 inhabitants has endeared them to the nation's football fans.

1083 Prairie Coal (NM) 1919. #4. **10 shs,** gold. Mountain view flanked by miners. Signed by **Conrad N. Hilton** as secretary. In original bound volume, along with seven unissued examples. **EF.*** ***($1,000-1,500)***

Conrad Nicholson Hilton (1887-1979) was an important hotel owner. He assisted his father in many business pursuits, which included renting lodging to transients. In 1912 he was elected to the first New Mexico state legislature. At the end of his term he became cashier in the New Mexico State Bank. After service in WWI he attempted to expand his banking business. When negotiations failed in the purchase of a small Texas bank, he invested in a small hotel. Several other hotel purchases followed, and by 1925 he was in a position to build a new hotel in Dallas. By the onset of the Great Depression, Hilton had a sizable chain of hotels. Forced to reduce the size of his operations, profits from oil leases allowed him to remain in business. By 1939 he was building again. He began acquiring large, established hotels, including the Town House in Los Angeles in 1942; the Roosevelt and the Plaza in New York City in 1943; the Palmer House in Chicago in 1945 and the Waldorf-Astoria in New York City in 1949. His holdings were organized as the Hilton Hotel Corporation in 1949. He turned over active management to his son in 1966, by which time Hilton Hotels operated 60 hotels in the United States. **Rare!**

Historically Important African American Film Production Company

1092 Lincoln Motion Picture (CA) 1921. **100 shs,** gold underprint. Abraham Lincoln, left. Signed by **Clarence A. Brooks** as secretary. **VF+.*** ***($1,500-3,000)***

The Lincoln Motion Picture Company was the first movie company organized by African American filmmakers. Lincoln's goal was to offer audiences positive images of African Americans. The company was organized in 1916 (formally incorporated in 1917) by two actors: Noble Johnson and Clarence Brooks. The title of their first production was *The Realization of a Negro's Ambition*. The plot consisted of a young graduate of the Tuskegee Institute who travels West looking for a better life. He is denied work because of his race, but through perseverance and hard work he becomes wealthy and realizes his ambitions. The second production, *A Trooper of Troop K*, dealt with a massacre of black troops in the Army's 10th Cavalry during a campaign in Mexico. The company released a total of seven films, including two starring **Clarence Brooks,** *A Man's Duty* (1919) and *By Right of Birth* (1921). Booker T. Washington had a cameo role in the latter.

The positive portrayal of African Americans by the Lincoln Motion Picture Company was in stark contrast to the way they were portrayed by Hollywood, where African American actors provided comic relief or undying service to their white employers. The Lincoln lead characters assisted in negating the negative African American male stereotype by providing ambitious, self reliant, and determined characters. Although the company failed in 1921 due to financial considerations, their story is one of lasting success. The Lincoln Motion Picture Company circumvented the obstacle of racism and pioneered the craft of independent black film making. A rare, and very desirable African American related stock.

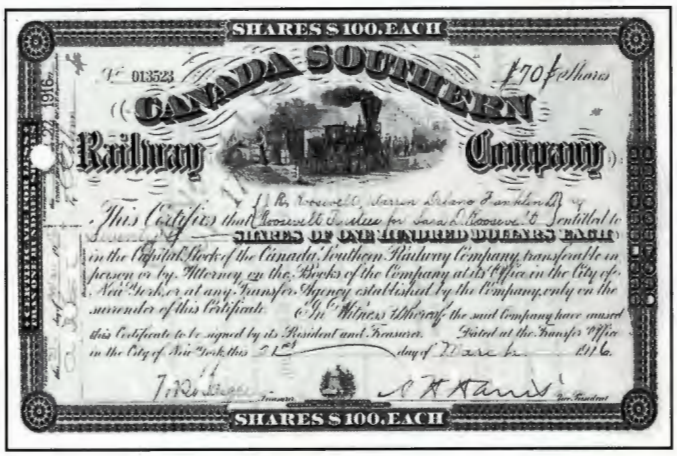
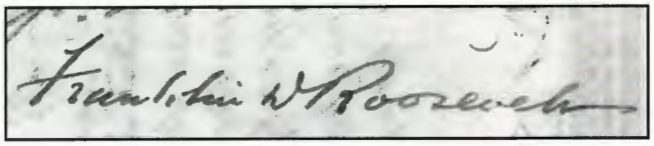
Franklin Delano Roosevelt Signs Share Certificate





1100 Canada Southern Rwy 1916. **70 shs,** full yellow underprint. Train at depot. Small beehive, bottom. The certificate was made payable to "J.R. Roosevelt, Warren Delano, and Franklin Delano Roosevelt, trustees for Sara D. Roosevelt". On the back of the certificate are the endorsements transferring the shares and signed by **James R. Roosevelt** and **Franklin Roosevelt** as "surviving trustees". NBN. **VF+.** ***($5,000-7,500)***

James Roosevelt (1854-1927) was the older half brother of Franklin D. Roosevelt. Warren Delano (1852-1920) was an older brother of Sara Delano Roosevelt, and died shortly before the transfer of the certificate, undertaken by his brother, Frederic A. Delano (1863-1953). **Franklin D. Roosevelt** (1882-1945) was Governor of New York and President of the United States. He was the only president to be elected to third and fourth terms. Sara Delano Roosevelt, the president's mother, (1854-1940) had this trust set up for her by her husband, James Roosevelt, (1828-1900) upon his death in 1900. Franklin did not presumably become a trustee until he came of age in 1903. The trust came to an end in 1940 with Sara's death. Roosevelt signed this certificate a few short weeks after loosing the 1920 Vice Presidential election.

This would be a key piece in any collection of Presidential signatures on stock or bond certificates. Other Presidential signatures include a government bond issued to and signed by George Washington; New York Security and Trust shares issued to and signed by Grover Cleveland; Millard Fillmore as New York State Comptroller; Warren Harding as president of Harding Publishing; and Harry Truman and William McKinley on county bonds. With the exception of Fillmore all are quite rare.

A rare opportunity to acquire a certificate that would fit nicely into the very finest collection of stocks and bonds.

Meyer Guggenheim (1828-1905) was an industrialist who began his career selling shoelaces in the streets of Philadelphia. In 1872, along with a partner, Meyer established the firm of Guggenheim and Pulaski, which imported Swiss embroideries. Nine years later, with the business flourishing, he bought out his partner. In 1887, when nearly 60, Guggenheim purchased some Colorado mining properties, but he saw a great potential in processing ore, just as Rockefeller understood that sure profits of petroleum lay in the refining process. Guggenheim formed the Philadelphia Smelting and Refining Company, and in 1901, American Smelting and Refining relinquished control to his company. When he retired, Meyer was at the height of his empire, a worldwide mining and smelting conglomerate. His sons continued the legacy that he started, in business and philanthropic activities.

No railroad was more controversial than the Erie. It became involved in a tug of war between Commodore Vanderbilt, John S. Eldridge of the Boston, Hartford and Erie, and Daniel Drew, Jim Fisk and Jay Gould. The Commodore tried to corner the stock and push it up. Drew, Fisk and Gould secretly conspired to pillage the Erie and shorted the stock. Albany legislators were tampered with, judges corrupted, and in the end a stalemate prevailed. Gould eventually got control, rehabilitated the railroad, and made it profitable.

Lebanon Springs Railroad Issued at the Height of the "Erie Wars", Signed By Vanderbilt!

1131 Lebanon Springs RR (NY) 1868. **750 shs.** All blue. Train. Issued to and signed on the reverse by **Cornelius Vanderbilt.** Spindle cancelled. *R44.* **VF.**
($12,500-17,500)

Cornelius Vanderbilt (1794-1877) began his business career with a $100 investment in a small sailboat. He used it to ferry freight and passengers between Staten Island and Manhattan. Vanderbilt profited from the War of 1812, and procured additional sailboats, but in 1818 he realized the potential of steam power and went to work as a captain for Thomas Gibbons with the understanding that Vanderbilt would receive a share in any potential profits. The New York-New Brunswick route was part of Robert Fulton's monopoly. This did not deter Vanderbilt, who proved impossible to catch in the act. Ogden, Fulton's successor, eventually sued, but he was defeated by Chief Justice Marshall's decision in Gibbons vs. Ogden.

After eleven years with Gibbons, Vanderbilt started his own Hudson River steamboat line, and when gold was discovered at Sutter's Mill in 1849, Vanderbilt concentrated his efforts on getting passengers and freight to California. His extensive marine holdings earned him the honorary title of "Commodore."

In his seventies Vanderbilt turned away from marine enterprises and began to interest himself in railroads. He bought stock in a nondescript Manhattan street railway called the New York and Harlem in 1862. He influenced the City Council to extend the tracks down to the Battery, and the stock price rose. Daniel Drew shorted the stock and got the council to rescind the extension order. Vanderbilt simply cornered the stock and Drew was compelled to submit. Vanderbilt did the same thing with the Hudson River Railroad.

The Lebanon Springs Railroad was a 57-mile road that extended from Chatham Four Corners in New York to Bennington, Vermont. It later became an extension of the New York and Harlem.

The certificate above was issued to Cornelius Vanderbilt on May 21, 1868, at the very height of "the Erie Wars". The Commodore was locked in a bitter struggle with Daniel Drew, Jay Gould and Jim Fisk for control of the Erie Railway. The three conspirators fled to Jersey City. Entrenched in "Fort Boodle", surrounded by armed thugs and backed by $9,000,000 in cash they had plundered from the Erie treasury, the conspirators issued more stock to dilute the value of the shares Vanderbilt kept buying. During this time Vanderbilt sold 750 shares of Lebanon Springs to E.V. Rossiter, his attorney. What made Vanderbilt sell at this time? In early April, Daniel Drew was seen walking on Broad Street in Manhattan, despite the fact that there were warrants issued for his arrest. Perhaps he and Vanderbilt (and Vanderbilt's judges) had come to an understanding regarding the Erie. If so, Drew had nothing to fear, and Vanderbilt may not have felt the need to own as much Lebanon Springs as he did before. A few weeks later the Erie War abruptly ended with a settlement that left Gould in charge of the "Scarlet Woman of Wall Street", and left Vanderbilt licking his wounds. Speaking of Gould and Fisk, Vanderbilt sagely stated in his own vernacular that he would "...never have anything more to do with them blowers."

James Stillman (1850-1918) was an influential American banker and capitalist associated closely with the Rockefeller group. Stillman was a life-long friend of William Rockefeller, and his daughters married two of Rockefeller's sons. Stillman shunned publicity, perhaps the main reason why he is not as well known today as J.P. Morgan, but Stillman's influence and power in the banking and financial communities may have equalled or exceeded Morgan's. As the driving force behind the National City Bank, Stillman was responsible for its rise to prominence. Morgan and Stillman were considerable rivals in financing and promoting Western railroads. During the 1907 financial panic, both were among the more influential leaders who advocated the support by stronger banks of the weaker ones.

Stillman's signature is difficult to obtain, and rarely seen on certificates. We sold a similar Stillman piece for $1100 in sale 188. His signature on a Decatur and Evansville RR realized $1000 in sale 146.

Charles Pratt & Co. became the leading refiner of crude oil, and manufactured many by-products including high quality illuminating oil, which he produced at refineries in Greenpoint, Brooklyn under the trade name Pratt's Astral Oil. His product soon became world famous due to the slogan "It Will Not Explode". In 1874 Pratt joined Standard Oil.

Henry Rogers (1840-1909) was vice president of Standard Oil. Rogers first defined the concept of pipeline transportation, which led to the development of the National Transit Company.

Signed by **Pattillo Higgins** as president. **VF+.*** ***($1,000-2,000)***

Pattillo Higgins is often referred to as the "Prophet of Spindletop". Higgins was a self-made man who was involved in many business enterprises such as logging, real estate and brick manufacturing. In the early 1890s he was looking for an energy source to fuel his brick kiln. He had heard about oil being discovered in Pennsylvania, and of its uses as a fuel source. Higgins traveled to Pennsylvania to learn how to recognize the surface signs of petroleum. While in Pennsylvania he immediately thought of the hill where he took his Sunday school classes. The locals called the hill "Sour Hill Mound" because of the sour smell caused by the nearby sulphur springs. Higgins was convinced that this was a clear sign of oil. He returned to Beaumont and made one of the greatest oil discoveries of all time. When the first well hit, it produced a geyser estimated to flow at a rate of 100,000 barrels per day. The geyser produced half the cumulative total oil production in the United States in one day. The discovery at Spindletop provided a stable source of petroleum for the United States, and provided much of the fuel used to help win World War I.

We know of no other examples, and this may prove to be the only opportunity to ever own one.

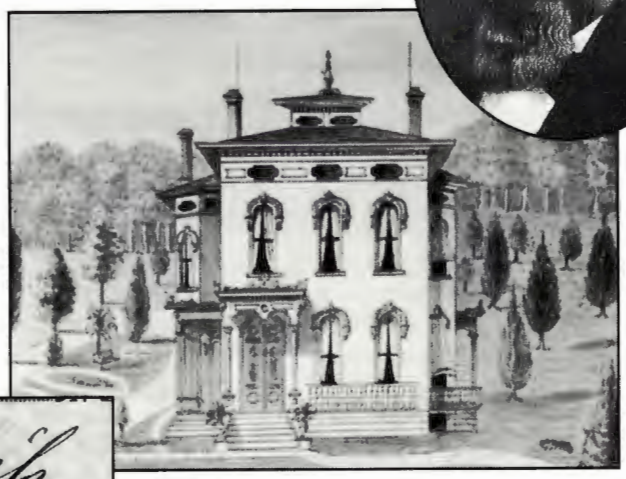
Rare Shares: One of Only Six Original Standard Oil Stockholders



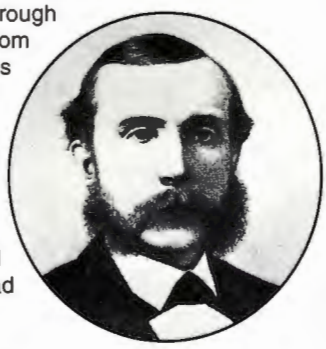
Harkness' Home

1160 Standard Oil (OH) 1870. **130 Shares.** Capitol Building. Issued to **Stephen V. Harkness** and signed by him on the back. Signed by **Henry M. Flagler** as secretary and **John D. Rockefeller** as president. Original shares from the first $1,000,000 capitalization. *R44.* #13. Both the Rockefeller and Harkness signatures are bold, and not cancelled in any way. Rough along the left border, otherwise **VF+.**

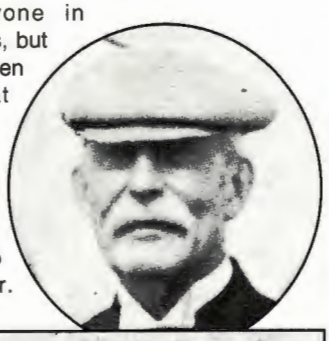
($35,000-50,000)

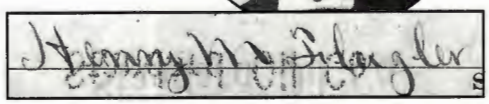
Stephen Harkness (1818-1888) was a wealthy Bellevue, Ohio, commission agent who earned a significant portion of his assets through the sale of whiskey. Harkness provided the first serious infusion of cash into John D. Rockefeller's fledgling enterprise; The Rockefeller, Andrews, Flagler Company. John D. Rockefeller was the president; his brother, William, vice president. Flagler handled the duties of secretary-treasurer; Andrews provided the refining expertise; and Harkness was a "director without portfolio" (or a silent partner). It was Harkness who gave Rockefeller his first real infusion of cash (said to be in the $60,000 to $90,000 range), and it was Harkness who became one of only six original investors in Standard Oil (O. B. Jennings, William's brother-in-law, was the sixth original Standard Oil partner).

How did Rockefeller gain the confidence of Stephen B. Harkness? It was through Flagler. Flagler was a grain dealer from Bellevue, Ohio, where Harkness lived. Flagler subsequently moved to Cleveland, and needed to rent office space. Rockfeller had been a commission merchant for Flagler's grain sales, and Rockefeller gladly rented an office to Flagler. They soon became good friends, and within a short time Rockefeller had asked Flagler to join his new firm.



Rockfeller travelled throughout Ohio, meeting almost everyone who was anyone in business. He knew Harkness, but it was the connection between Harkness and Flagler that cemented the Rockefeller-Harkness relationship. Flagler's wife was a first cousin of Stephen V. Harkness. Stephen's half-brother Daniel was also Flagler's half-brother. Although Rockefeller was a religious man who had little use for those who manufactured and sold alcoholic beverages, he made an exception in the case of Stephen V. Harkness.





This is the third original capitalization Standard Oil certificate to be offered by R. M. Smythe & Co. In January, 2000, Smythe auctioned certificate #21, issued to John D. Rockefeller (sale 194, lot 1076). It brought a worldwide record price of $132,000. In June, 2001, a second example, #16, was consigned to us from a totally different source (sale 211, lot 2196A). It realized $21,100, due to several factors: Certificate #16 was issued to Flagler (who as secretary signed almost all of the Standard Oil certificates); and it was slightly damaged along the left side. It's appearance, just six months after certificate #21 was auctioned, may have caused some speculation that there might be large quantities available. That is almost certainly not the case.

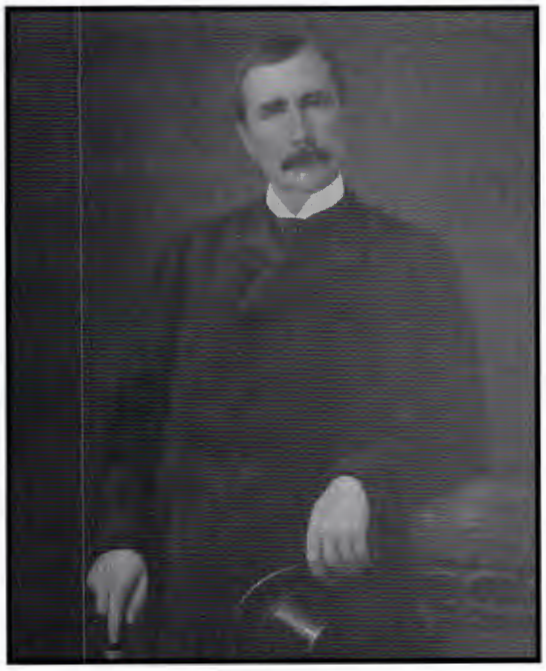
The present example was found in a tag sale, along with the photographs that comprise the lot that follows this one. The certificate was almost certainly obtained, along with the photos, as part of the research material for a book or article being written about John D. Rockefeller.

To date, first capitalization certificates for three of the original six shareholders of Standard Oil have been offered by us (John D. Rockefeller, Henry Flagler, and Stephen V. Harkness). A complete collection would consist of these three, as well as William Rockefeller, Samuel Andrews, and O. B. Jennings, and would represent an extraordinary achievement.

1161 Photo Collection of Rockefeller, and Other Famous Clevelanders. A letter, dated August 9, 1976, hints that these were gathered as part of the material used in a TV series called "Snapshots: Portraits of Great Clevelanders." The original issue Standard Oil listed above was found with this group. A wonderful source of illustrations for research or framing. Most are in excellent condition. [33] ***($500-750)***

Consisting mostly of larger format (8" x 10") prints supplied by *The Sohian, The Western Reserve Society, The Plain Dealer,* and other Cleveland institutions. The Rockefeller photos (22) include the following subjects: John D. as a young man; a family portrait ca 1880; his mother, wife and daughter; Forest Hill, his residence in Cleveland; Flagler; as an older man; his casket; other buildings related to Rockefeller and early Cleveland, and more.

A second group of photos (11) and associated papers relates to Cyrus Eaton, a famous Cleveland industrialist.



1162 John D. Rockefeller Painting by Noel Pantig. Oil on canvas, [23 1/2" x 29 1/2"] tastefully framed, overall [28" x 34"]. A portrait , in oil, of Rockefeller, adapted from a famous photograph made just after he had formed Standard Oil Company of Ohio. Pantig has captured the impressive presence of John D. Rockefeller at an important turning point in his career. Oil portraits of Rockefeller are very few in number, and most of the pictures of Rockefeller we find were done when Rockefeller was in his late 80s or early 90s, and do not reflect the powerful impression this man exuded. ***($750-1,250)***

Noel Pantig is a modern artist who specializes in oil portraits of significant historical figures. His special talent is to capture the personality and essence of the individual he paints. Pantig was *"Artist of the Year"* in 1994, an honor awarded by the Rocky Mountain Artist Association for his portraits of the great Indian Chiefs Sitting Bull and Chief Joseph. His works are also on display at the Confederate Naval Museum in Columbus, Georgia, and the Old Court House Museum in Vicksburg, Mississippi.

Dear Sir:

Your letter of November 5th received.

In regard to the Heywood Starter, we have not made any provision on our motor for that starter, but should it be required this could be done. It means the addition of a small drill and tapped boss on the cylinder head, and this could be added before starting our production.

In regard to the attachment of Heywood Starter air lines, this would have to be left up to the Heywood Starter Company.

Colors For The New Harleys

MILWAUKEE, WIS., U. S. A.

October 29, 1936

Mr. Gene Walters
Harley-Davidson Sales & Service
110 West Central Ave.
Orlando, Florida

Dear Mr. Walters:

Thanks for your interesting letter of October 23 regarding your 1937 80" demonstrator. We're glad to know that most of your riders are very much pleased with the general layout and handling qualities of the new model. We are sorry, of course, to learn that some of your customers are not satisfied with the 1937 color combinations.

For the most part, our 1937 colors have met with enthusiastic response from practically all Harley-Davidson dealers. There have been a few objections, which is always the case at the beginning of any new season, but these criticisms have been few and far between.

Yes, you can get the police silver on any regular order which is not for police service. In such cases the silver combination carries an extra charge of $4.00 net.

Tell Lieut. Rogers we will be glad to match his earlier model black and red machines. However, this is a special combination of colors and panels, and carries an extra charge of $7.00 per machine. Bear this in mind when quoting prices to your city.

Yours very truly,

I am quite certain I never returned them to you - I can only think that I have so carefully put them away until I was ready to write, or were going East that I have even forgotten where. Your last commentary on what portrait to use - you suggest the one with hat on - That appeals to me as also does the one out of "World Corporation" and I have two others which I will bring East. I will be in Boston May 14 and remain nearly a week - during which time I promise that we will settle the Book plate - so you will not be in such uncertainty as to what to do. Extraordinary Financial Documents Signed by the Founders of Remington Arms and Remington Typewriter

The town of Ilion, New York, was originally named Remington's Corners. In 1843, at the insistence of Eliphalet Remington (senior), the town was renamed Ilion. The Ilion Bank was established in 1852. Eliphalet was a director and first president of the bank; the Remingtons naturally did their banking there. In December of 1863, the Remington brothers, **Philo, Samuel,** and **Eliphalet** (junior), were stockholders in what would become the First National Bank of Ilion.

Upon the death of Eliphalet (senior, 1793-1861), **Philo Remington** (1816-1889) took charge of father's manufacturing empire, splitting it into two major units. Philo, in partnership with his brother, **Eliphalet** (Jr.), managed the agricultural machine production; Philo served as president of the arms division. In 1865 **Philo** reorganized the arms division as **E. Remington & Sons.** Under Philo's leadership it became a world famous arms company, producing universally acclaimed pistols, and eventually developing breech-loading weapons that were ideal for military use.

After the War Between the States Philo realized that the arms factory would be under utilized; he then investigated the manufacture of other products. In 1870 Remington began manufacturing sewing machines, eventually selling 35,000 annually. Three years later Philo saw his first working typewriter; he then committed the company to be the first large scale producers of that product. In 1875 E. Remington & Sons got the first large-scale order of typewriters ever placed. The firm had a hard time handling both the sales and the manufacture of typewriters. In 1882 they sold the typewriter division, and five years later the agricultural division was auctioned. In 1920 the arms division was incorporated as the Remington Arms company, and came under the control of E.I. du Pont de Nemours & Co.

Eliphalet Remington (1793-1861) was the founder of what was to become one of the leading arms manufacturing firms in the world. He grew up on a farm near Ilion, and learned basic blacksmithing skills from his father. He soon learned to forge gun barrels, which he took to Utica, where they were well received. By 1828 he was ready to open a factory situated along the Erie Canal. Under his leadership the company prospered; in 1845 Remington purchased the gun-finishing factory of Ames & Company. In 1852 Remington was one of the original founders and first president of the Ilion Bank. He died in 1861, survived by three capable sons: Eliphalet (Junior), Philo, and Samuel.

You undoubtedly know of the noteworthy effort being made throughout the country to raise a fund of three million dollars to establish a memorial in honor of President Harding.

The purpose of the memorial is three-fold:

First: To preserve President Harding's home at Marion, Ohio.

Second: To build a Mausoleum to enshrine his body, and

Third: To establish scholarships in diplomacy in one of the leading universities of the country.

I have been selected as Chairman of a Special Gifts committee in New York to collect funds for this memorial and it has been suggested to me that you would want to contribute to this fund.

Won't you kindly make out your check to the Harding Memorial Association and forward it to me at 25 Broadway, New York?

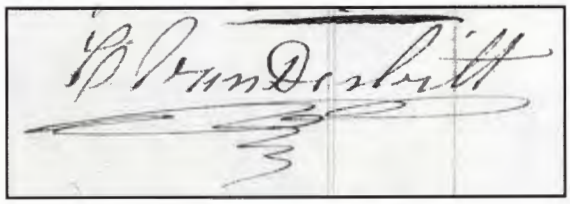
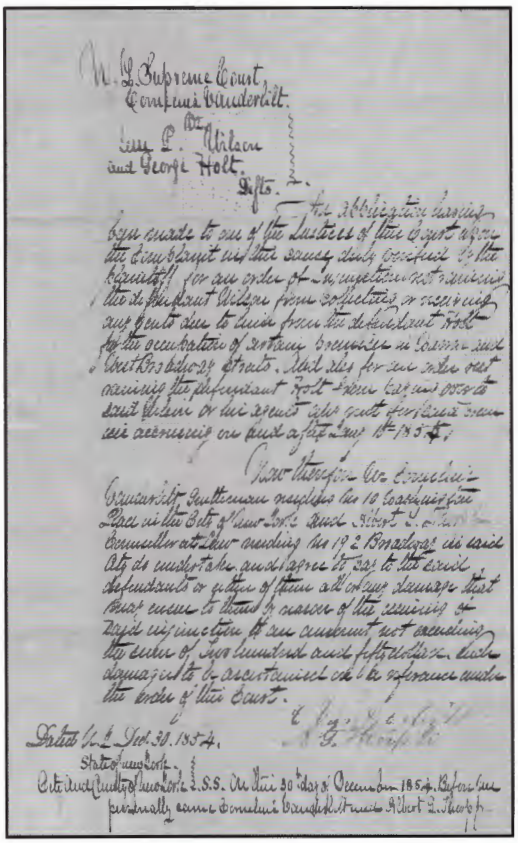
1214 VANDERBILT, CORNELIUS ***($2,000-3,000)***

American financier and founder of the family fortune. At the age of 16 he bought a boat with which he ferried passengers and goods between Staten Island and

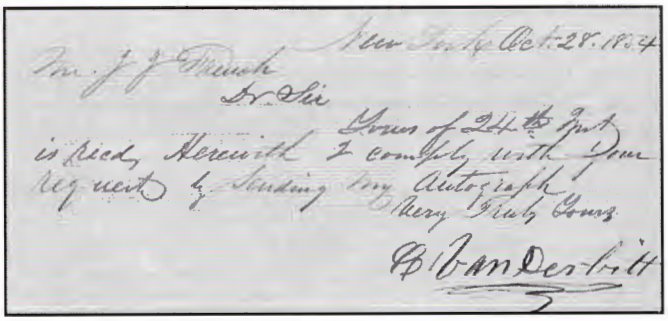


Manhattan thereby earning himself the nickname "The Commodore". He was authorized during the War of 1812 to transport provisions to regiments around the city, and he soon had a small fleet engaged in river and coastal trade. In 1919 Vanderbilt worked for Thomas Gibbons, a ferry boat owner, whom he helped compete against Robert Fulton, who claimed a monopoly right for mail, freight, and passenger service in the New York area, operating illegally for many years. With Vanderbilt's support Gibbons managed in 1824 to have Fulton's monopoly voided by the U.S. Supreme Court, under John Marshall's direction, in the landmark *Gibbons v. Ogden* case. Vanderbilt amassed a fortune in shipping, and by 1862, had turned his focus to railroads, enlarging his fortune considerably, and making him one of the richest men of his time. Choice **Manuscript Document Signed** *"C. Van DerBilt"* and *"Wm. Gibbons,"* 1-1/2 pages, legal folio, no place [New York City], December 1825. A balance sheet of the "Steamboat *Bellona* in account with Cornelius Vanderbilt," issued and signed just four years before Vanderbilt left the Gibbons empire to form his own highly competitive steamboat company. The elderly Thomas Gibbons had put his partner and son William in charge of the steamboat operations by this time. The *Bellona,* one of Gibbon's boats, was captained by Vanderbilt, offering highly competitive rates and meals on board. The boat catered to commuters, and offered extended travel arrangements through stagecoach connections. Light age-toning and minor fold wear, otherwise **Very Fine.** A great document from the early days of transportation around New York Harbor.



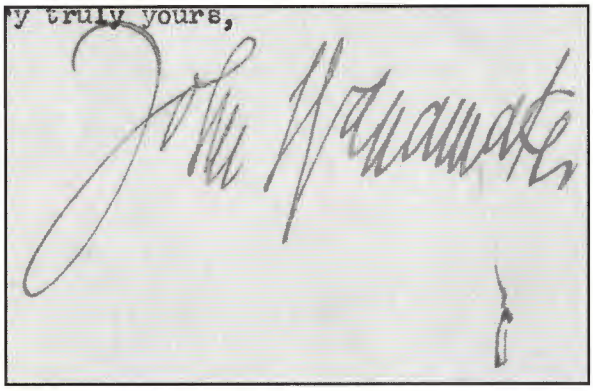
1215 VANDERBILT, CORNELIUS ***($2,500-3,000)***

Exceptional **Legal Document Signed Twice *"C VanDerbilt,"*** 1 page, legal folio, New York, December 30, 1834. An injunction against Jesse P. Wilson and George Holt from receiving and paying rents. Light age-toning at folds where document has been archivally repaired. **Fine.**



1216 VANDERBILT, CORNELIUS ***($1,000-1,500)***

Letter Signed *"C VanDerbilt,"* 1/5 page, small 4to, New York, October 28, 1854. To Mr. J.J. Freuch, Vanderbilt replies: *"Yours of 24th Inst. is recd, Herewith I comply with your request by sending my autograph."* **Excellent.**



1217 WANAMAKER, JOHN ***($300-500)***

Typewritten Letter Signed *"John Wanamaker,"* 1/3 page, 8vo, on his personal letterhead, Philadelphia, November 10, 1905. To Mr. Charles Dwyer of the Delineator, Wanamaker notes, in part: *"...requesting an article of three thousand words on the different conditions under which work is done to-day compared with years ago, I regret that I cannot personally undertake to prepare the article you desire. 1218A NY. Wells Fargo & Company. 1870. **20 shs.** #1035. Ornate left border. Embossed corporate seal with dog guarding a safe. Issued to John H. Porter and signed by **William Fargo** as president and **F. Wood.** Endorsed on the back, **VF.** Attractively mounted within a brown wood frame with a two-color matting and a strip of gold around the sides. ***($4000-6000)***

The issuance of this certificate resulted from the famous "Omaha Treaty" of November 1869. Ashbel Barney was elected to the Board of Wells Fargo in 1862, the same year that his brother, Danford, became president of Wells Fargo in New York. In late 1866 there was a "great consolidation" of many of the important Western express companies. These included Ben Holladay's Overland mail, the Pioneer Express, U.S. Express, and all other American Express operations West of the Missouri River. Technically, these companies were bought out by Overland, but Wells Fargo had control of the stock. Ben Holladay had been president for just six days when Ashbel Barney was elected to that position.

In November 1869, Lloyd Tevis, an associate of Leland Stanford, Collis P. Huntington and Darius Ogden Mills, called a meeting in Omaha, held behind closed doors. Tevis informed William Fargo and Ashbel Barney that he and his group had control of the stock, and that they also had an exclusive ten-year agreement with the Central Pacific Railroad for all of their express business. Tevis and his partners had also acquired an exclusive contract with the Union Pacific Railroad, and Wells Fargo had no choice but to listen to his demands. Shortly after the meeting, Tevis, Stanford, Huntington and Mills all became board members of Wells Fargo. Tevis became president in 1872, and led the company successfully. (See N.Loomis, *Wells Fargo,* NY 1968).

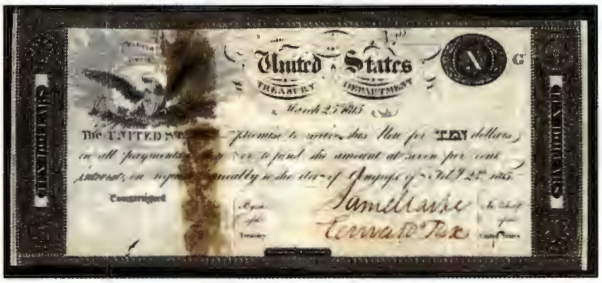
Pre-1861 Federal Issues

War of 1812 Note



1219 $10. G. **Act of February 24, 1815.** Two signatures, Samuel Walker and Edward Fox. On paper watermarked **"United States",** with blue silk fibers. **F-VF,** but with a long tear down from the left top, wheeling over to the left, while the tape goes down to the border. The scotch tape has soaked through to the face, which makes this note a prime candidate for professional repair by the removal of the tape and closure of the tear. The top and bottom borders have been roughly cut into at the right top and left bottom.
($3,500-6,000)

Legal Tender Notes

1220 $1. Fr.18. 1869. No.K611913. **Choice EF.** A bit close at the bottom right, but looks Uncirculated at first glance.
($800-1,200)

1221 $1. Fr.19. 1874. No.H7731315. **EF** or so, with excellent margins and the look of a Choice AU. A pretty note, with not a single problem.
($400-600)

1222 $1. Fr.20. 1875. No.H5242938. **Gem Uncirculated.** Virtually perfect centering, and the superior embossing which is the hallmark of a truly original and unmolested note.
($1,250-1,750)

1223 $1. Fr.20. 1875. No.H5242930. **Gem Uncirculated** in terms of color and originality, though a few might quibble that the right margin needs to be a trifle wider.
($1,200-1,600)

1224 $1. Fr.26. 1875. No.K4467805. **Choice Uncirculated.** A fresh note, with a bottom margin that, although quite adequate, needs to be a bit more generous to qualify for Gem status.
($750-1,000)

1225 **$1. Fr.26.** 1875. No.K4467463. **Gem Uncirculated.** A bright, crisp original note that will fit nicely in the finest collection. ***($1,200-1,600)***

1226 **$1. Fr.29.** 1880. No.Z35335366. **Choice Uncirculated.** An attractive example of the imposing Large Brown Seal design, with perfectly adequate centering not quite up to Gem standards. ***($600-800)***

1227 **$1. Fr.30.** 1880. No.Z42103534. **Choice Uncirculated.** The paper surfaces are fully up to Gem status, but the margins are not quite there. This is nonetheless an exceptionally fresh and deeply embossed example. ***($800-1,000)***

1228 **$1. Fr.30.** 1880. No.Z41560853. **Choice Uncirculated** or better. Centered a trifle low and right, but a beautiful Gem in all other respects. Fully original, with good embossing and color. ***($750-1,000)***

1229 **$1. Fr.30.** 1880. No.Z43605097. **Fine.** A nice appearing circulated example, free from any distractions inconsistent with the assigned grade. ***($125-175)***

1230 **$1. Fr.31.** 1880. No.A1918520. **Choice EF.** Bright, crisp, and nicely centered. A pretty note, with better eye appeal than most technically superior notes. ***($900-1,200)***

1231 **$1. Fr.32.** 1880. No.A2512877. From our Memphis Sale a few months ago as "**Gem Uncirculated.** A simply stunning note with broad even margins, deep original embossing, and the just-off-the-press look and feel that is all but impossible to find today." ***($5,000-7,500)***

While we stand by our previous description, we should also mention that this note came from the Bowers & Merena sale of the Harry Bass Collection, where it was described as having a corner fold. Our closest scrutiny can detect no such fold (nor any sign of the removal of a fold), and the note does come from an original pack of Uncirculated notes.

1232 **$1. Fr.34.** 1880. No.A3041320. **Gem Uncirculated.** A simply stunning example, broadly margined and fully bright and original. It would be difficult indeed, if not impossible, to find a nicer example of this type. ***($1,400-1,800)***

1233 **$1. Fr.35.** 1880. No.A4957006. **Gem Uncirculated.** A clearly superior example, with superb paper surfaces. A note the new owner will be especially proud to have in his or her collection. ***($1,000-1,500)***

1234 **$1. Fr.36.** 1917. No.A96118695A. **Choice Uncirculated,** close across the top. ***($200-300)***

1235 **$1. Fr.36.** 1917. No.A1816491A. **EF-AU,** with a light horizontal fold. ***($80-110)***

1236 **$1. Fr.36.** 1917. No.D46400641A. **Choice About Uncirculated.** An otherwise Choice Uncirculated piece kept from the higher grade by a corner fold at the lower right, which can be seen more easily from the back than the front. ***($100-125)***

1237 **$1. Fr.37.** 1917. No.E62761901A. **Choice Uncirculated,** with nice deep embossing. A gem but for the centering. ***($200-300)***

1238 **$1. Fr.37.** 1917. No.K42458897A. **EF-AU,** with a light center fold. ***($80-110)***

1239 **$1. Fr.37.** 1917. No.K11599736A. **EF; $1. Fr.39.** 1917. No.R50985896A. **AU.** The first is close at the bottom, but both are bright and crisp. [2] ***($200-300)***

1240 **$1. Fr.37** (1), **Fr.38** (3). 1917. **VG** to **VF,** one with a small split at the bottom. [4] ***($125-150)***

1241 **$1. Fr.39.** 1917. No.N72719285A. **Choice Uncirculated.** Well centered. While this note has a vignette at left with some members of Christopher Columbus' crew beseeching him to turn back towards Spain, just as others have apparently sighted land, those of anti-Catholic sentiment earlier in this century maintained that the vignette actually portrayed the faithful of that church blasphemously worshiping the Pope in violation of the First Commandment. To this day in some circles the design is referred to as "the Catholic Bill". ***($250-350)***

1242 **$1. Fr.39.** 1917. **No.R1922A. Choice Uncirculated.** With superior margins to those normally encountered on this issue, this low number example borders on the Gem grade that some would consider it to be. ***($350-500)***

1243 **$1. Fr.39.** 1917. No.T22385888A. **Choice Uncirculated.** Tight across the top, but a full Gem otherwise. ***($200-300)***

1244 **$1. Fr.39.** 1917. No.T2320450A. **Uncirculated,** but very tightly trimmed across the bottom. ***($175-225)***

1245 **$1. Fr.39.** 1917. No.R96394598A. VG-F; **Fr.39.** 1917. No.R99884997A. VG; **Fr.232.** 1899. No.K30283461K. Fair, torn, with unsightly tape repairs; **Fr.236.** 1899. No.V81158734A. VG; **Fr.237.** 1923. No.X55334454B. VG-F; **Fr.238. 1923.** No.A94534083E. VF; **Fr.729.** 1918. No.G39263922A. VG; **Fr.734.** No.I4165633A. VF; **Also** - two circulated 1957A $1 Silver Certificates. [10] ***($150-200)***

1246 **$1. Fr.39.** 1917. No.R61136712A. **VG.** Well circulated, but free from damage; **$1. Fr.236.** 1899. No.R26689367A. **VG+.** [2] ***($80-120)***

1247 $1. Fr.40. 1923. **Low No.A442B. Gem Uncirculated.** A well centered low serial number example of this always popular one signature combination design. ***($600-800)***

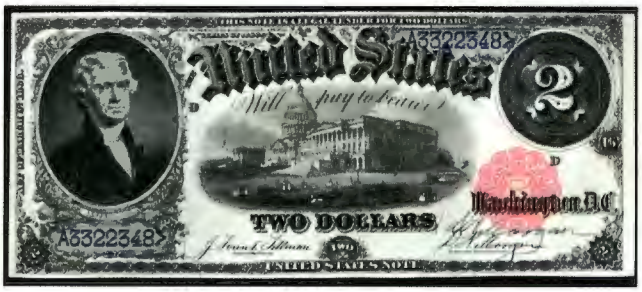
1248 $1. Fr.40. 1923. **Low No.A495B. Gem Uncirculated.** A second equally attractive low number Legal Tender. ***($600-800)***

1249 $1. Fr.40. 1923. No.A30613836B. **EF** or so, with tiny faint traces of foxing here and there. ***($80-110)***

1250 $2. Fr.43. 1874. No.B4224171. **Choice About Uncirculated.** The initial number of its design type, the Allison-Spinner signature combination, had a printing of 8,260,000 and is a considerable challenge to locate this nice. The example we offer has a nearly invisible center fold and would fit in nicely with a collection of Uncirculated notes. ***($1,000-1,500)***

1251 $2. Fr.52. 1880. No.Z23617033. **Choice to Gem Uncirculated.** This note enjoys exceptionally deep and original embossing and is kept from full Gem status only by a bottom margin which is a hair too thin for the higher grade, and a faint counting wrinkle at upper right. As the accompanying photograph shows, however, it has great special eye appeal. ***($900-1,200)***

1880 Deuce Autographed by Morgan



1252 $2. Fr.56. 1880. No.A3322348. **Extremely Fine,** well centered. **Autographed by Treasurer of the United States D.N. Morgan above his engraved signature.** Courtesy autographed notes of Treasury officials, by their very nature as keepsakes, are typically encountered in Uncirculated condition, and therefore sell for considerably higher price levels than this high grade circulated note will bring. An opportunity to own an historically significant item at a moderate price. ***($300-500)***

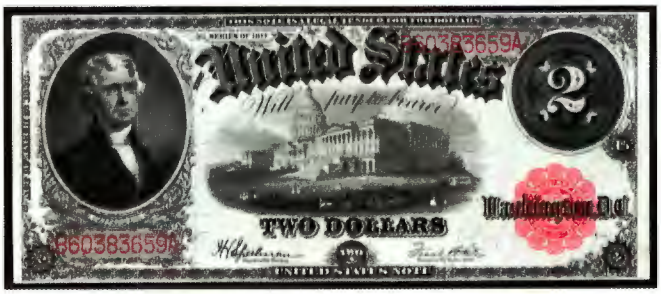
1253 $2. Fr.57. 1917. No.A24261960A. **Choice Uncirculated.** Exceptionally nice margins enhance this fresh and original note. ***($300-450)***

1254 **$2. Fr.57.** 1917. No.A699282A. **Uncirculated.** Just a tad too much handling for a higher grade, although this bright Legal Tender note shows fully original paper surfaces. ***($150-250)***

1255 **$2. Fr.57.** 1917. VF-EF, with a small pinhole; **$2. Fr.60.** 1917. EF-AU; **Fr.60.** 1917. Choice EF. Each has one close margin, but all are clean and attractive. [3] ***($225-275)***

1256 **$2. Fr.58.** 1917. **Low No.B30A. Choice to Gem Uncirculated.** Fully Gem in all respects save for an internal handling wrinkle. This note would be an enhancement to any collection it joins. Low serial number examples of this series and denomination are relatively difficult to locate. ***($900-1,200)***

1257 **$2. Fr.58.** 1917. No.A85069113A. **Choice Uncirculated,** very close to gem. ***($250-350)***



1258 **$2. Fr.60.** 1917. No.B60383659A. **Gem Uncirculated.** Well centered all around, with crackling fresh paper. ***($350-450)***

1259 **$2. Fr.60.** 1917. No.D94936067A. **Choice Uncirculated.** Tight across the bottom, but Gem otherwise. ***($225-300)***

1260 **$2. Fr.60.** 1917. No.D68985134A. **Choice About Uncirculated.** An otherwise Uncirculated piece which has several faint bends, but is fully crisp and original. ***($125-175)***

1261 **$2. Fr.60.** 1917. No.D82783860A. **Choice About Uncirculated.** Nicely centered, with full top and bottom margins and the very faintest hint of a center fold, which many would miss. Likely to sell for more than its technical grade would indicate. ***($125-175)***

1262 **$2. Fr.60.** 1917. No.D54642983A. **About Uncirculated.** Unmolested by enhancement efforts, but tight at the top right. ***($100-150)***

1263 **$2. Fr.60.** 1917. No.D79018290A. **Extremely Fine,** tight at the bottom. ***($75-125)***

1264 A Group of Circulated Legal Tender Notes; **$2. Fr.60.** 1917. VF, with back discolorations (2); **Fr.60.** Fine, with a missing corner; **Fr.60.** G-VG, well circulated.; **$5. Fr.91.** 1907. F-VF, with an internal split; **Fr.91.** VG. Examination recommended, no returns for any reason. [6] ***($125-150)***

1265 **$2. Fr.60.** 1917. Three pieces, all **Fine,** with one tight margin; also, **17 Small Size $2 Legal Tender Notes,** 1928D to 1928G, VG to VF, average Fine. [20] ***($150-250)***

1266 **$2. Fr.60*.** 1917. **STAR** No.*3578822B. Extremely Fine. The collecting fraternity remains indebted to researcher Douglas Murray and his major contributors Michael Tauber and Tom Conklin for their years of research resulting in the definitive study of this specialty, United States Large Size Star Notes 1910-1929, which has provided the basis for an expansion of collecting interest in the large size Star field. The example offered here was added to their census in 1993. While this is certainly one of the more available Stars, it is an attractive and fresh piece likely to sell in an affordable and moderate price range. ***($250-400)***

1267 **$5. Fr.61a.** 1862. No.38825, Series 114. **EF,** bright, with good margins on the face. An attractive note that looks a full grade better at first glance. ***($700-900)***

1268 **$5. Fr.61a.** 1862. No.63499, Series 28. **VG+,** with a 4mm brown spot at the center, and a few tiny pinholes. Clean for the grade, and not unattractive at all. The back shows a full dark offset impression of the signatures. ***($175-250)***

1269 **$5. Fr.62.** 1862. No.6935, New Series 16. **VG-F.** An evenly worn, totally problem-free example, with surprisingly good margins for this issue. A scarce variety, outnumbered more than ten to one by Fr.61a. Few Uncirculated notes are known, and most known notes are well circulated. ***($250-350)***

1270 **$5. Fr.63b.** 1863. No.58171, Series 77. **Choice EF,** with some small central pinholes and some lightness in the red overprint. ***($600-750)***

From the Frank Levitan Collection, sold by Lyn Knight in 1998.

1271 **$5. Fr.64.** 1869. No.K767863. **Choice Uncirculated.** A beautiful "Rainbow" note from an original pack disbursed decades ago. This one has superb color and originality, but its centering keeps it from the Gem category. ***($1,400-1,800)***

1272 **$5. Fr.67.** 1875. No.B336627. **EF-AU.** From a long run of Uncirculated notes, but this one has picked up a center fold. ***($400-550)***

1273 **$5. Fr.68.** 1875. No.B6687882. **Choice Uncirculated.** Three broad margins, but the tight top keeps it from the Gem category. ***($900-1,200)***

1274 **$5. Fr.71.** 1880. No.Z8177356. **Choice Uncirculated.** Kept from Gem by a top margin which does not match the jumbo proportions of the bottom. This is, nevertheless, an appealing note due to its cavernously deep embossing and obvious originality. The Large Brown Seal makes this series of the Pioneer Family Note particularly attractive. ***($750-1,250)***

Beautiful Cut Sheet of Early "Woodchoppers"

1275 **$5. Fr.74.** 1880. **Cut Sheet of four,** Nos.A7034293-96. **Choice Uncirculated.** All are just a bit tight - the first two at the top, the others at the bottom - but all are fully superb, bright and fully original. All have deep embossing and **all four are gem but for the margins.** ***($4,000-5,000)***

Early Cut Sheets have all but disappeared from the market due to the demand for superb original single notes. Two other cut sheets from this original pack were auctioned within the past five years, and both have since been broken up and sold as singles. This beautiful sheet has luckily remained together since we first saw it in the 1981 Memphis auction.

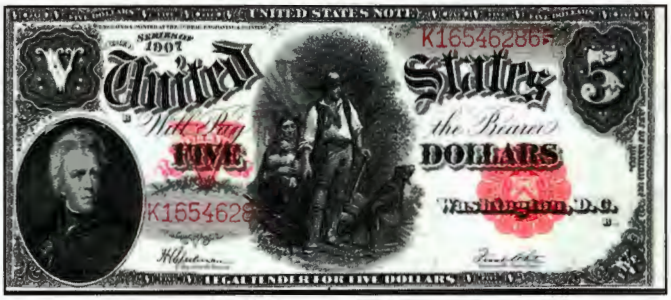
1276 **$5. Fr.76.** 1880. No.A10923439. **Choice EF.** A scarcer variety, with no long runs of Uncirculated notes to satisfy the demand. This looks as nice as any, as the colors are vivid and the folds not readily apparent. ***($1,250-1,750)***

D.N. Morgan Autograph

1277 **$5. Fr.80.** 1880. No.A30941437. **Very Fine.** Enhanced by a **courtesy autograph of Treasurer D.N. Morgan.** Nicely centered and very attractive for the technical grade. ***($300-500)***

1278 **$5. Fr.91.** 1907. No.K27940652. **Gem Uncirculated.** An especially appealing Pioneer Family Note, with nice margins all around, exceptional paper freshness, and deeply original embossing. ***($350-500)***

1279 **$5. Fr.91.** 1907. No.K80283134. **Choice Uncirculated.** Original embossing is clearly present, but the somewhat slim upper right margin keeps this note from the Gem classification. ***($300-400)***



1280 **$5. Fr.91.** 1907. No.K16546286. **Choice Uncirculated.** As attractive as the preceding lot. ***($300-400)***

Rare "PCBLIC" Spelling Errors

1281 **$5. Fr.91.** 1907. No.M43489713. **EF.** Tightly trimmed across the bottom, but otherwise quite nice. A rarely seen **human engraving error** has left the word "PUBLIC" in the obligation on the back spelled **"PCBLIC".** This error has been traced now to a half dozen back plates, but very few actual notes have surfaced. All come late in the issue, from the end of the "M" block (the last block issued), with exception of one Star note. ***($300-450)***

1282 **$5. Fr.91.** 1907. No.M36599252. Another scarce **"PCBLIC"** error, with the "U" closed at the top and open at the right, looking more like a "C". **EF,** and a clean, problem-free example. ***($300-450)***

1283 **$5. Fr.91** (2). 1907. Both VG+, with pinholes, one with some small ink marks on the back as well. [2] ***($100-150)***

1284 **$10. Fr.96.** 1869. No.H8360774. **Choice Uncirculated,** with the nice vivid color that makes this "Rainbow" issue so popular. Purchased as Gem almost a year ago, and while not perfectly centered, it otherwise fully deserves that grade. ***($3,000-4,500)***

1285 **$10. Fr.113.** 1880. No.A25457743. **Choice Uncirculated.** Deeply embossed and original paper surfaces, but kept from Gem by a counting wrinkle at the right. ***($1,250-1,750)***

1286 **$10. Fr.118.** 1901. No.D12296973. **Fine.** A presentable circulated Bison. ***($400-500)***

1287 **$10. Fr.120.** 1901. No.E13591635. **Extremely Fine.** A crackling fresh and original Bison, with nice centering on both the front and back. ***($800-1,000)***

1288 **$10. Fr.120.** 1901. No.E12768976. **VF-EF.** Another nicely centered and good looking Bison which still displays the original paper surfaces of a note which comes to us directly from a collector after having been held for many years. ***($700-900)***

1289 $10. Fr.120. 1901. No.E13686044. **VF-EF.** An untampered with and appealing higher grade circulated Bison. ***($700-800)***

1290 $10. Fr.120. 1901. No.E13261152. **VF** or so. A note which has likely been pressed, as it fails to display the original paper surfaces of the examples of this signature combination directly above. ***($500-700)***

1291 $10. Fr.121. 1901. No.E24387531. **Fine,** with its broad margins showing a bit of soiling. ***($450-600)***

1292 $10. Fr.122. 1901. No.E43837258. **Choice Uncirculated.** As fresh as the two Fr.122's above, but with a top margin not quite meeting our standards for Gem. ***($2,500-3,000)***

1293 $10. Fr.122. 1901. No.E43837259. **Gem Uncirculated.** A beautiful example of the Bison series, enhanced by pristinely original paper surfaces and full original embossing. A note destined for the holdings of a truly quality conscious collector. Expect spirited bidding on this piece. ***($3,000-4,000)***

1294 $10. Fr.122. 1901. No.E43837260. **Gem Uncirculated.** Consecutive to the last and every bit as fresh and original. The collecting fraternity is fortunate that items of this quality become available from time to time, as they really stand out when they are offered. ***($3,000-4,000)***

1295 **$10. Fr.122.** 1901. No.E40854501. **Very Fine.** A final mid-grade Fr.122, this one with exceptionally nice centering. ***($600-700)***

1296 **$10. Fr.122.** 1901. No.E58221240. **Very Fine.** Another in the same condition. ***($600-700)***

1297 **$10. Fr.122.** 1901. No.E33444731. **Very Fine.** A third example of the final Bison signature combination in an affordable collector grade. ***($600-700)***

1298 **$10. Fr.122.** 1901. No.E56479782. **Very Fine.** A nice mid-grade Bison. ***($600-700)***

1299 **$10. Fr.122.** 1901. No.E40466183. **VG-F,** but with tiny edge nicks here and there, and some large pinholes at the left. ***($375-475)***

1300 **$10. Fr.123.** 1923. No.A254050B. **Fine-Very Fine.** A thoroughly presentable circulated example of this scarce note. Free from pinholes and edge splits. ***($700-1,000)***

1301 **$20. Fr.136.** 1880. No.A2600331. **Fine,** with scattered pinholes. This note traces its history to the Oat Bin Hoard. ***($350-500)***

1302 **$20. Fr.146.** 1880. No.A377889A. **F-VF,** with some light soiling. A new addition to the 33 previously documented by the Gengerke census. ***($350-500)***

1303 $20. Fr.147. 1880. No.A2672323A. **Choice Uncirculated.** Kept from a higher grade by a top margin which doesn't match the broadness of the bottom. ***($1,000-1,500)***

1304 $20. Fr.147. 1880. No.A1668269A. **Very Fine.** Free from distracting impairments, but the back is somewhat off center toward the top. ***($400-500)***

1305 $20. Fr.147. 1880. No.A4228840A. **Fine.** A nicely centered example of this variety. ***($200-300)***

1306 $50. Fr.164. 1880. No.A889601. **About Very Fine.** There are a couple of pinholes, and the margins appear to have been trimmed somewhat, but overall this tough note is quite nice for the grade. ***($1,750-2,500)***

Silver Certificates

Superb Martha Washington $1

1307 $1. Fr.217. 1886. No.B35018746. **Gem Uncirculated.** A simply superb note, with excellent margins on both face and back, and the bright originality of a note just off the press. When you see occasional "runaway" prices at an auction, this is the kind of note that is usually responsible. ***($2,250-2,750)***

1308 $1. Fr.219. 1886. No.B56784636. **Choice Uncirculated,** but with a tiny corner fold of little consequence. Bright and original. ***($850-1,350)***

1309 $1. Fr.219. 1886. No.B57896661. **About Uncirculated.** A well centered note, with a lower left corner fold and a few bends in the body of the note. Far superior in overall eye appeal to many pieces which are technically fully Uncirculated. ***($700-1,100)***

1310 **$1. Fr.220.** 1886. No.B66013305. **Choice EF.** This is the kind of EF we'd like to buy all day long! Picture a superb Gem Uncirculated note that carefully received three folds and was then stored flat and untouched for the next century. Beautiful broad even margins, bright paper, and vivid color, with the full look and feel of a Gem Uncirculated note. Watch the bidding on this one! ***($600-1,200)***

1311 **$1. Fr.223.** 1891. No.E25301252. A nicely margined **Choice Uncirculated,** except for a small spot on the right back where a bit of mounting was carelessly removed. Otherwise a beautiful note. ***($800-1,100)***

1312 **$1. Fr.223.** 1891. No.E28784023. **Fine.** Well centered and free from pinholes. ***($150-200)***

1313 **$1. Fr.224.** 1896. No.30331486. **Gem Uncirculated.** Fully embossed paper surfaces and attractive centering on this Tillman-Morgan Educational Note. ***($1,750-2,250)***

1314 **$1. Fr.224.** 1896. No.517411. **Gem Uncirculated.** Superbly original paper and deep embossing. This attractive design is displayed here to its full aesthetic impact. ***($1,750-2,250)***

1315 **$1. Fr.224.** 1896. No.1462941. **Very Fine.** A nicely centered mid-grade Educational. ***($350-400)***

1316 **$1. Fr.224.** 1896. No.7509275. **Very Fine.** A second middle grade Educational. Two small margin separations at the bottom are noted. ***($300-375)***

1317 **$1. Fr.224.** 1896. No.31573399. **Very Fine.** Another Educational with nice centering, but apparently pressed. ***($300-375)***

1318 **$1. Fr.224.** 1896. No.416697. **Very Fine.** Well centered and bright, but shows some evidence of having been pressed. ***($300-375)***

1319 **$1. Fr.224.** 1896. No.406967. **Very Good.** Quite presentable for the grade. ***($150-200)***

1321 **$1. Fr.225.** 1896. No.46945832. **AU,** with a faint soft center fold. Bright, crisp, and beautifully centered, and fully as attractive as any Gem Unc. we've handled. ***($750-900)***

1322 $1. Fr.228. 1899. No.R8388860. **Choice Uncirculated** or a bit better. Centered a trifle high, so the back shows the engraver's initials ("A.D.H.") at the lower left corner - most unusual. ***($300-400)***

1323 $1. Fr.229. 1899. No.V2593620. **Choice Uncirculated,** very close indeed to Gem. ***($300-400)***

1324 $1. Fr.230. 1899. No.E78915062E. **Gem Uncirculated.** A well centered example of the Napier-McClung signatures displaying original embossing and superb paper surfaces. ***($300-450)***

1325 $1. Fr.230. 1899. No.B45554293B-96B. A **CUT SHEET, Gem Uncirculated.** A superb sheet, with deep original embossing and a fresh-off-the-press appeal. Cut sheets in general have all but dried up in the market; earlier sheets this nice are impossible to find! [4] ***($1,250-1,750)***

1326 $1. Fr.230, 234, 236. 1899. **VF** to **EF,** all decent problem-free Black Eagles; **$2. Fr.255.** 1899. **Fine,** with some soiling, but no damage; **$5. Fr.859a.** 1914. **VF+.** [5] ***($350-500)***

1327 $1. Fr.232. 1899. No.M95522721M. **Choice About Uncirculated.** An otherwise Choice to Gem Uncirculated example in all respects save for a faint center bend. The paper surfaces are as original as any Gem. ***($200-300)***

1328 $1. Fr.233. 1899. No.V84715877V-80V. A **CUT SHEET, Choice to Gem Uncirculated.** Another lovely and fully original sheet, with mile-deep embossing. [4]
($1,000-1,500)

1330 $1. Fr.233. 1899. No.X75594389X-92X. A **CUT SHEET** of four, all with superbly original and deeply embossed paper surfaces. We consider two of the four to be **Gem Uncirculated** and the remaining two **Choice Uncirculated** due solely to centering issues. [4]
($1,000-1,500)

1329 $1. Fr.233. 1899. **Low No.Z74Z. Choice Uncirculated.** A fresh and attractive two digit serial number example we would be tempted to categorize as a Gem but for the fact that the face margin narrows just a bit at the upper left.
($400-600)

1331 $1. Fr.233. 1899. No.B15012816A. **Choice Uncirculated.** A well centered note, with a few too many handling wrinkles to merit a higher grade. Still a very attractive and nicely margined Teehee-Burke example.
($250-350)

1332 $1. Fr.233. 1899. No.B15012817A. $1. **Choice Uncirculated.** Centering is consistent with the assigned grade, but somewhat too narrow at the top for a Gem. Consecutive to the piece directly above.
($250-300)

1333 **$1. Fr.233.** 1899. No.X12154813X-16X. A **CUT SHEET, Choice to Gem Uncirculated.** All are superbly original, with deep embossing, and a light trace of teller counting at the right end. [4]
($1,000-1,500)

1334 **$1. Fr.233.** 1899. No.U86988940U. **VF,** tight across the bottom. ***($60-80)***

1335 **A Trio of 1899 $1 Silvers: $1. Fr.233.** Fine; **Fr.236** (2), Fine and VF. [3] ***($125-175)***

1336 **$1. Fr.233*.** 1899. **STAR** No.*6983546B. **VG-F.** Tight at the top, with just one small (5mm) split at the bottom. ***($100-150)***

1337 **$1. Fr.234.** 1899. No.E66730116A. **Choice Uncirculated,** with good embossing. Just a trifle close at the top. ***($225-275)***

1338 **$1. Fr.236.** 1899. No.N1670372A. **Choice to Gem Uncirculated,** with good embossing. ***($250-300)***

1339 **$1. Fr.236.** 1899. Nos.V8468737A-40A. **Choice Uncirculated. A CUT SHEET** of four, with strictly original surfaces and perfect color. But for the somewhat narrow top margins all four pieces have the look and feel of Gems. [4] ***($1,000-1,500)***

1340 **$1. Fr.236.** 1899. No.R11613895A-98A. Four consecutive notes (though not a cut sheet). All are **Choice Uncirculated** except for bumped upper right corners, where the pack probably met with a bit of mishandling. [4] ***($900-1,200)***

1341 **$1. Fr.236.** 1899. No.T78306138A. **Choice Uncirculated,** nearly gem. ***($250-325)***

1342 **$1. Fr.236.** 1899. No.M37402414A. **Very Fine.** A second nicely centered example of the final signature combination of this design type. ***($60-80)***

1343 **$1. Fr.236.** 1899. No.V72835075A. **Very Fine.** A well centered circulated Spread Eagle. ***($60-80)***

1344 **$1. Fr.236*.** 1899. **STAR** No.*16897531B. **G-VG,** with a few very short edge and internal splits; **Fr.237*.** 1923. **STAR** No.*18792D. **VG+,** but stained and soiled, worse on the back than the face, with a few very small edge nicks as well. [2] ***($75-100)***

1345 **$1. Fr.237.** 1923. No.Z55347773D-76D. A **CUT SHEET, Choice to Gem Uncirculated.** All are beautifully crisp and original, with deep embossing, and would be fully Gem with slightly better centering. [4] ***($300-400)***

1346 **$1. Fr.237.** 1923. **CUT SHEET,** Nos.B50338301E-04E. **Choice to Gem Uncirculated.** Fully original, and every bit as nice as the last. [4] ***($300-400)***

1347 **$1. Fr.237.** 1923. Nos.V98652189B-92B. **Gem Uncirculated.** A **CUT SHEET** of four notes, all bright and crackling fresh, with virtually perfect centering. [4] ***($300-400)***

1348 **$1. Fr.237.** 1923. Nos. B51030709E-12E. **Gem Uncirculated.** Another **CUT SHEET** of the Speelman-White signatures and every bit as attractive as the prior lot. [4] ***($350-450)***

1349 **$1. Fr.237.** 1923. No.X8106342B. **Gem Uncirculated.** A common note, in uncommon condition. ***($75-125)***

1350 **$1. Fr.237.** 1923. No.Y26709327D. **Choice Uncirculated.** Crackly and nicely embossed, but not quite a Gem due to a bottom margin just a sliver too narrow. ***($70-90)***

1351 **$1. Fr.237.** 1923. No.N57308485D-89D. **Choice AU.** Five consecutive notes, all Gem Uncirculated but for soft "wallet folds" in the center, not sharp creases. [5] ***($250-300)***

1352 **$1. Fr.237** (5) and **Fr.238** (1). 1923. **VF** to **EF+.** All are decent problem-free pieces. [6] ***($175-225)***

1353 **$1. Fr.237*.** 1923. **STAR** No.*17336733D. **Very Good.** This note saw plenty of circulation before someone set it aside years ago. ***($50-75)***

1354 **$1. Fr.238*.** 1923. **STAR** No.*21357421D. **Gem Uncirculated.** Scarce in high grade, and outnumbered by three to one by the Fr.237 Star Notes. ***($300-400)***

1355 $2. Fr.240. 1886. No.B935379. **Choice About Uncirculated.** The Small Red Seal variety of the Hancock Deuce, with the faintest of center fold keeping it from Choice Uncirculated. A skillfully closed pinhole near the bottom margin is also noted. ***($1,000-1,250)***

Watercolor Art Work Based on the

1896 $2 Educational Note

1355A Beautiful 22.5" x 30" watercolor painting by Michigan artist Suzanne Bauman, matted and framed in wood, based on the vignette *"Science Presenting Steam and Electricity to Commerce and Manufacture".* ***($1,450-1,850)***

The original vignette, engraved by Charles Schlecht and G.F.C. Smillie, was based on designs by Edwin H. Blashfield and Thomas F. Morris. It appeared on the 1896 $2 Silver Certificate, part of the famous ***"Educational"*** *series, one of the most artistic ever produced by the Bureau of Engraving and Printing. Suzanne's beautiful rendition of this vignette in color is one of a series, with the $5 to be sold next year. Her work has been well received in previous Smythe auctions, and we are pleased to present another of here works here.*

As in the past, we note that the buyer is obtaining the art work only - ***reproduction rights will remain with the artist.***

1356 $2. Fr.242. 1886. No.B6459415. **Gem Uncirculated.** With the current strong demand for strictly original notes, the deeply original embossing, razor sharp printing and perfect color of this striking note should spark considerable bidder interest. A superb example for the collector who seeks the very best. ***($2,000-2,500)***

1357 $2. Fr.243. 1886. No.B13685891. **Gem Uncirculated,** with excellent color and bright paper. From a short run of Uncirculated notes that goes back a couple of decades. ***($2,500-3,000)***

1358 $2. Fr.246. 1891. No.E6978474. **About Uncirculated.** Three very faint folds on this beautifully centered Windom Note. Attractive pieces just shy of Uncirculated status are a real challenge to find in this series and see strong bidding when they do come along. A note with the initial appearance of a Gem but likely to sell for somewhat less than half of the higher grade's price. ***($1,500-2,000)***

1359 **$2. Fr.246.** 1891. No.E13504395. **EF,** with the look of the AU grade for which it was purchased. Its center fold and trimmed side margins keep it from a higher grade, its strong embossing and nice appearance will bring strong bids. ***($1,200-1,600)***

1360 **$2. Fr.247.** 1896. **Low No.88. About Uncirculated.** The few folds present are so light as to be more in the nature of bends. Low serial number examples in this series are quite scarce and when they do come on the market see considerable bidding interest. This Educational Deuce will be no exception. ***($2,500-3,500)***

1361 **$2. Fr.247.** 1896. No.872304. **Choice EF,** with nice broad margins and the look and feel of a grade or two higher. ***($1,400-1,800)***

1362 **$2. Fr.248.** 1896. No.12087769. **Gem Uncirculated.** Beautiful color and deep original embossing highlight this unmolested example from a run of Uncirculated pieces. Although the extra large upper margin is wider than the lower, to call this beautiful note anything less than Gem would be to unjustly defame it. With informed buyers increasingly demanding unprocessed and original notes this piece will see heavy bidding. ***($3,250-4,250)***

1363 **$2. Fr.249.** 1899. No.26823715. **Choice Uncirculated,** Gem but for a couple of faint counting smudges. ***($700-900)***

1364 **$2. Fr.249.** 1899. No.62282365. From our 1998 Memphis Sale as "**Choice Uncirculated,** and a full gem if the margins were just a trifle better. Fully bright and crisp, with strong embossing." Close indeed to Gem. ***($700-900)***

1365 $2. Fr.253. 1899. No.E51402612. **Gem Uncirculated.** The deep embossing and superb originality of the paper surfaces on this Napier-McClung note are among the nicest we have seen. ***($1,000-1,500)***

1366 $2. Fr.255. 1899. No.M46662951. **Choice Uncirculated,** virtually gem. ***($700-900)***

1367 $2. Fr.256. 1899. No.N2246153. **Choice Uncirculated.** Original and quite attractive. ***($700-900)***

1368 $2. Fr.256. 1899. No.N36147834. **Choice to Gem Uncirculated.** Excellent color and good embossing, but the margins aren't quite up to snuff. ***($800-1,200)***

1369 $2. Fr.258. 1899. No.N89470866. **Gem Uncirculated.** Every bit as fresh and original as the Fr.252 above. The superbly deep embossing serves as a guarantee of the crisp originality of this note. ***($1,000-1,500)***

1370 $2. Fr.258. 1899. No.N89470817. **Choice AU.** Bright and crisp, with just a couple of half folds left of center. ***($450-600)***

1371 A Trio of 1899 Deuces; Three Circulated $2 1899's; **$2. Fr.258.** 1899. Very Good. [3] ***($300-350)***

1372 $2. Fr.258*. 1899. **STAR** No.*1816199B. **VG+.** Solid, with no splits or pinholes, but with a bit more soiling than usual. ***($250-350)***

1373 $5. Fr.260. 1886. No.B7465133. **Very Fine to Extremely Fine.** A nicely centered note which is free from any distractions. Overall a very pleasing note which at first glance has the appearance of a higher grade. ***($1,250-1,750)***

1374 **$5. Fr.263.** 1886. No.B28580495. **Gem Uncirculated.** A well centered, bright and original Silver Dollar Back, with the especially imposing Large Brown Seal. Simply a superb note that the growing cadre of buyers who demand strict originality will want to focus on.

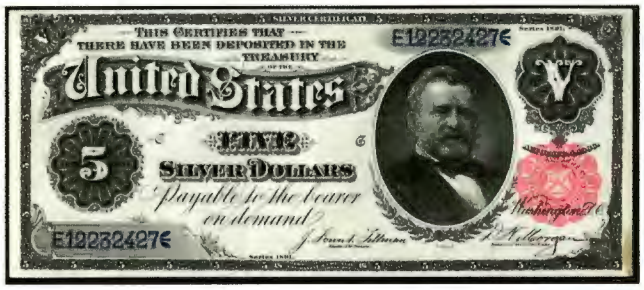
($5,000-7,500)

1375 **$5. Fr.263.** 1886. No.B28580493. **Gem Uncirculated,** crackling fresh, with a superb look and feel, from an original pack of Uncirculated notes. Having said that, we must also mention that about 2mm of the lower left corner was creased, far from the engraving. We leave it to the bidder to decide how much this affects the price, but just keep in mind that there are few "Silver Dollar Backs" as pretty and original as this one!

($4,000-5,500)

1376 **$5. Fr.264.** 1886. No.B31807368. **Choice to Gem Uncirculated.** Superbly bright, clean and crisp, with broad margins all around. The two bottom corners are slightly "bumped" - nowhere near the engraving. From an original pack broken up decades ago.

($4,500-6,000)



1377 **$5. Fr.267.** 1891. No.E12232427. Extremely Fine. Three light folds and nice centering enhance this example, but there is a small translucent stain in the lower right margin. ***($1,000-1,500)***

1378 **$5. Fr.268.** 1896. No.13783607. **Very Fine.** A well centered $5 Educational. ***($1,500-1,750)***

1379 **$5. Fr.268.** 1896. No.2205902. **Very Fine.** A second mid-grade example of the $5 Educational.

($1,300-1,600)

Gem $5 "Educational" Note

1380 **$5. Fr.269.** 1896. No.18193778. **Gem Uncirculated.** From a pack of consecutive notes first broken up a half century ago. **Considerably scarcer than the Fr.268,** though the pressure from type collectors for this superbly artistic design far outweighs the pressure from variety collectors. ***($9,000-13,000)***

1381 **$5. Fr.271.** 1899. No.7607376. **VG-F.** Nice for the grade, with just a bit of roughness at the lower right corner. ***($350-450)***

1382 **$5. Fr.273.** 1899. No.D30019738. A classic **Very Fine,** well centered and free from pinholes. ***($600-750)***

1383 **$5. Fr.275.** 1899. No.E90596295. **Choice Uncirculated.** While the back centering is a bit high, the face is nearly perfectly margined and the original embossing of this near Gem will no doubt appeal to the buyers who are increasingly shunning material which has been artificially enhanced. ***($1,750-2,500)***

1384 **$5. Fr.275.** 1899. No.E69073696. **VG-F,** with a couple of pinholes, but good margins. ***($375-475)***

1385 **$5. Fr.277.** 1899. No.M24512438. **Gem Uncirculated,** with good margins, sharp corners, and nice embossing. A very attractive "Chief" for a high grade type set. ***($2,250-2,750)***

1386 **$5. Fr.277.** 1899. No.M21288922. **Fine.** A solid no-problem Chief, with good margins and a nice appearance. ***($400-500)***

1387 **$5. Fr.278.** 1899. No.M69259054. **Uncirculated,** or better, but with teller pinches in the center. Otherwise choice, with great margins and color. ***($1,250-1,750)***

1388 **$5. Fr.278.** 1899. No.M59994063. **Fine to Very Fine.** A few tiny spots on the back are noted, but there are no other distractions. ***($400-550)***

1389 **$5. Fr.279.** 1899. No.N2116332. **Uncirculated,** kept from Gem by a faint old corner fold at the left. Bright, crisp and well centered. From a pack of Uncirculated notes disbursed long ago. ***($1,250-1,750)***

1390 $5. Fr.280. 1899. No.N13269996. **Choice Uncirculated.** Kept from Gem by a bottom margin which is a bit too thin. The paper surfaces are, however, superbly original, and the embossing is plainly evident. ***($1,500-2,000)***

1391 $5. Fr.280. 1899. No.N30795324. **Very Fine.** Nicely centered and problem free. ***($500-650)***

1392 $5. Fr.280. 1899. No.N7340492. **Very Fine.** While the same technical grade, not quite as nice as the Fr.280 above. ***($450-550)***

1393 $5. Fr.280. 1899. No.N29535738. **Fine.** Free from pinholes or other disturbances inconsistent with the grade. ***($400-500)***

1394 $5. Fr.280. 1899. No.N3660628. **Very Good.** Plenty of honest circulation, but free from damage of any sort. ***($250-350)***

1395 $5. Fr.281. 1899. No.N65266666. **Choice Uncirculated.** Full margins all around, with a slight teller pinch at the left. ***($1,750-2,250)***

1396 $5. Fr.281. 1899. No.N29149392. **Fine+.** The horizontal fold is a bit heavy, but there are no splits, pinholes or other damage. This one is a scarce "Mule," with a high number back plate left over from the Elliott/White issue. ***($400-500)***

1397 $5. Fr.281. 1899. No.N44503038. **Very Good.** A well circulated but problem free example for the grade of the final Indian Chief signature combination. ***($250-350)***

1398 $5. Fr.281. 1899. No.N42381079. **Very Good.** Another, not quite as nice as the preceding, with some edge roughness beginning to appear. ***($225-325)***

1399 $5. Fr.281. 1899. No.N34059615. **VG,** with some soiling and a few pinholes. ***($225-325)***

1400 $5. Fr.281. 1899. No.N26885371. **VG,** soiled on the back, with a few pinholes, but solid; **$5. Fr.871a.** 1914. No.G33011274B. **VG,** stained, with a small chip out of the right margin; **Ch.29.** *New York.* **First NB of The City of NY. $5.** 1902 Plain Back. **Fr.598.** No.A663335/A663335. 1401 $5. Fr.282. 1923. No.A4080382B. **Choice Uncirculated.** Slight counting signs at the right, and not perfectly centered, but Gem otherwise. ***($1,750-2,250)***

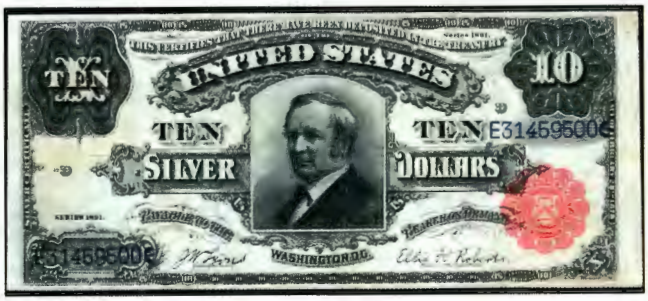
1402 $5. Fr.282. 1923. No.A1518762B. **Very Fine.** A nicely margined example of this popular type. There is a skillfully repaired tear at bottom center. ***($350-500)***

1403 $5. Fr.282. 1923. No.A2649615B. **Fine+.** Nicely centered and problem-free. ***($375-450)***

1404 $10. Fr.299. 1891. No.E15611783. **About Fine.** Well circulated, but undamaged, with decent margins all around. ***($325-425)***



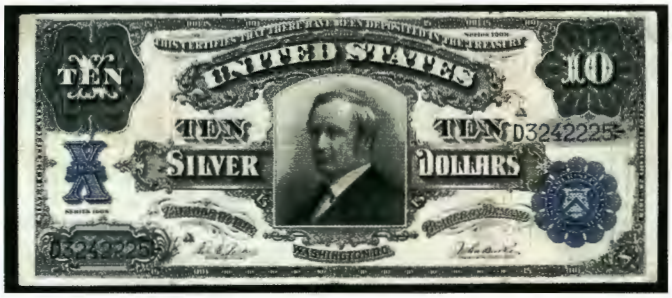
1405 $10. Fr.301. 1891. No.E31459500. A solid, problem-free **F-VF,** clean and nicely centered. Easily looks a grade better on the face, and the price should reflect it. ***($400-600)***

1406 $10. Fr.302. 1908. No.A4055857. **Choice About Uncirculated.** A premium example of this scarce note, with Gem centering and eye appeal. The very faint center fold is almost impossible to detect. This piece traces its pedigree to a 1981 Aubrey Bebee fixed price list, where it was cataloged as being Uncirculated. ***($1,500-1,750)***

1407 $10. Fr.303. 1908. No.B1273508. **Choice About Uncirculated.** A second lovely Tombstone Note, with Gem centering and only the faintest evidence of any circulation. The light center fold is undetectable except after the closest scrutiny and this is a piece which would fit well in any collection of fully Uncirculated notes. ***($1,500-1,750)***

1408 $10. Fr.303. 1908. No.B1683772. **EF.** Clean, and problem-free, with good margins. An attractive "Tombstone" note that looks a full grade better than it is. ***($900-1,200)***

1409 $10. Fr.304. 1908. No.D2960049. **AU,** with a very light center fold. Bright and crisp, with nice margins, and a fresh appearance. Another very pleasing "Tombstone." ***($1,100-1,400)***



1410 $10. Fr.304. 1908. No.D3242225. **Very Fine.** A tiny margin separation at the upper right is noted, otherwise free from anything other than normal circulation for the grade. ***($500-750)***

1411 $20. Fr.318. 1891. No.E6548093. **Extremely Fine.** A pleasing note, with excellent centering and color. ***($2,250-2,750)***

1412 $20. Fr.318. 1891. No.E3354656. **Very Fine.** Nicely centered, and free from any damage, but the note has, however, been pressed. ***($800-1,200)***

1413 $20. Fr.321. 1891. No.H1079316. **About Extremely Fine.** Nicely centered, but displays the surface characteristics of a note which has been pressed. ***($900-1,250)***

1414 $20. Fr.321. 1891. No.H613537. **VF-EF.** Another nicely centered middle grade Daniel Manning Note. A soiled counting wrinkle is noted at right. ***($900-1,250)***

1415 $20. Fr.321. 1891. No.H1471989. **Very Fine.** An original note, with brown wallet staining at the right on the face, and more extensively on the back. ***($500-1,000)***

1416 $20. Fr.322. 1891. No.H1558433. **Very Fine.** An exceptionally nice looking note which is clearly at the upper end of its grade and has the appearance of an EF in many respects. Traces its pedigree to a 1975 William Donlon Sale, where it fetched the then impressive sum of $290. ***($1,000-1,500)***

1417 $20. Fr.322. 1891. No.H1894075. **Very Fine-Extremely Fine.** An original note, still showing the attractive embossing effect of the printing process. The only distraction is a penciled "1017" on the back, otherwise a premium piece for the grade. ***($1,250-1,750)***

1418 $20. Fr.322. 1891. No.H1709775. **Very Fine.** Well centered, but pressed. This note finds its way to Strasburg by way of Lyn Knight's November, 1997 auction. ***($800-1,200)***

1419 $50. Fr.335. 1891. No.K624371. **Choice Extremely Fine.** An example of the Edward Everett $50 Silver Certificate which offers all the eye appeal of a higher grade. The printing for this signature combination was 812,000 and this is certainly one of the more attractive of the survivors. ***($4,000-5,000)***

Treasury / Coin Notes

1420 $1. Fr.347. 1890. No.A2872643. **Very Good.** Plenty of circulation and a few edge splits and voids at fold intersections, but nothing inconsistent with the grade. ***($150-200)***

1421 $1. Fr.351. 1891. No.B15577596. **Choice About Uncirculated.** Superbly original paper surfaces enhance this attractive note. A premium piece just a whisker away from Choice Uncirculated, and likely to sell for well above typical AU money. ***($500-1,000)***

1422 $1. Fr.351. 1891. No.B15332656. **Extremely Fine.** A nicely centered Stanton note, with a counting wrinkle at right and some evidence of soil removal. ***($300-400)***

1423 $1. Fr.351. 1891. No.B33751039. **Very Good,** with some soiling typical of the grade. ***($100-150)***

1424 $1. Fr.352. 1891. No.B53409213. **Gem Uncirculated.** Beautifully original, with excellent embossing. Faint counting pinches at the right don't diminish the attractiveness of this note in the least. ***($1,200-1,600)***

1425 $1. Fr.352. 1891. No.B54510949. **Very Choice Uncirculated.** While the centering on this pretty note doesn't quite make the Gem grade, everything else does. ***($800-1,300)***

1426 $2. Fr.356. 1891. No.B336823. **Fine to Very Fine.** Well centered, but with some light soiling. ***($350-450)***

1427 $2. Fr.357. 1891. No.B6254515. **Fine to Very Fine,** nearly full VF. A nice problem free circulated McPherson Note. ***($400-500)***

1428 $5. Fr.361. 1890. No.A6891709. **Extremely Fine-About Uncirculated.** A nicely centered note on both the face and back, with but three very faint folds in the body of the note and an upper left corner fold. A premium example, with the initial appearance of a higher grade. Notes like this, which are just shy of being fully Uncirculated, typically sell for premiums above the levels their technical grade might indicate. ***($1,500-2,000)***

1429 $5. Fr.362. 1891. No.B1205433. **Choice Uncirculated.** Tight across the bottom, with a very small, barely noticeable spot at the bottom right. ***($1,500-2,000)***

1430 $5. Fr.363. 1891. No.B12727609. **Gem Uncirculated.** Sharp printing, nice centering and evident embossing all combine to recommend this lovely piece. This note would be a nice choice for a premium type collection and is from a run of Uncirculated examples documented in the Gengerke census. Plan on a liberal bid. ***($2,000-3,000)***

Federal Reserve Bank Notes

1431 **$1. Fr.718.** 1918. No.D1713350A. **About Uncirculated.** A few light folds keep this well centered Cleveland from a higher grade. It is as attractive as many notes offered at the higher grade. ***($75-125)***

1432 Three $1 1918 FRBN's; **$1. Fr.721.** 1918. Richmond. VG; **Fr.726.** Atlanta. VG; **Fr.729.** Chicago. VG. [3] ***($125-175)***

1433 **$2. Fr.757.** 1918. **Low No.D193A. Gem Uncirculated.** This original note is a welcome exception to the flat paper surfaces often encountered in the series. The exceptional centering, fresh paper surfaces and sharp color all combine to recommend this as a note worthy of premium bids. ***($1,250-1,750)***

1434 **$2. Fr.765.** 1918. No.G8483A. **EF,** but with the initial look on the face of a Gem Unc. Certainly worth more than the "sheet" price for an EF Battleship. ***($500-650)***

1435 **$5. Fr.808.** 1915. No.L292749A. A pleasing **VF,** with good margins and no problems. Rather scarce, with just over two dozen (four of them in government collections) in the Gengerke census. ***($400-600)***

1437 **$5. Fr.847b.** 1914. No.A88902959A. **Choice Uncirculated.** An original Boston note with the centering clearly meeting Choice, but not Gem, standards. ***($175-225)***

1438 **$5. Fr.855a*.** 1914. **STAR** No.C646746*. **VF,** and looks a grade better. Clean and bright, with excellent margins. ***($175-250)***

1444 **$50. Fr.1031a.** 1914. No.B4537565A. **Very Good,** but with a portion of the lower margin clipped away for roughly an inch at right and left. ***($60-100)***

1445 **$50. Fr.1039a.** 1914. No.D4667290A. **Choice About Uncirculated.** A well centered Cleveland $50, with fresh paper surfaces and two very faint folds. Gives the initial appearance of being fully Uncirculated. More attractive, and with superior paper surfaces to many notes we see advertised and sold for Uncirculated prices. ***($750-1,000)***

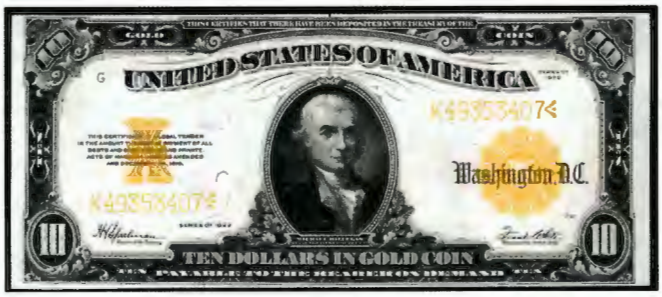
1446 **$50. Fr.1048.** 1914. No.G214000A. **Very Fine.** Nicely centered, but with a bit of surface roughness at the right where counting soil has been partially removed. ***($175-225)***

1447 **$100. Fr.1085.** 1914. No.A463479A. **Fine.** While there are some scattered pinholes and a few areas where it appears penciled notations have been erased, there are no other distractions inconsistent with the grade. ***($200-300)***

Gold Certificates

1448 **$10. Fr.1172.** 1907. No.E53111317. **EF-AU.** Beautifully bright and crisp, with the often toned orange printing still bright. The kind of pretty, fully original note that has become so difficult to find these days. ***($250-350)***

1449 **$10. Fr.1172.** 1907. No.E60098466. **Very Fine,** slightly close at the bottom. ***($100-150)***



1450 **$10. Fr.1173.** 1922. No.K49353407. **Very Choice Uncirculated.** Bright, crisp and fully original, with sharp embossing. A full gem but for the margins. ***($700-900)***

1451 **$10. Fr.1173.** 1922. No.H16110836. **Gem Uncirculated.** As attractive a representative of the type as one could ask for. Absolutely superbly fresh paper, with excellent margins and bright flashy colors. If you want a note as close to perfection as possible, you'll want to consider bidding liberally on this piece. ***($1,000-1,500)***

1452 **$10. Fr.1173.** 1922. No.K54099093. **Very Fine,** slightly close at the bottom. ***($125-150)***

1455 **$10. Fr.1173.** 1922. No.H39286982. **About VG.** With soiling on the back. ***($30-60)***

1456 **$10. Fr.1173a.** 1922. No.H8275398. **Choice EF.** A simply beautiful note, with full margins all around, and bold vivid color to go with the margins. Far scarcer than the Fr.1173, which outnumbers it almost eight to one in the Gengerke census, and by more than ten to one in the number printed. ***($400-600)***

Attractive and Rare $20 Friedberg 1176

From the Frank Levitan Collection

1457 **$20. Fr.1176.** 1882. No.A633631. **VF.** A more than acceptable example of the rare early Gold notes with the brown seal. Aside from a faint stain at the lower right, this is a pretty example, roughly in the middle of the eighteen known. The early Gold notes with the brown seal have always been hard to get and highly prized. ***($6,000-8,000)***

Ex lot 310 in the Frank Levitan Collection, sold in 1998.

1458 **$20. Fr.1178.** 1882. No.C3231113. **Very Fine.** A well centered and problem free example of the grade, in a difficult to locate Friedberg number. ***($800-1,200)***

1459 **$20. Fr.1179.** 1905. No.1170735. **Very Fine.** A nicely centered example of the so-called "Technicolor Note." This design type makes an especially attractive appearance, with a striking contrast between the red seal and serial numbers and the yellow background of the fields. ***($2,000-2,500)***

1460 **$20. Fr.1181.** 1906. No.B4581421. **Fine,** with some pinholes, tiny edge splits, and a small rust spot in the right margin. Nicer than it sounds. ***($150-250)***

1461 **$20. Fr.1183.** 1906. No.D12266192. **VF,** with two small pinholes. Nicely centered and pleasing, with good color and margins. One fold shows just a slight bit of soil on the face. Scarcer than the Fr.1187 by a full order of magnitude. ***($300-400)***

1462 **$20. Fr.1187.** 1922. No.K74381537. **Choice Uncirculated,** close at the bottom. There is a slight pinch at the bottom center, extending only about half way up, but the note is so crisp and original it shouldn't affect the price. ***($1,000-1,500)***

1463 **$20. Fr.1187.** 1922. No.K34176601. **AU,** due to a light center fold. A lovely Gem in all other respects (and was auctioned as such in 1990). ***($650-900)***

1464 **$20. Fr.1187.** 1922. No.K10179767. From our June 2000 Memphis Sale as "**AU.** A bright and well centered Gold Certificate, with a ghost of a light center fold still evident on close examination. Quality like this all too frequently is bought and sold as Gem today. This is a much nicer looking note than many which actually technically merit Uncirculated status. Worth a premium." ***($650-900)***

1465 **$20. Fr.1187.** 1922. No.K29718602. **EF-AU.** Bright, crisp and nicely centered, and looks Choice Uncirculated unless closely inspected. ***($450-650)***

1471 **$20. Fr.1187.** 1922. No.K80700054. **VG-F,** but a bit more soiled than usual for the grade. ***($100-150)***

1472 **$50. Fr.1200.** 1922. No.B2637145. **EF.** Clean and bright, with good margins. The few folds are barely noticeable, and the note looks a full grade better. ***($1,000-1,500)***

1473 **$50. Fr.1200.** 1922. No.B5275290. **VF+.** Bright and rather crisp, with good margins. ***($750-1,250)***

1474 **$50. Fr.1200.** 1922. No.B4130086. **VF.** Clean and sell centered, with just a small pinhole in Grant's coat. ***($600-900)***

1475 **$100. Fr.1214.** 1882. No.M419920. **Extremely Fine.** A well centered Teehee-Burke Gold Certificate. The presence of two staple holes at left is noted. ***($1,250-1,750)***

1476 **$100. Fr.1214.** 1882. No.M1214116. **Fine,** with a couple of 1" splits at the bottom (one of them repaired). ***($350-450)***

1477 **$100. Fr.1215.** 1922. No.N1961813. **AU.** Excellent margins and centering, with just a broad curved horizontal fold, rather soft. Looks Choice Uncirculated or better. ***($2,250-2,750)***

1478 **$100. Fr.1215.** 1922. No.N1862651. **Fine.** A few small light brown stains at the top and bottom, but clean otherwise, with good margins. ***($500-650)***

Amazing $100 Gold Star

1479 **$100. Fr.1215*.** 1922. No.*22315B. A full **EF** on the face, and very close to it on the back. Beautifully bright and clean, with excellent margins and not a single problem, large or small. Even the usually brown-toned gold color on the back is fully bright. Less than two dozen are listed in Gengerke, and **only two comparable pieces have changed hands in recent years,** both in 1999: a note described as EF/AU (but a grade lower in our opinion) for $7,700 in February, and a note described as EF in May, for $6,875. We feel this one is at least the equal of the last one, and possibly the second as well. Of all those reported, **only two remain that may be substantially better** - Amon Carter's "EF/AU," and a "CU" listed by Murray - neither of them seen by us. Regardless of these small technical quibblings, there remains no doubt that this is a **"Condition Census"** note that will be a highlight of any collection in which it finally rests. ***($6,000-8,000)***

California

1480 **Ch.12665.** *Oakland.* **First NB. $50.** 1902 Plain Back. **Fr.685.** No.507/507. A. **F-VF,** and clean for the grade. A scarce denomination for this bank. ***($900-1,200)***

Don't be mislead - while this is the "common" title for this bank, the vast majority of the known notes fall in the Good to Fine+ range. In fact, **of the 377 notes we know of with this title, only nine are graded higher than this one!** ***($200-300)***

Pen signatures of the cashier light, but the president bold. A scarcer Connecticut bank, liquidated in 1922, with **twelve notes in the Kelly census.** Far superior to the VF $10 Plain Back that brought $385 a few years ago. ***($500-700)***

1486 **Ch.N1038.** *Stamford.* **Stamford NB. $100.** 1902 Date Back. **Fr.689.** No.A119408/340. The purple stamped signatures are a bit light, but fully legible. Not a terribly rare bank, but this note is a bit nicer than the few that have been offered in the past five years. ***($500-700)***

1488 **Ch.11053.** *Hailey.* **Blaine County NB. $5.** 1902 Plain Back. **Fr.606.** No.X667334H/5473. A. **VG,** with a small stain at Teehee's signature. The peacock-blue signatures are a bit blurred, but fully legible. A short-lived bank that operated only from 1917 to 1925, and issued only 1902 Plain Backs. Kelly lists **just two notes known on the bank,** and the Gengerke sales records show **just five public offerings** over the past half century - three advertisements (all from one dealer), plus two auction sales. ***($2,000-3,000)***

1490 **Ch.6724.** *East Peoria.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.E000280A. **VG,** evenly worn and undamaged. A **very rare bank,** with five Large and three Small notes in Kelly's census. The count for Large notes is evidently on the low side, as they make up nearly all the public offerings we can find for the bank. ***($200-300)***

1491 **Ch.M2332.** *Geneseo.* **Farmers NB. $5.** 1882 Date Back. **Fr.534.** No.K632964/1927. H. **VG-F,** but with more soiling than usual, and tight at the bottom. The signatures are still strong (though a trifle blurred), and there are no splits or pinholes. ***($500-700)***

1492 Ch.5303. *Herrin.* **First NB. $50.** 1902 Plain Back. **Fr.683.** No.B98183/449. A. **VG,** with a few pinholes and slightly rough edge. 1492A Ch.5193. *Rantoul.* **First NB. $5.** 1929 T2. **Fr.1800-2.** No.A001424. **Choice Uncirculated.** Beautifully original, with deep embossing, but kept from Gem by a bit of teller handling and very slightly rounded corners. ***($125-175)***

Indiana

1493 Ch.M17. *Richmond.* **First NB. $50.** 1902 Date Back. **Fr.667.** No.A880907/645. C. **VF-EF,** close at the top right, with some pinholes clustered at the top center. The stamped signatures are particularly bold and black. A dozen Large notes are reported for this bank, three of them $50 Date Backs. ***($1,000-1,400)***

1494 Ch.4800. *Shelbyville.* **Farmers NB. $50.** 1929 T1. **Fr.1803-1.** No.E000230A. **VF,** with excellent margins all around. Very scarce, with Kelly listing just eight Large and **five Small notes known.** Only one of the known Small notes has been graded higher than this, and only slightly at that. Throughout its life this bank issued only $5, $50 and $100 notes. ***($350-450)***

1495 Ch.4764. *South Bend.* **Citizens NB. $50.** 1929 T1. **Fr.1803-1.** No.A000177A. **AU,** with just a couple of tiny foxing spots at the top. After the 1882 Date Backs this bank issued nothing lower than the $50 denomination. ***($300-400)***

1496A Ch.15. *Davenport.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.F000521A. A **Choice EF** that looks even nicer at first glance. ***($125-150)***

1497 Ch.M3337. *Emmetsburg.* **First NB. $10.** 1902 Plain Back. **Fr.624.** No.K871644H/10952. D. **VG-F.** A bit soiled, with washed-out signatures. A rare bank, in a very scarce town, named for Irish hero Robert Emmett. Liquidated in 1927, there are **just seven notes on this bank in the census** today. While there have been a dozen public offerings of this bank over the years, all but three were a string of Lyn Knight fixed price lists in the late 1970s. The most recent auction appearance was over seven years ago, and all three auction sales were for identically graded Plain Back $10 notes. ***($300-400)***

1498 Ch.3396. *Grundy Center.* **Grundy County NB. $10.** 1929 T1. **Fr.1801-1.** No.B000581A. **Fine,** with a bit of soiling and a tiny edge nick. Kelly lists **just seven Small notes known on the bank,** and five of the six we've traced are graded Fine. ***($125-175)***

An **extremely rare** bank that issued only third charter notes, and has **just $430 outstanding.** Kelly lists **just one note known,** and the Gengerke record of a quarter million sales of National Bank Notes has not a single entry for this bank.

1929 Assistant Cashier Note

1500 Ch.9116. *Kingsley.* **Farmers NB. $10.** 1929 T1. **Fr.1801-1.** No.C000376A. A solid **Fine,** with no problems. Signed by W.L. Rarlson as Assistant Cashier, with a small "a." ***engraved*** after his signature. From the November 1978 Hickman & Oakes sale, from which we quote **John Hickman:** *"We know of no other instance in 1929 notes where a logo was made for an assistant cashier. Mr. Rarlson is still in Kingsley and very recently celebrated his 60th wedding anniversary."* The only bank in Kingsley, with just two Large and **six Small notes reported by Kelly.** The Gengerke sales records show just six widely scattered public sales over the past half century, representing two Large and two Small notes. ***($500-750)***

1501 Ch.4633. *Knoxville.* **Citizens NB. $10.** 1902 Plain Back. **Fr.628.** No.12997/12997. C. **EF.** Clean and bright, with bold dark signatures and good margins. Only **eight Large notes in the census,** and this is the nicest we've seen. ***($300-400)***

1503 Ch.M5022. *Sioux City.* **Live Stock NB. $100.** 1882 Date Back. **Fr.568.** No.A161219/481. B. **Fine.** Although washed, the signatures are still strong. A new note for the high denomination census for this cattle town.

1504 Ch.1874. *Webster City.* **First NB. $10.** 1902 Plain Back. **Fr.628.** No.16143/16143. B. **VF** or so, undamaged and clean for the grade. Unsigned, with just a strong penned **"V."** (for Vice President).

Kansas

1505 Ch.W2777. *Newton.* **First NB. $50.** 1902 Date Back. **Fr.667.** No.B33657/563. D. **VF,** but with a vertical paper abrasion to the right of the bank title. Pleasing nonetheless, with decent margins and bold sharp pen signatures. An interesting bank that issued a few $5 Brown Backs, but nothing lower than a $50 throughout the rest of its life. Rare, with **just five Large notes listed by Kelly.** ***($900-1,200)***

1506 Ch.8290. *Norcatur.* **First NB. $20.** 1902 Plain Back. **Fr.651.** No.4289/4289. Kelly reports just eleven notes known, and they appear rather infrequently. ***($350-550)***

1508 Ch.S10062. *Jenkins.* **First NB. $10.** 1902 Plain Back. **Fr.628.** No.A999919H/6237. B. **VG+.** A bit dark, with some short edge splits, but the stamped signatures are bold. Maine

1510 Ch.498. *Augusta.* **First National Granite Bank. $10.** 1902 Plain Back. **Fr.632.** No.22001/22001. B. **EF-AU.** Trimmed a bit into the design across the top, but bright and crisp, with strong pen signatures. ***($500-600)***

1512 **Ch.2260.** *Lewiston.* **Manufacturers NB. $10.** 1902 Plain Back. **Fr.631.** No.25165/25165. B. **F-VF,** but lightly washed, the signatures now gone. ***($150-225)***

1513 **Ch.2785.** *Limerick.* **Limerick NB. $5.** 1929 T1. **Fr.1800-1.** No.B000638A. **VF.** Nicely centered and problem-free. Kelly lists ten Large notes known, and they appear with some regularity, but the last time one of the **six Small Size notes known** was publicly offered was back in the 1980s. ***($300-400)***

1514 **Ch.1523.** *North Berwick.* **North Berwick NB. $10.** 1902 Plain Back. **Fr.625.** No.6905/6905. D. **Fine** or so. The president's signature is weak, the cashier's is gone. A scarcer bank, with **just seven Large notes in the census.** ***($300-400)***

Although Kelly reports six Large and **four Small notes known,** they are almost never available. The Gengerke records show only **three public sales in a half century;** two of them were Large notes which sold at auction in 1999 for multiples of the Kelly valuation. We expect this rarer Small note to be equally impressive. ***($700-900)***

1516 **Ch.N4128.** *Portland.* **Portland NB. $10.** 1882 Brown Back. **Fr.484.** No.N597387N/24405. E. **F-VF,** just slightly tight at the bottom. Evenly worn, with decent brown signatures and no pinholes or other problems. ***($600-750)***

A **rare** one-bank town, with just five Large and **nine Small notes known.** A note where the statistics are deceiving - although the Gengerke sales records show seventeen public appearances, all but one were for a string of fixed price lists from 1974 to 1985. Evidently the group was dispersed by 1985, as the only auction appearance on record was for Nate Smith's lower grade Type 1 $20 that sold seven years ago for $192.50. ***($350-450)***

1518 **Ch.N5050.** *Sanford.* **Sanford NB. $5.** 1902 Plain Back. **Fr.606.** No.X309182E/9526. 1519 **Ch.2306.** *Waterville.* **Merchants NB. $10.** 1882 Brown Back. **Fr.487.** No.U841823/2298. C. **VG-F,** but with rough edges, particularly at the top, which is missing a couple of pieces. Looks nice on the face, with decent margins and strong signatures. A **very rare** bank, liquidated in 1905 after issuing only 1875 and Brown Back notes. **Kelly reports just two notes known,** and the Gengerke sales records show just **two public offerings in over a half century,** including the T. James Clarke Collection, sold 45 years ago. This new addition to the census may not be the prettiest note known, but where can you get another? ***($500-750)***

1551 Ch.W2536. *Nebraska City.* **Merchants NB. $100.** 1902 Plain Back. **Fr.705.** No.A892318/96. A. **EF.** The second title for this bank, as are all known notes. The cashier's signature is gone, but the president's is strong. A very scarce bank, with **only eight Large notes in the census.** In addition, this is quite a rare denomination and type for Nebraska, with ten known statewide, only one of which is even slightly superior to this one. ***($1,250-1,750)***

1552 Ch.W209. *Omaha.* **First NB. $20.** 1902 Red Seal. **Fr.639.** No.K668815/3224. A. **Fine,** or a bit better, with a couple of pinholes. The cashier's signature is light but legible. A scarce type for the state, with few of the known pieces in high grade. ***($1,250-1,750)***

1553 Ch.W2775. *Omaha.* **Merchants NB. $20.** 1902 Red Seal. **Fr.639.** No.A286376/1924. A. **VG-F,** with a close bottom margin. The brown signatures are legible, though the cashier's is faint. A scarce bank, liquidated just before the Small Size era. ***($1,500-2,000)***

New Hampshire

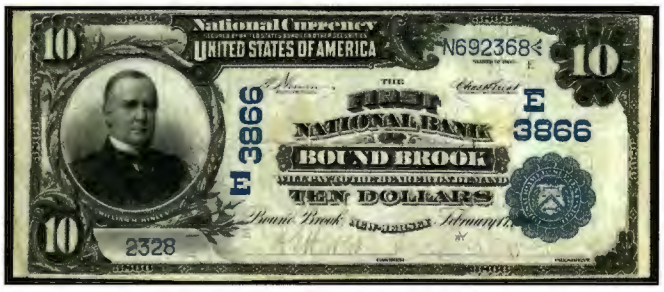
1554 Ch.1070. *Milford.* **Souhegan NB. $5.** 1929 T1. **Fr.1800-1.** No.C001509A. **EF.** Bright, clean and crisp, with good embossing. The only bank in Milford, and a scarcer bank than one might expect, considering that it issued notes from the Original Series through the Small Size era. ***($150-250)***

1555 Ch.2587. *Plymouth.* **Pemigewassett NB. $10.** 1902 Plain Back. **Fr.634.** No.6795/6795. C. **VF+.** A trifle close at the top, but a nice unmolested note, with good stamped signatures. One of the great bank names, and the only bank in Plymouth. Kelly lists just six Large notes known, but that was before a cut sheet hit the market two years ago. Still very scarce, and will likely fetch over the Kelly value. ***($400-550)***

1556 Ch.887. *Winchester.* **Winchester NB. $5.** 1929 T1. **Fr.1800-1.** No.C000506A. **VG-F.** A trifle close at the bottom and left, but undamaged. ***($125-150)***

New Jersey

1557 Ch.10823. *Absecon.* **First NB. $20.** 1929 T1. **Fr.1802-1.** No.E000126A. **Fine,** but the right 1" of the note was torn off and has been rejoined. A one-bank town, but reasonably available; **Ch.1209.** *Camden.* **First Camden NB & TC. $5.** 1929 T1. **Fr.1800-1.** No.A088989A. **Fine,** or a bit better, with a few small pinholes. Good margins all around, broad at the bottom. The third and last title for the bank. [2] ***($75-100)***



1558 Ch.E3866. *Bound Brook.* **First NB. $10.** 1902 Plain Back. **Fr.626.** No.N692368/2328. E. **Fine+,** tight at the top, but evenly circulated. The black and purple signatures are light but legible. A scarce bank, with only eight Large notes listed by Kelly. After its initial Brown Back issue, this bank issued nothing but $10 notes through the Small Size era. ***($350-500)***

1559 **Ch.3866.** *Bound Brook.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.F002127A. **Fine.** A problem-free note with just honest wear. ***($200-300)***

1560 **Ch.13203.** *Camden.* **Third NB & TC. $20.** 1929 T1. **Fr.1802-1.** No.A000083A. **Fine.** Decent margins, with no problems. Kelly lists seventeen notes known for this Small Size only bank, but they must be tightly held, as the last one publicly available was on a fixed price list back in 1989, and there were few offerings before that. ***($125-150)***

1561 **Ch.E8390.** *Guttenberg.* **First NB. $5.** 1902 Red Seal. **Fr.589.** No.K116054/106. D. **Choice Uncirculated.** Trivial handling traces, including a faint sheet fold near the top, but the vivid color and bold dark pen signatures make this a very pretty note indeed. Of the three note issuing banks in Hudson County only one issued Red Seals. Luckily a few were saved, first surfacing for collectors in the Christie's sale of the Saffin Collection in 1982. ***($1,750-2,500)***

1562 **Ch.1444.** *Hoboken.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.D014555A. **F-VF,** with two staple holes at the upper left, but well centered and clean for the grade; **$20.** 1929 T1. **Fr.1802-1.** No.C003730A. **Fine+,** with decent margins. [2] ***($125-175)***

1563 **Ch.4254.** *Hopewell.* **Hopewell NB. $10.** 1929 T1. **Fr.1801-1.** No.B001010A. **Fine.** Evenly worn and nicely centered. ***($100-125)***

1564 **Ch.7981.** *Irvington.* **Irvington NB. $10.** 1902 Plain Back. **Fr.625.** No.A138429K/18277. D. **Fine** or so, with a couple of small pinholes. Good stamped signatures. The only bank in Irvington, but not terribly hard to get. ***($200-250)***

1565 **Ch.7981.** *Irvington.* **Irvington NB. $10.** 1929 T1. **Fr.1801-1.** No.F002029A. **Fine,** but some blotchy washing signs across the face from an attempt to remove some soiling. ***($90-120)***

1566 **Ch.7981.** *Irvington.* **Irvington NB. $20.** 1929 T1. **Fr.1802-1.** No.F000146A. **Fine,** with some light overall soiling, but no damage. ***($100-125)***

1567 **Ch.E2551.** *Madison.* **First NB. $10.** 1882 Brown Back. **Fr.490.** No.T522946T/708. A. **VF,** attractive, with good margins and strong pen signatures, and not even a minor problem to distract one from its pleasing appearance. A scarce one-bank town, with just $4,430 in Large Size outstanding. The smallest issue of the bank were the Brown Backs, with only 920 sheets issued. ***($500-750)***

1568 **Ch.E2551.** *Madison.* **First NB. $10.** 1882 Date Back. **Fr.545.** No.R618483/1575. F. **EF.** Even nicer than the last, with good margins and bold signatures. Bright and clean, and looks a grade higher. ***($750-900)***

1569 **Ch.1188.** *Morristown.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.A002773. **Fine,** but with some not inconsequential dirt and staining washed away at some point, with limited success; **Ch.4724.** *Orange.* **Second NB. $10.** 1929 T1. **Fr.1801-1.** No.B000220A. **VF-EF,** with a tiny bit of one corner clipped off (not touching the design). [2] ***($125-175)***

1570 **Ch.6692.** *Netcong.* **Citizens NB. $20.** 1929 T1. **Fr.1802-1.** No.F000293A. **F-VF.** Centered a bit high, but otherwise quite nice. The only bank in this small community, with just six Large and seven Small notes in the census, and it's been over four years since a note from this bank was publicly offered. ***($300-400)***

1571 **Ch.6060.** *Ocean City.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.B004449A. **VG-F,** a bit close at the bottom right; **Ch.3922.** *Salem.* **City NB & TC. $20.** 1929 T2. **Fr.1802-2.** No.A001108. A nicely centered **VG-F** example of the second title for this bank. [2]
($125-175)

1572 **Ch.E1239.** *Phillipsburg.* **Phillipsburg NB. $10.** 1902 Date Back. **Fr.616.** No.N826020A/7130. D. **VF+.** Bright, clean and perfectly centered, with dark stamped signatures. ***($100-125)***

1573 **Ch.4872.** *Princeton.* **First NB. $20.** 1929 T2. **Fr.1802-2.** No.A000485. **Fine+,** well centered and problem-free.
($100-125)

1574 **Ch.1327.** *Trenton.* **First-Mechanics NB. $5.** 1902 Plain Back. **Fr.598.** No.23564/23564. B. **Choice EF.** Tight across the bottom, but bright and crisp, with good stamped signatures. **The far rarer second title** for this bank, adopted in July 1928. There are only ten in Kelly's census (vs. 50+ for the first title). ***($200-300)***

1575 **Ch.3716.** *Woodbury.* **Farmers & Mechanics NB. $10.** 1929 T1. **Fr.1801-1.** No.B001098A. **Fine,** with good margins, and a small blue "20" pencilled in the right field. ***($75-100)***

New York

1576 **Ch.11474.** *Baldwin.* **Baldwin NB & TC. $20.** 1929 T1. **Fr.1802-1.** No.D000056A. **Fine.** Evenly worn, with good margins. There are a couple of tiny pinholes, and a faint pencil mark right of the portrait. A rare bank from Long Island's popular Nassau County. Large notes (with the first title) are a bit more common; Small Size notes are rarer with either title. ***($400-500)***

1577 **Ch.13234.** *Bellerose.* **First NB. $10.** 1929 T2. **Fr.1801-2. Low No.A000003. Choice Uncirculated,** but with mounting remnants along the side margins on the back. Kelly's census lists three sheets and eight single notes, but with the $10 sheet now cut to satisfy the great demand for single notes, the distribution changes a bit. ***($500-750)***

Second Large Size Note Discovered For East Northport, Long Island

1578 **Ch.12593.** *East Northport.* **Citizens NB. $5.** 1902 Plain Back. **Fr.609.** No.2523/2523. B. **VF.** Trimmed slightly into the design across the bottom, but quite clean for the grade, with no defects. **The second Large Size note to surface on this rare bank, and easily the finer of the two.** The phenomenal Long Island collection sold in October 1998 had none, and the decidedly inferior discovery note first came to light in May 2000, when it sold for $3,850. With **only $310 in Large Size notes outstanding** on the bank, it is highly unlikely that more will surface. ***($4,500-6,500)***

1579 **Ch.10869.** *Fairport.* **Fairport NB & TC. $10.** 1902 Plain Back. **Fr.632.** No.2572/2572. A. **About Fine,** with a couple of small pinholes. Centered very low, touching the edge at the bottom, with a broad top margin. Good stamped signatures. Very scarce, with only a half dozen Large notes known with the second title. With only $2,260 in Large Size outstanding, it's unlikely many more will show up. The few we've traced are all well circulated. ***($350-450)***

1580 **Ch.4880.** *Hempstead.* **First NB. $100.** 1929 T1. **Fr.1804-1.** No.C000149A. **VF-EF.** A solid note, with just a small trace of a teller stamp left of the portrait. Another scarce Long Island bank, with thirteen Large and only **eight Small Size notes in the census.** This is one of the nicest we've seen. ***($1,000-1,500)***

1581 **Ch.262.** *Hornell.* **First NB. $10.** 1902 Plain Back. **Fr.626.** No.T707900H/15738. E. **F-VF,** with decent margins and dark stamped signatures. The census shows nine Large and ten Small notes known with the second title. ***($250-350)***

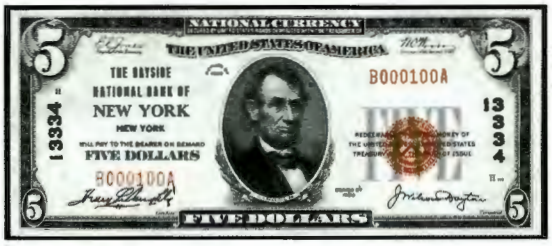
1582 **(Ch.1091.)** *Hudson.* **National Hudson River Bank. $1.** Orig. Series. **Fr.380.** No.C777066/3488. C. **VF** or so. Closely trimmed all around, but bright and undamaged. A couple more notes have surfaced since Kelly listed four Large Size notes known a few years ago, but this pretty note is no worse than **second finest known** on the bank. ***($1,200-1,600)***

We tend to take descriptions like "VF+++" with a grain of salt (can anyone out there tell us the technical difference between a VF++ and a VF+++?), but a Third Charter $10 described as VF+++ did sell for $1,430 last year.

1583 **Ch.11603.** *Lynbrook.* **Peoples NB & TC. $5.** 1929 T1. **Fr.1800-1.** No.D018331A. **Fine.** Well centered, but washed. Another Long Island bank, this one from the south shore, just past the Queens County border. ***($150-225)***

The Only National Bank in Mexico

1584 **Ch.5293.** *Mexico.* **First NB. $10.** 1929 T2. **Fr.1801-2.** No.A001205. **EF** or so, with good original embossing. Kelly lists just three Large and **seven Small notes known,** and there have been only a dozen public sales scattered over the past few decades. The last one was for a slightly lower grade $20 that brought $550 at auction over a year ago. ***($600-750)***



1585 **Ch.13334.** *New York.* **Bayside NB. $5.** 1929 T1. **Fr.1800-1.** No.B000100A. **Gem Uncirculated** but for a tiny bit of paper crinkling at the extreme left edge. A beautiful note from this upscale northern Queens County community. ***($500-750)***

1586 **Ch.8926.** *New York.* **Bronx NB of The City of NY. $5.** 1902 Plain Back. **Fr.600.** No.16035/16035. E. **EF.** Bright, clean and crisp, with decent stamped signatures and nearly perfect centering. A scarce New York City bank, liquidated just before the Small Size era. ***($300-400)***

1587 **Ch.E2370.** *New York.* **Chase NB of The City of NY. $20.** 1882 Brown Back. **Fr.502.** No.T689479T/61269. B. **Fine,** tight at the top right, with tiny edge nicks, barely noticeable. Nice strong black pen signatures. ***($250-350)***

1588 **Ch.13105.** *New York.* **College Point NB. $10.** 1929 T1. **Fr.1801-1.** No.F002771A. **F-VF.** Evenly circulated, with good margins. A nice example of this scarcer Queens County bank. ***($300-400)***

1589 **Ch.12214.** *New York.* **Lebanon NB. $10.** 1902 Plain Back. **Fr.635.** No.Y190461H/3129. B. **Fine.** Tight at the top, with faint signatures, but no damage. Plain Backs and Type 1 Small Size only for this short lived bank, with two sheets and nine single notes comprising the Large Size census. ***($200-300)***

Rare First Charter $100

1590 **Ch.1121.** *New York.* **Metropolitan NB. $100.** 1875. **Fr.458.** No.A106055/7325. A. **Fine.** Trimmed right to the design on three sides, but a nice solid example of this rare type, with bold signatures and good color. A great note, and a rarity both for the bank and the type.

This bank was liquidated in 1884, and **only seven notes are known today;** this one first appeared publicly when sold by Abe Kosoff in 1951. Until recent editions it was the Friedberg plate note.

Adding to its desirability, this is one of the most highly sought after type notes in the National Bank Note series. Only eighty have been traced nationwide (29 Original Series and 51 1875s), most of them well circulated. This mid-range example will please all but the most jaded collector. ***($9,000-12,000)***

1591 **Ch.733.** *New York.* **The NB of Commerce. $5.** 1882 Brown Back. **Fr.467.** No.B233999B/237029. L. **Choice to Gem Uncirculated,** with superb signatures and deep original embossing. A "hoard" note, famous and popular for the signature of financier **J. Pierpont Morgan** as president of the bank. ***($1,100-1,500)***

1592 **Ch.E733.** *New York.* **NB of Commerce. $5.** 1902 Red Seal. **Fr.587.** No.H938857/331074. Q. **Gem Uncirculated.** A beautiful Red Seal, with vibrant color and bold black signatures. Red Seals have never been more popular, and this superb note will easily satisfy the most discriminating collector. ***($1,100-1,500)***

1593 **Ch.13296.** *New York.* **NB of Queens County. $10.** 1929 T1. **Fr.1801-1.** No.F001027A. **Fine.** Centered a bit left, with one tiny pinhole, but otherwise quite pleasing. The slightly scarcer first title for this Small Size only Long Island bank, with ten notes in Kelly's census. ***($200-250)***

An Illustrious Pedigree on A Rare Type

1594 **Ch.687.** *New York.* **National Broadway Bank. $100.** 1875. **Fr.457.** No.A134001/2259. A. **Fine,** but a bit toned. The signatures are strong and there is no damage. A **very rare** bank, liquidated in 1903, with just five notes known. One other First Charter $100 is known for the bank, and is on exhibit at the Federal Reserve Bank of San Francisco. This one first appeared in Abe Kosoff's 1951 sale of the **F.C.C. Boyd** collection, and later graced the collections of **King Farouk of Egypt** and Texas collector **Robert Schermerhorn** (whose incomparable collection of Gold Certificates was seized by the Treasury Department). ***($10,000-12,500)***

1595 **Ch.E1461.** *New York.* **National City Bank. $10.** 1902 Red Seal. **Fr.614.** No.V2121/230392. A. **VF.** Just a bit close at the bottom left, but with a nice low Treasury serial number. Attractive, with bright color and the large bold black stamped signatures for which this bank is well known. A good choice for a nice circulated type set, as the bank is one of New York's most common. ***($400-500)***

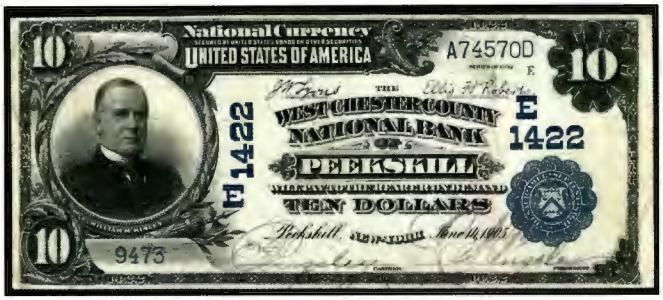
1596 **Ch.E1461.** *New York.* **National City Bank. $10.** 1902 Red Seal. **Fr.614.** No.K285808/139485. O. **VF,** tight at the top right. The face is a twin for the last lot, but the back is just a tiny bit less attractive. ***($300-400)***

1597 **Ch.E1461.** *New York.* **National City Bank. $20.** 1902 Red Seal. **Fr.640.** No.K215759/115223. C. **Fine.** Another clean, attractive example, with bold signatures. ***($400-500)***

1598 **Ch.12398.** *New York.* **Queensboro NB of The City of NY. $5.** 1902 Plain Back. **Fr.609.** No.16049/16049. B. **Fine.** Tight at the bottom, but the vivid blue signatures of Chas. Schwagerl and John LaDuke make it quite attractive. From northern Queens County, popular with New York City collectors as well as Long Island collectors. In its short life this bank issued only $5 notes, and Kelly reports **just six Large notes known.** The best we've traced is only a half grade better than this. ***($500-750)***

Ex Joe Sande's Long Island Collection, sold in 1985.

1599 **Ch.13045.** *New York.* **Seward NB. $5.** 1902 Plain Back. **Fr.609.** No.4381/4381. C. **Fine,** with a few washed or erased white areas on the face. The stamped signatures are still strong, and there is no paper weakness. ***($150-200)***



1600 **Ch.E1422.** *Peekskill.* **West Chester County NB. $10.** 1902 Plain Back. **Fr.624.** No.A74570D/9473. E. A decent **VF,** with a few central pinholes, but good stamped signatures and a nice appearance. The two dozen notes reported by Kelly are split between Large Size and Small Size. ***($500-650)***

1601 **Ch.2410.** *Rome.* **Farmers NB. $5.** 1875. **Fr.404.** No.Y420395/25787. C. The first (Large Size only) title for the bank, with fourteen notes in the census. **EF.** Bright and clean, with not a single problem. Looks a grade higher, with bold signatures. ***($900-1,200)***

1602 **Ch.893.** *Saratoga Springs.* **First NB. $1.** Orig. Series. **Fr.380.** No.E418780/3200. A. **Fine,** with good margins and signatures, but the center fold has a one inch split at the top. The first title for the bank, with **seven notes known.** ***($300-450)***

1603 **Ch.E893.** *Saratoga Springs.* **First NB. $10.** 1902 Date Back. **Fr.616.** No.V507875A/7950. D. **Choice Uncirculated.** The first of the bank's two titles, with **seven notes in the census.** Good margins, with incredibly deep original embossing. The stamped signatures are fully legible, though the cashier's is faint. ***($800-1,200)***

1604 **Ch.E721.** *Troy.* **Manufacturers NB. $5.** 1902 Plain Back. **Fr.598.** No.E833838H/68002. I. **Choice EF** or better. Bright, clean, crisp and fully original, with deep embossing and bold stamped signatures. Not a rare bank, just a very attractive note. ***($225-300)***

1605 **(Ch.992.)** *Troy.* **Mutual NB. $5.** Orig. Series. **Fr.397.** No.K465406/5535. C. **VG-F.** Evenly worn, with a tight bottom margin and a tiny pinhole or two. The signatures are still strong, and the note is remarkably clean for the grade. A scarcer bank, liquidated in 1905, with **twelve notes listed in Kelly's census.** ***($300-400)***

1606 **Ch.E992.** *Troy.* **Mutual NB. $5.** 1882 Brown Back. **Fr.467.** No.K635482K/26452. E. **Choice AU.** Bright and fully original, with strong pen signatures and sharp embossing, but there are hints of soft vertical folds (not sharp creases). A fantastic note that should realize well above the price for its technical grade. ***($800-1,200)***

1607 **Ch.10155.** *Walkill.* **Walkill NB. $10.** 1929 T2. **Fr.1801-2.** No.A001033. **Fine,** with good margins and no problems. The census shows only one Large Size note known of the $130 outstanding, so most collectors will be competing for one of the **eight Small Size notes known.** ***($300-400)***

First Auction Appearance

1608 **Ch.13636.** *Henderson.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.C000130A. **F-VF,** evenly worn. Though Kelly reports two sheets and ten Small Size notes known, they are rarely seen publicly. The Gengerke records show only a total of only eight public appearances - all by fixed price list, from 1980 to 1984 - and not one offering in the past seventeen years. ***($300-450)***

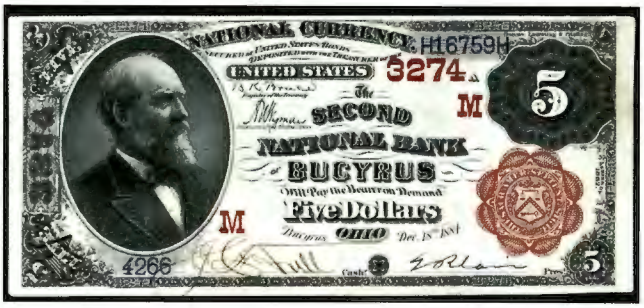
North Dakota

1609 **Ch.4552.** *Wahpeton.* **Citizens NB. $10.** 1929 T1. **Fr.1801-1.** No.A000892A. **Choice Uncirculated,** fully original and close to gem. ***($200-250)***

Ohio

1610 **Ch.M1784.** *Bellefontaine.* **Bellefontaine NB. $10.** 1902 Plain Back. **Fr.627.** No.M932635H/13363. C. **VF+,** with nice purple stamped signatures. Slightly close at the bottom, with a tiny pinhole. Liquidated in 1933, with $7,340 in Large notes outstanding at the close. ***($250-350)***

The first concrete street in the United States was laid here in 1891.



1611 **Ch.M3274.** *Bucyrus.* **Second NB. $5.** 1882 Brown Back. **Fr.467.** No.H16759H/4266. A. **Choice Uncirculated,** gem but for the faintest traces of teller handling at the right. A beautiful Brown Back, with bold signatures. From a legendary hoard of beautiful Brown Backs, so an ideal choice for a high grade type set. ***($1,000-1,500)***

1612 **Ch.127.** *Cardington.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.A000653A. **VG-F,** evenly worn. A trifle close at the top, with a few tiny pinholes. 1614 Ch.M2495. *Cincinnati.* **Citizens NB. $5.** 1882 Brown Back. **Fr.477.** No.T626466T/16573. B. **EF,** but looks and feels a grade better, with bright color and sharp dark signatures. Trimmed in across the bottom. ***($400-500)***

1615 Ch.5805. *Cleveland.* **Bankers NB. $20.** 1882 Brown Back. **Fr.504.** No.Y861133/1377. A. **Choice EF.** This note a few barely noticeable folds, but is simply stunning in every respect. Bright paper, good color, and beautiful dark pen signatures. This **rare** bank lasted for less than three years before being liquidated in 1904. It issued only a few $5, $10 and $20 Brown Backs, of which **Kelly reports only five known.** We've traced four, of which this is the finest by a good margin. ***($1,250-1,750)***

1617 Ch.M2516. *Defiance.* **Merchants NB. $10.** 1882 Date Back. **Fr.545.** No.N573711/5223. F. **VF+,** with faint but legible signatures, and there is a tiny nick at the bottom right. Kelly lists just ten Large notes known on the bank, and they are infrequently seen. ***($550-800)***

1618 Ch.M2516. *Defiance.* **Merchants NB. $10.** 1882 Value Back. **Fr.577.** No.U334328/7990. B. **Fine,** but washed, with a resulting thin spot in the middle, and no signatures. The margins show a few nicks, none of them touching the engraving. The Value Back reported for this bank. ***($400-600)***

1619 Ch.M4661. Defiance. **First NB. $10.** 1902 Date Back. **Fr.620.** No.D551548A/1287. C. **VF-EF,** with decent margins and good purple and brown signatures. About as rare as the last, with eleven Large notes in the census. **($300-450)**

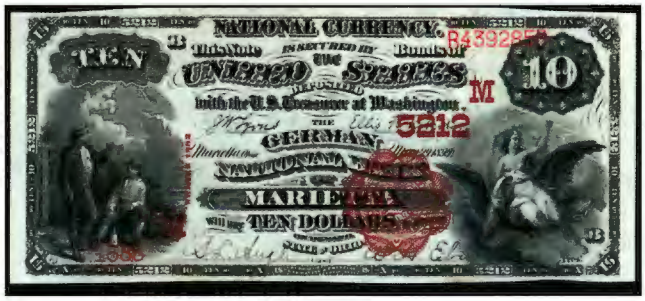
1623 Ch.M10373. *London.* **Central NB. $20.** 1902 Plain Back. **Fr.656.** No.M968473D/2111. A. **About Fine.** Pleasing for the grade, with bright blue signatures and good margins. Kelly lists **just five Large Size notes known,** and we've never seen a finer one than this. While the Gengerke sales records show 31 public appearances for the bank, nearly all were for the common Small Size notes. ***($300-400)***



1624 Ch.M5212. *Marietta.* **German NB. $10.** 1882 Brown Back. **Fr.490.** No.R439285R/1566. B. **EF.** The margins are very slightly irregular, but the color is vivid, and the signatures sharp and strong. One of the many banks that changed its name when anti-German sentiment swept the country during World War I. This bank is about equally rare with either title. ***($750-1,250)***

1625 Ch.8709. *Morrow.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.E000382A. **F-VF,** with broad margins and no defects. Kelly reports only three Large and **four Small notes known,** and there have been only six public appearances in as many decades. ***($250-350)***

1626 Ch.5522. *Plain City.* **Farmers NB. $10.** 1929 T2. **Fr.1801-2.** No.A001258. **Choice Uncirculated,** with good embossing. An infrequently offered bank, from a one-bank town. Kelly lists just ten Small notes known, and we know of only one even close to this in condition. ***($300-400)***

1627 **Ch.M3291.** *Ripley.* **Citizens NB. $20.** 1902 Red Seal. **Fr.639.** No.D829144/97. A. **F-VF.** A trifle close at the top, but the bold dark sharp signatures more than make up for the margin ***($500-700)***

1628 **Ch.M2693.** *Youngstown.* **First NB. $10.** 1902 Red Seal. **Fr.613.** No.B329588/6495. B. **Choice AU,** kept from Uncirculated by a couple of pinches or half-folds. A beautiful, bright note, with bold brown pen signatures. Only Large notes were issued, as this bank retook Charter number 3 in 1909; Kelly reports an even dozen known; our files show eleven, of which this is the **second finest known.** ***($1,500-2,000)***

The back has a couple of small red spots of no consequence. A **rare** bank, with only **six large notes in the census,** ranging from VG to VF. ***($500-700)***

1631 **Ch.10402.** *Kaw City.* **NB of Kaw City. $20.** 1902 Plain Back. **Fr.656.** No.1903/1903. A. **Fine+,** with a few tiny pinholes. Good margins and nice blue signatures make up for the small areas of light soiling (mainly on the back). **Very rare,** with just three Large notes in Kelly's census (plus three Small notes). The only other Large note ever auctioned was the slightly nicer $20 Plain Back that brought $1,815 in our Memphis sale a few months ago. ***($1,250-1,750)***

Number 1 Lone Wolf $20

1632 **Ch.10096.** *Lone Wolf.* **First NB. $20.** 1929 T1. **Fr.1802-1. No.D000001A. Gem Uncirculated.** A beautifully original and bright note from a state with a paucity of #1's available to the collecting fraternity. Enhanced by a great Western town name. ***($1,750-2,500)***

1633 **Ch.W5716.** *Oklahoma City.* **American NB. $100.** 1902 Plain Back. **Fr.705.** No.B25175/1241. A. **VF-EF,** but the top margin dips slightly into the engraving at the center, and there is a short split in the left margin. Bright, with good stamped signatures. ***($800-1,200)***

Oregon

Unique Uncut Pair of Oregon Red Seals

1634 **Ch.P6768.** *Baker City.* **Citizens NB. $10/$20 UNCUT PAIR.** 1902 Red Seal. **Fr.613/639.** No.D195425/732. C & A. **AU,** folded once between the notes and once (lightly) vertically, but fully bright, clean and crisp, with bold dark pen signatures. Both notes look Choice Uncirculated, and will please even the fussiest collector. A tremendous rarity from any viewpoint: A very scarce bank, liquidated in 1932, with **just eight Large notes in the census.** The finest of only ten Red Seals we've traced for the entire state. Not one Large Size uncut sheet of any type has ever been reported for the state, and this is the only uncut pair we've recorded. With this much going for it we expect to see heavy competition for this museum quality pair. ***($15,000-20,000)***

Pennsylvania

1635 **Ch.10839.** *Ambridge.* **Ambridge NB. $20.** 1929 T1. **Fr.1802-1.** No.E000282A. **VF-EF,** clean and problem-free. ***($175-225)***

1638 **Ch.E3356.** *Beaver Falls.* **First NB. $20.** 1902 Plain Back. **Fr.650.** No.X211236E/16614. B. **Fine** or so, but lightly washed, the president's signature now a bit blurred. ***($150-225)***

1639 **Ch.3905.** *Birdsboro.* **First NB. $20.** 1929 T1. **Fr.1802-1.** No.D000176A. An attractive **Fine,** with just a couple of tiny pinholes. The only bank in Birdsboro, with less than a dozen Small notes known. ***($200-300)***

1640 **Ch.E2470.** *Bradford.* **First NB. $10.** 1882 Date Back. **Fr.545.** No.K970841/5323. E. **VF,** with a couple of tiny pinholes, and trivial traces of paper clip rust on the back, hardly worth mentioning. Good margins and dark bold vanity signatures. Chartered in 1880 and liquidated in 1918, this bank's issuance ceased with the 1882 Date Backs. While Kelly's report of two notes known is a bit out of date, this is nevertheless one of the nicer ones known. ***($700-900)***

1641 **Ch.717.** *Bristol.* **Farmers NB of Bucks County. $10.** 1929 T1. **Fr.1801-1.** No.F000768A. **AU,** trimmed slightly in at the top right. Very scarce, with **just nine Small Size notes reported by Kelly.** ***($200-300)***

C. **F-VF,** with a few rusty paper clip trace on the back, and signatures that have been "helped" in places. Kelly reports **just three notes known** from this **very rare** bank that was destroyed by a hurricane in 1909. Most of the listings in the Gengerke sales records are for a string of fixed price lists by one dealer in the late 1980s. ***($350-450)***

1643 **Ch.12380.** *Camp Hill.* **Camp Hill NB. $10.** 1929 T2. **Fr.1801-2.** No.A001501. **VF,** with unusually broad margins all around. A scarcer one-bank town, with just four Large and ten Small notes known. ***($250-350)***

1646 **Ch.12720.** *Cassandra.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.B000765A. **F-VF.** Some faint soiling has been lightly washed out, but it's not at all obvious. A rare one-bank town, with just two Large and six Small notes reported by Kelly. This one is a bit nicer than the one we sold early last year for $231. ***($250-300)***

1647 **Ch.593.** *Chambersburg.* **NB of Chambersburg. $5.** 1929 T1. **Fr.1800-1.** No.A007863A. **VF,** and a clean, pleasing example, with substantial body for the grade. ***($75-100)***

1648 **Ch.593.** *Chambersburg.* **NB of Chambersburg. $5.** 1929 T2. **Fr.1800-2.** No.A021018. **F-VF.** A clean, nicely centered example, with no problems. ***($60-90)***

1649 **Ch.E4272.** *Chambersburg.* **Valley NB. $10.** 1902 Plain Back. **Fr.627.** No.Z452662B/5909. B. **Fine+,** with good margins, but lightly washed to remove some soiling, the signatures virtually gone. A dozen Large notes are known of the $5,025 outstanding. ***($125-150)***

1650 **Ch.7078.** *Christiana.* **Christiana NB. $10.** 1929 T1. **Fr.1801-1.** No.E001142A. **F-VF,** with good margins and no defects. Fourteen Small notes are known on this bank, but it'll have to do, as the only other bank in town is unreported. ***($200-250)***

1651 **Ch.6794.** *Clairton.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.B000967A. **F-VF.** Evenly worn and well margined, with no problems. Large Size notes are unique with each title; Small Size notes are limited to the second title, with only nine in the census. ***($150-200)***

1652 **Ch.13998.** *Clearfield.* **County NB. $5.** 1929 T2. **Fr.1800-2.** No.A004599. **Gem Uncirculated.** A late chartered bank that only had time to issue a few Type 2 notes. ***($150-200)***

1653 **Ch.E575.** *Coatesville.* **NB of Chester Valley. $10.** 1902 Plain Back. **Fr.624.** No.R588490E/39508. D. **VF.** Lightly washed, so just a trifle "soft," but the stamped signatures are still strong, and the margins are broad all around. Although this bank lasted into the Small Size era, it issued only Large Size notes, with **eight notes in the census today.** ***($400-600)***

1654 **Ch.371.** *Columbia.* **First-Columbia NB. $20.** 1929 T1. **Fr.1802-1.** No.E000499A. **EF.** A bit close at the left, the other three margins broad. ***($125-150)***

1656 **Ch.4481.** *Connellsville.* **Second NB. $10.** 1929 T1. **Fr.1801-1.** No.C001395A. **VF,** clean and attractive. ***($140-180)***

1657 **Ch.5069.** *Coraopolis.* **Coraopolis NB. $20.** 1882 Brown Back. **Fr.501.** No.V726618/1095. A. **VG-F; Ch.5046.** *Washington.* **Riggs NB. $20.** 1929 T1. **Fr.1802-1.** No.F020651A. **CU.** Both notes have been mounted in a 11" x 11.5" frame, with a label "Rememberance [sic] of times past" at the bottom. Coraopolis is a very scarce one-bank town, with **just six Large notes in Kelly's census.** Although the Gengerke sales records show 36 sales for this bank, most of them were for fixed price lists by one dealer from the 1970s to the late 1980s. **The last one sold at auction was a $20 Plain Back, sold ten years ago.** ***($500-1,000)***

1658 Ch.E4948. *Coudersport.* **First NB. $10.** 1902 Plain Back. **Fr.631.** No.A589584E/3832. C. **VG-F,** close at the top, with a very slightly rough bottom edge. A tough one-bank town, with just **five Large notes known** today out of the meager $2,020 outstanding. The four we've traced are all within a half grade of each other. ***($250-350)***

1659 Ch.4948. *Coudersport.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.C000935A. **VF,** but looks even nicer, with broad margins all around. A bit more available than the Large Size, but still rare, with nine known. ***($225-275)***

1687 **Ch.6531.** *Lehightown.* **Citizens NB. $10.** 1902 Plain Back. **Fr.624.** No.18496/18496. E. **VG,** with a trivial short split in the center fold. Decently centered, with good stamped signatures. Though Large notes were issued with the second title, the nine notes known for this bank are all on the first title. ***($125-175)***

1688 **Ch.10950.** *Lemasters.* **Peoples NB. $10.** 1929 T1. **Fr.1801-1.** No.C000313A. **Fine,** with decent margins and no problems. A **rare** bank, with just three Large and six Small notes known. Very few have been offered publicly, and the last auction appearance was for a Type 1 $10 (not quite as nice as this one), seven years ago. ***($300-450)***

1689 **Ch.13494.** *Lemoyne.* **West Shore NB. $20.** 1929 T1. **Fr.1802-1.** No.C000329A. **Fine.** Evenly worn, with good margins and no problems. A Small Size only bank in a one-bank town, with fourteen notes in the census. ***($100-150)***

1690 **Ch.10506.** *Lewistown.* **Russell NB. $5.** 1902 Plain Back. **Fr.605.** No.Z543159H/24048. C. **About Fine.** Tight across the bottom, with a light spot at the top and a few pinholes, but the stamped signatures are dark and there is no damage. Ten Large Size notes in Kelly's census, but the only one we can remember above Fine was last sold 23 years ago. ***($200-300)***

1691 **Ch.11062.** *Lykens.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.B000782A. **Fine,** with good margins and no defects. A scarce one-bank town, with just seven Small notes in Kelly's census. ***($200-300)***

1692 **Ch.3147.** *Malvern.* **NB of Malvern. $5.** 1902 Plain Back. **Fr.598.** No.20316/20316. G. Appears **VG,** but has been torn in half, and there are other other small splits and holes. It has been professionally repaired, and looks a full grade better on the face, with good stamped signatures. The only bank in Malvern, with **just four Large notes in Kelly's census.** ***($75-125)***

1693 **Ch.912.** *Manheim.* **Manheim NB. $5.** 1929 T2. **Fr.1800-2.** No.A002024. **Choice AU.** No folds through the note, but light pinches and handling here and there, and close at the top left. ***($200-250)***

1694 **Ch.912.** *Manheim.* **Manheim NB. $10.** 1929 T2. **Fr.1801-2.** No.A001676. **EF.** Clean and crisp, with good margins. ***($175-225)***

1695 **Ch.912.** *Manheim.* **Manheim NB. $20.** 1929 T2. **Fr.1802-2.** No.A000976. **Choice AU,** with a short corner crease. Bright, with good margins. ***($200-250)***

1696 **Ch.8810.** *Mansfield.* **First NB. $10.** 1902 Plain Back. **Fr.626.** No.4089/4089. D. **Choice CU,** with just a faint bit of teller handling in the margin. The top margin dips in a trifle at the left, but the bright paper, bold color, and sharp dark pen signatures more than make up for it. Kelly lists just two known, but a couple more have turned up since he published his last edition. This one is at least as nice as the consecutive one we sold five years ago, and far superior to the Fine that sold for $605 just a year ago. ***($700-900)***

1697 **Ch.25.** *Marietta.* **First NB. $10.** 1929 T2. **Fr.1801-2.** No.A001694. **Choice EF.** Fully original, with deep embossing. ***($150-200)***

1698 **Ch.8083.** *McConnellsburg.* **First NB. $10.** 1929 T2. **Fr.1801-2.** No.A000202. **Fine.** Evenly worn, and problem-free. Quite **rare,** with just one Large and five Small notes in the census. McConnellsburg was the only issuing town in this small county on the southern border of the state. The First NB was last available publicly six years ago, and has had very few public appearances over the decades. ***($350-450)***

First Auction Appearance

1699 **Ch.13765.** *McConnellsburg.* **Fulton County NB. $10.** 1929 T2. **Fr.1801-2.** No.A002596. **EF,** well centered and problem-free. The rarer of Fulton County's two banks; a **very rare** Small Size only bank, with **three notes in Kelly's census.** The Gengerke sales records show a total of **only four public offerings** in over fifty years - a fixed price list in 1974, and three fixed price listings by the same firm in the early 1990s.

1700 **Ch.13765.** *McConnellsburg.* **Fulton County NB. $10.** 1929 T2. **Fr.1801-2.** No.A001658. **Fine.** Nicely centered, with just a bit of wallet soiling. Not as nice as the last, but when a bank, town and county are this rare, relatively small grading differences rapidly lose their importance. ***($400-600)***

1701 **Ch.9330.** *Mercersburg.* **First NB. $10.** 1902 Plain Back. **Fr.626.** No.X298510H/4188. B. **EF.** Bright, clean and crisp, with strong stamped signatures. Kelly lists **just five Large notes known of the meager $1,150 outstanding,** and they appear very infrequently.
($500-750)

1702 **Ch.9330.** *Mercersburg.* **First NB. $10.** 1902 Plain Back. **Fr.626.** No.4766/4766. A. **EF,** with faint bits of yellowing in two folds. Good margins, with strong stamped signatures like the last. ***($400-600)***

1703 **Ch.8311.** *Midland.* **First NB. $10.** 1929 T2. **Fr.1801-2.** No.A002920. **VF.** The margins are hand cut and a bit irregular, but not close to the engraving. Nicer than either of the two auctioned last year. ***($125-150)***

1704 **Ch.9511.** *Millheim.* **Farmers NB & TC. $5.** 1902 Plain Back. **Fr.600.** No.286/286. A. **VF,** with no top margin. Bright and clean for the grade, with good pen signatures. **Very rare,** with Kelly listing just one Large note known with this title (and only two with the first title). That listing is a bit out of date, as we sold an inferior one two years ago. ***($400-600)***

1705 **Ch.5879.** *Monaca.* **Citizens NB. $10.** 1929 T1. **Fr.1801-1.** No.B000887A. **VG,** with a bit more soiling than usual. ***($100-150)***

1707 **Ch.2223.** *Montrose.* **First & Farmers NB & TC. $20.** 1929 T1. **Fr.1802-1.** No.C000817A. **F-VF.** A problem-free example, with good margins. ***($125-150)***

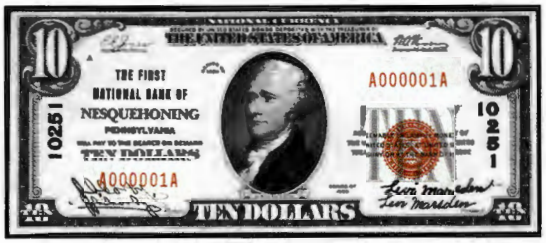
1708 **Ch.9361.** *Mount Wolf.* **Union NB. $20.** 1929 T1. **Fr.1802-1.** No.B000160A. **Fine.** Nicely centered and evenly circulated. A scarcer York County bank, with nine Small notes in the census. ***($175-225)***

1709 **Ch.3808.** *Mountville.* **Mountville NB. $5.** 1929 T2. **Fr.1800-2.** No.A003355. **Choice EF,** just a bit close at the bottom. The only bank in this Lancaster County town. ***($150-250)***

1710 **Ch.5241.** *Myerstown.* **Myerstown NB. $5.** 1929 T1. **Fr.1800-1.** No.B002251A. **Fine,** in terms of wear, but with dirty dark soiling on both sides, pinholes, and a slightly rough, nicked top edge. Scarce nonetheless, with only six Large and eight Small notes known. ***($175-225)***

1711 **Ch.5729.** *Natrona.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.E000928A. **VF,** a bit close at the top left. The only issuing bank in this small community, with only a dozen Small notes known today. ***($300-400)***

Pair of Number 1 Nesquehoning Notes Autographed by the Cashier and President From the T. James Clarke Collection



1712 **Ch.10251.** *Nesquehoning.* **First NB. $10.** 1929 T1. **Fr.1801-1. No.A000001A. Choice Uncirculated.** A trifle close at the top, but otherwise Gem. The only bank in Nesquehoning, with fourteen Small notes in the census. **Autographed by both the Cashier and President** above their engraved signatures. Including both Large and Small notes, this and the $20 below are the only Number 1 notes we know of on the bank, as well as the only Uncirculated notes we've heard of. ***($1,000-1,500)***

From the T. James Clarke Collection, sold by New Netherlands Coin Co., April 19, 1956 (part of lot 409).

1713 **Ch.10251.** *Nesquehoning.* **First NB. $20.** 1929 T1. **Fr.1802-1. No.A000001A. Choice to Gem Uncirculated,** with better margins than the $10 above. Similarly **Autographed by the Cashier and President.** ***($1,200-1,600)***

Also from the T. James Clarke Collection, sold by New Netherlands Coin Co., April 19, 1956 (part of lot 409).

1715 Ch.7349. *New Cumberland.* **New Cumberland NB. $5.** 1902 Plain Back. **Fr.598.** No.5528/5528. G. **Choice EF-AU.** An exceptionally nice note that could be best described as Gem Uncirculated except for two vertical folds. Rare, with **just five Large notes known today** out of the $1,640 outstanding. A virtual twin to the $20 that sold for $341 a year and a half ago.
($400-600)

1716 Ch.E6715. *New Freedom.* **First NB. $5.** 1902 Plain Back. **Fr.598.** No.T173550D/6694. B. **EF,** with decent margins and good stamped signatures. A very attractive note, equal to the EF we auctioned a few years ago for $700. Kelly lists just eight Large notes known, and an **extraordinarily low outstanding balance of $580!** This note is easily superior to most of the Large notes known.
($600-800)

1717 Ch.6715. *New Freedom.* **First NB. $5.** 1929 T1. **Fr.1800-1.** No.C003947A. A typical **Fine,** with no problems. Even rarer than the Large Size, with **just five notes known.**

($400-600)

Number 1 Newville $20

1720 Ch.60. *Newville.* **First NB. $20.** 1929 T1. **Fr.1802-1. No.A000001A. Choice Uncirculated,** gem but for one faint old central teller pinch. Only two Number 1 notes are reported on the bank - this and the A000001A $5, which sold for $1,650 at auction just over a year ago.
($1,500-1,800)

1721 Ch.4927. *North East.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.F000434A. **Choice EF.** Lightly quarter folded, but bright, clean and crisp, with deep embossing and good margins. A **rare** bank in Large or Small. Kelly lists just five Small notes known. At last year's Strasburg sale a VF brought $165. This one is considerably nicer.
($250-350)

1722 Ch.E7005. *Northumberland.* **Northumberland NB. $20.** 1902 Date Back. **Fr.642.** No.R743636A/2760. B. **F-VF** or so, with good margins and sharp dark pen signatures of Mitchell and Steele. Kelly lists just six Large notes known of the $3,080 outstanding.

1729 **Ch.610.** *Philadelphia.* **Mechanics NB. $1.** 1875. **Fr.385.** No.B350272/6468. A. **VG,** but with a few small edge nicks and splits, and some soiling. The signatures are still strong, and there are no major problems. ***($300-400)***

1730 **Ch.E602.** *Philadelphia.* **Bank of North America. $20.** 1902 Red Seal. **Fr.639.** No.R637845/7015. A. **Fine,** with nice dark signatures. The margins have a tiny nick or two, and there is a small "24" penned in the left field, but the overall look is quite pleasing nonetheless. ***($600-800)***

1731 **Ch.E1743.** *Philadelphia.* **National Security Bank. $5.** 1902 Plain Back. **Fr.601.** No.Y866930E/44924. C. **F-VF,** with bold dark signatures and good margins. ***($75-100)***

1737 **Ch.E563.** *Philadelphia.* **Union NB. $10.** 1902 Date Back. **Fr.616.** No.E485836/23345. H. **Fine,** with a couple of tiny pinholes. Good stamped signatures. A Large Size only bank, liquidated at the end of 1927. ***($80-120)***

1738 **Ch.2745.** *Pittsburgh.* **First NB. $100.** 1882 Brown Back. **Fr.519.** No.A873178/412. A. **Fine,** close at the bottom center, with a half inch repaired split at the left side. The president's signature is weak, the cashier's strong. Originally Charter 48, this bank issued first and third charter notes under #48. Charter #2745 was used only from 1882 to 1902, during which it issued only Brown Backs. Kelly reports seven notes known with the lower charter number, but **only four known with this charter number.** Aside from the short split, an appealing problem-free note. ***($1,750-2,500)***

1739 **Ch.E757.** *Pittsburgh.* **German NB. $5.** 1902 Red Seal. **Fr.587.** No.T402895/18905. B. **Choice AU,** tight at the top. Although pressed, this remains a particularly attractive note, with good color and bold, strong pen signatures. Placed in receivership in 1915, the bank's issuance ended with the 1902 Date Backs, and **only ten notes are known today** for all types. This is the second finest of the ones we've traced, and the only recent offering was another $5 Red Seal, VF with bad rusty paper clip damage. This is the finest of the three Red Seals known on the bank. ***($1,000-1,500)***

1740 **Ch.E727.** *Pittsburgh.* **Peoples NB. $5.** 1902 Date Back. **Fr.590.** No.U629459A/58752. I. **About Fine,** with strong stamped signatures. A Large Size only bank, liquidated in 1921. ***($75-100)***

1741 **Ch.13606.** *Portland.* **Portland NB. $20.** 1929 T1. **Fr.1802-1.** No.B000262A. **VF.** Excellent margins, with a few microscopic foxing spots here and there. Small Size only under this charter number, with the Number 1 $5 sheet and nine single notes reported by Kelly. The sheet was cut up early this year and with singles are now bringing $1,500 or more. This one should be a bit more affordable. ***($300-500)***

1742 **Ch.4714.** *Pottstown.* **Citizens NB & TC. $10.** 1929 T1. **Fr.1801-1.** No.F004098A. **F-VF,** clean and problem-free. The second of this bank's two titles. ***($100-125)***

1743 **Ch.4714.** *Pottstown.* **Citizens NB & TC. $10.** 1929 T2. **Fr.1801-2.** No.A000335. **F-VF,** with a few small foxing signs. ***($80-110)***

1744 **Ch.608.** *Pottstown.* **NB of Pottstown. $20.** 1902 Plain Back. **Fr.650.** No.78876/78876. E. **Fine+.** Trimmed slightly into the design across the top, but with decent stamped signatures and no problems. ***($150-200)***

1745 **Ch.3494.** *Pottstown.* **National Iron Bank. $10.** 1902 Plain Back. **Fr.625.** No.45582/45582. D. **Fine.** Nice on the face, with bold stamped signatures, but some soiling on the back, and a small bit of rust damage at the top left edge, barely noticeable. Nicer looking than it sounds. ***($100-150)***

1746 **Ch.3494.** *Pottstown.* **National Iron Bank. $10.** 1929 T1. **Fr.1801-1.** No.D005163A. **VF-EF.** Very nice on the face, the folds showing a bit more heavily on the back. ***($80-120)***

1748 **Ch.2366.** *Quakertown.* **Quakertown NB. $10.** 1929 T1. **Fr.1801-1.** No.B001599A. **VG+.** Some soiling typical of the grade, and a bit tight at the top. ***($100-150)***

1749 **Ch.E3067.** *Quarryville.* **Quarryville NB. $10.** 1902 Red Seal. **Fr.613.** No.K278736/413. B. This is a classic example of what the late John Hickman referred to as a **"Zombie"** - VG in terms of actual wear, but aged, with small and large pieces broken off (some of the loose pieces are still present in the holder). Still, with **only five Large Size notes in the census (and this in the only Red Seal),** it is rare enough to be worth a bit of professional restoration work. We wouldn't know how to estimate this puppy, so we won't even try.

1750 **Ch.696.** *Reading.* **Farmers NB & TC. $10.** 1929 T1. **Fr.1801-1.** No.C000843A. **EF-AU.** Bright and crisp, with just a wallet fold down the center. ***($80-120)***

1751 **Ch.11789.** *Rebersburg.* **Rebersburg NB. $20.** 1929 T1. **Fr.1802-1.** No.F000075A. **VG+.** Well worn, but undamaged. A rare one-bank town, with two Large and **four Small notes in the census.** ***($250-350)***

1752 **Ch.5014.** *Ridgway.* **Elk County NB. $10.** 1929 T1. **Fr.1801-1.** No.A001264A. **Fine.** A pleasing note, with a couple of small pinholes in the center. ***($125-150)***

1753 **Ch.2977.** *Rochester.* **First NB. $20.** 1929 T1. **Fr.1802-1.** No.F000101A. **VF.** A trifle close at the left, the top and right borders huge. Looks a grade better. ***($125-150)***

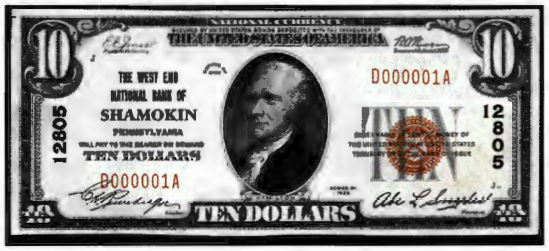
1754 **Ch.5684.** *Sayre.* **The Merchants and Mechanics NB. $10.** 1929 T2. **Fr.1801-2.** No.A000424. **VF-EF,** and closer to the higher grade. The second title for the bank, with eleven Small Size notes known. ***($175-250)***

1755 Ch.77. *Scranton.* **First NB. $10.** 1929 T2. **Fr.1801-2.** No.A028400. **VF-EF.** Like the last, nearly a full EF. ***($100-125)***

1756 Ch.8737. *Scranton.* **Union NB. $5.** 1902 Plain Back. **Fr.600.** No.Z570503H/115592. K. **F-VF.** Quite clean and attractive for the grade, with excellent margins and bold dark signatures. ***($125-150)***

1757 Ch.4462. *Sewickley.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.E002649A. **VF.** Clean, with good margins. ***($125-150)***

Number 1 Shamokin $10



1758 Ch.12805. *Shamokin.* **West End NB. $10.** 1929 T1. **Fr.1801-1. No.D000001A. Gem Uncirculated.** From the same sheet as, and every bit as nice as Dr. Scheuerman's E000001A that brought $1,540 early this year. ***($1,400-1,800)***

1759 Ch.2333. *Souderton.* **Union NB & TC. $20.** 1929 T1. **Fr.1802-1.** No.B000583A. **VF.** Excellent margins, and totally problem-free. A nice example of the second title for this scarcer Montgomery County bank. ***($150-200)***

Two Rare Spring City Notes

1760 Ch.E2018. *Spring City.* **NB of Spring City. $10.** 1902 Plain Back. **Fr.628.** No.Z652747B/11054. C. **VF,** with a couple of tiny paper clip rust marks on the back. Good margins, with sharp blue and brown pen signatures. The first title for the only bank in Spring City. Kelly reports **only six notes known with the first title,** and the two notes we offer here are at the top of the list for condition. ***($300-450)***

1761 Ch.E2018. *Spring City.* **NB of Spring City. $10.** 1902 Plain Back. **Fr.628.** No.B989071D/11704. B. **VF.** A match to the last, except the margin is very tight at the top left. ***($300-400)***

1762 Ch.8141. *Spring Grove.* **Peoples NB. $20.** 1929 T1. **Fr.1802-1.** No.E000184A. **Choice EF** or a bit better, with nice broad margins. A rare York County bank, closed in 1932. Kelly lists just five Large and **six Small notes known. This is the first Small Size note ever to appear at public auction,** and only two Large notes have ever been auctioned. ***($500-750)***

1763 Ch.6536. *Spring Grove.* **Spring Grove NB. $20.** 1929 T2. **Fr.1802-2.** No.A000115. **VF.** Excellent margins, and clean but for a small foxing spot on the left serial number. Almost as rare as the other Spring Grove bank above, and almost as nice. ***($200-300)***

1764 Ch.6444. *Stewartstown.* **Peoples NB. $10.** 1902 Plain Back. **Fr.624.** No.12792/12792. F. **Choice Uncirculated.** A bit close at the top, but bright and crisp, with bold dark signatures. **Kelly reports only five Large notes known** of the $2,560 outstanding, and they aren't often available. ***($600-800)***

1765 Ch.1237. *Sunbury.* **First NB. $10.** 1902 Plain Back. **Fr.624.** No.37995/37995. E. **VG-F,** but with a couple of central staple holes that have grown somewhat larger than normal, and no top margin. The stamped signatures are strong. ***($100-150)***

1766 Ch.5351. *Tarentum.* **Peoples NB. $20.** 1929 T1. **Fr.1802-1.** No.A000472A. **EF,** with a center fold and traces of handling. ***($125-175)***

1767 Ch.835. *Tunkhannock.* **Wyoming NB. $20.** 1929 T1. **Fr.1802-1.** No.B000183A. A problem-free **VF** example of one of Pennsylvania's earliest banks. ***($125-150)***

Pair of Rare Turtle Creek Notes

1768 Ch.E6574. *Turtle Creek.* **First NB. $10.** 1902 Plain Back. **Fr.624.** No.R140096E/8784. F. **VF+.** Bright and well centered, with vivid purple signatures. **Very rare,** with **just four Large notes known per Kelly's census,** and the only other National Bank in Turtle Creek is unreported. ***($1,200-1,600)***

1769 Ch.E6574. *Turtle Creek.* **First NB. $20.** 1902 Plain Back. **Fr.650.** No.R139820E/8508. B. **EF.** Even prettier than the $10 above, with a nicer look than many Choice Unc. notes we've seen. The equal, in our opinion, of the one in the recent Memphis sale that sold for $1,760. ***($1,500-2,000)***

1770 Ch.4355. *Tyrone.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.E000910A. **AU,** with a faint horizontal fold and light traces of handling at the edges. The far scarcer first title for this bank, with **just four Small notes known** (vs. 16 for the second title). ***($150-225)***

1771 Ch.5131. *Union City.* **NB of Union City. $10.** 1929 T1. **Fr.1801-1.** No.F002544A. **AU.** Completely natural, with good embossing, and just one center fold. ***($200-250)***

1772 Ch.E5034. *Uniontown.* **Second NB. $20.** 1902 Plain Back. **Fr.658.** No.Y315555D/5373. A. **Fine,** but some soiling has been washed out, and the pink signatures are a bit blurred (but still legible). Trimmed in at the bottom center. ***($100-125)***

1773 Ch.4879. *Warren.* **Warren NB. $5.** 1902 Plain Back. **Fr.603.** No.79235/79235. E. **EF,** with bold stamped signatures and decent margins. Though not rare in Large or Small Size, attractive high grade examples like this aren't easy to find. ***($125-150)***

1774 Ch.3383. *Washington.* **Citizens NB. $10.** 1929 T2. **Fr.1801-2.** No.A025280. **VF-EF.** Clean and crisp, with a nice appearance. ***($75-100)***

1775 Ch.3459. *Watsontown.* **Farmers NB. $20.** 1929 T1. **Fr.1802-1.** No.A000323A. **EF.** Centered a bit left, but clean and quite crisp. Just five Large and ten Small notes in the census, with this pretty note easily the finest we've seen. ***($200-250)***

1776 Ch.E586. *Washington.* **First NB. $100.** 1902 Red Seal. **Fr.686.** No.A213945/1485. A. **Fine** or so, repaired minor edge splits, top and bottom, and the back is a bit dark. Clear and bold penned signatures (cashier and vice president). The margins are nice and even, and the charter numbers and Treasury seal are deep red. From a bank that produced only Large size notes until it became financially embarrassed in April, 1927.

A **rare** and popular type, with just over a hundred notes known nationwide. $100 Red Seals always attract attention, even in the best of collections. ***($3,000-4,000)***

1777 Ch.E2483. *Watsontown.* **Watsontown NB. $10.** 1882 Date Back. **Fr.545.** No.N466388/4260. F. **VG,** but somewhat dirty, with a slightly rough top edge. For Large Size this is the rarer of Watsontown's two banks, with **just four notes known.** ***($400-600)***

1778 Ch.5832. *Waynesboro.* **Citizens NB & TC. $5.** 1929 T1. **Fr.1800-1.** No.D028728A. **Choice Uncirculated,** gem but for the centering. The second title for the bank, used only for Small Size notes. ***($100-125)***

1779 Ch.11866. *Waynesboro.* **First NB & TC. $20.** 1902 Plain Back. **Fr.659.** No.8824/8824. A. **F-VF.** A bit off center, but with strong stamped signatures and no defects. Large Size notes are scarcer with the second title, with **just five notes listed by Kelly.** ***($150-200)***

1780 **Ch.4267.** *Waynesburg.* **Citizens NB. $20.** 1902 Plain Back. **Fr.653.** No.29109/29109. B. **EF,** with margins a bit close here and there. Bright, clean and crisp, with good signatures. A Large Size only bank, placed in receivership in 1927. **Kelly lists just ten notes known.** ***($300-450)***

1781 **Ch.328.** *Wellsborough.* **First NB. $20.** 1929 T1. **Fr.1802-1.** No.E000685A. **EF,** clean and bright. One of the nicer of the dozen or so Small Size notes known. ***($125-150)***

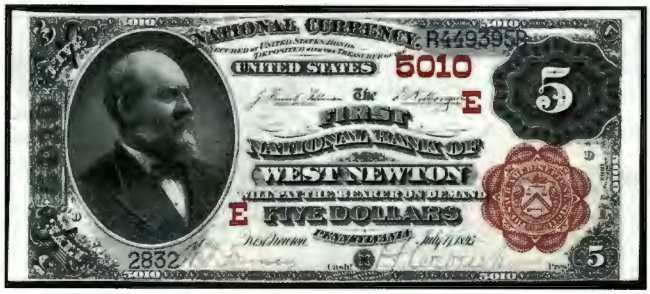
Rare Wellsville $10

1782 **Ch.8498.** *Wellsville.* **Wellsville NB. $10.** 1929 T1. **Fr.1801-1.** No.A000362A. **VF.** Well centered and problem-free. A **very rare** one-bank town, with just two Large and **three Small notes listed by Kelly.** ***($300-400)***

1783 **Ch.8954.** *West Alexander.* **Peoples NB. $10.** 1929 T1. **Fr.1801-1.** No.D000822A. **Fine,** with good margins, but some light soiling (mostly on the back). ***($150-225)***

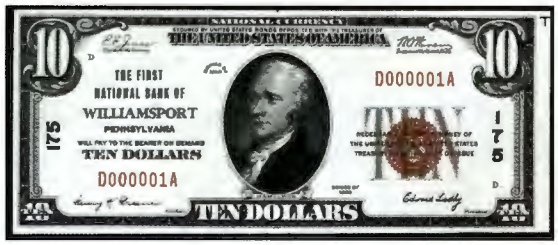
1784 **Ch.148.** *West Chester.* **First NB. $5.** 1902 Plain Back. **Fr.598.** No.59788/59788. F. **EF,** tight at the bottom. Bright and crisp, with good signatures. ***($300-400)***

1785 **Ch.2669.** *West Grove.* **NB & TC of West Grove. $5.** 1929 T2. **Fr.1800-2.** No.A009998. **Fine,** with good margins. Small Size notes were issued only with the second title, and **Kelly reports only ten known.** ***($250-350)***



1786 **Ch.E5010.** *West Newton.* **First NB. $5.** 1882 Brown Back. **Fr.474.** No.R449395R/2832. D. **EF,** with a tiny pinhole at the top, and a close bottom margin. Clean and crisp, with excellent color and strong brown pen signatures. A rare one-bank town, with a meager $2,340 in Large notes outstanding in 1935. **Kelly lists five Large notes known,** plus ten Small notes. This is the second finest of the six Large notes we've traced for this bank, just slightly surpassed by a pressed AU $5 Plain Back. ***($800-1,200)***

Pair of Number 1 Williamsport $10 Notes



1787 **Ch.175.** *Williamsport.* **First NB. $10.** 1929 T1. **Fr.1801-1. No.D000001A. Choice Uncirculated,** centered just a bit left, but a superb Gem in all other respects. The Number 1 sheet last appeared late in 1999, and was cut up shortly afterward. ***($1,400-1,800)***

1788 **Ch.175.** *Williamsport.* **First NB. $10.** 1929 T1. **Fr.1801-1. No.E000001A. Choice Uncirculated.** The next note on the same sheet as the last, with (naturally) the same centering. Like the last, virtually Gem. ***($1,400-1,800)***

1789 **Ch.13823.** *Wilkinsburg.* **First NB. $10.** 1929 T2. **Fr.1801-2.** No.A006437. **AU,** with a light center fold. Crisp and well centered, with good embossing. A late chartered bank that issued only $5, $10 and $20 Type II. This is one of the nicest known. ***($200-250)***

1790 **Ch.E246.** *Wrightsville.* **First NB. $10.** 1902 Plain Back. **Fr.624.** No.R971699E/14747. D. **EF.** Tight at the top, with light but legible signatures. A good looking note from the only issuing bank in this York County community. ***($250-350)***

1791 **Ch.246.** *Wrightsville.* **First NB. $20.** 1929 T1. **Fr.1802-1.** No.D001212A. **VF,** well centered and problem-free. ***($100-125)***

Number 1 Central National Bank of York

1792 **Ch.9706.** *York.* **Central NB & TC. $20.** 1929 T1. **Fr.1802-1. No.B000001A. Choice Uncirculated,** or a bit better, with perfect centering. A crackling fresh Number 1 note from this bank's second title. ***($1,750-2,250)***

1793 **Ch.694.** *York.* **York County NB. $5.** 1902 Plain Back. **Fr.598.** No.85262/85262. E. **VF** or a bit better. The margins are a trifle close here and there, but the stamped signatures are strong. ***($125-150)***

1794 **Ch.E694.** *York.* **York County NB. $20.** 1902 Plain Back. **Fr.650.** No.Z651425B/20632. B. **VF+.** A bit of soiling on the back, but with decent margins and stamped signatures. ***($125-150)***

Rhode Island

One of Three Known for the State

1795 **Ch.N1302.** *Providence.* **Providence NB. $100.** 1902 Date Back. **Fr.689.** No.A155179/593. C. A solid **Fine+,** but not quite VF in our opinion, though the Rhode Island census lists it as such. Solid and problem-free, with good signatures. While this bank is reasonably available, this is a **very rare** denomination and type for the state. The combined census data from Kelly, Bennett and Gengerke shows **only three $100 Date Backs for the entire state:** one for Charter 1007 and two for Charter 1302. ***($1,200-1,600)***

South Dakota

1796 **Ch.W5477.** *Centerville.* **First NB. $10.** 1902 Plain Back. **Fr.633.** No.N768378E/526. C. **F-VF.** A trifle close at the top, but with nice strong pen signatures. A rare one-bank town, with seven Large notes known of the meager $1,625 outstanding. ***($500-700)***

1797 **Ch.7252.** *Egan.* **First NB. $10.** 1902 Plain Back. **Fr.624.** No.A604724K/3662. E. **VG-F,** but a bit soiled, with a short split at the right (not reaching the engraving), and no cashier signature. The only bank in Egan, with eight Large notes in the census. ***($400-600)***

1798 **Ch.W12325.** *Fairfax.* **Farmers NB. $10.** 1902 Plain Back. **Fr.635.** No.H863799H/727. C. **Fine,** with a few large pinholes and a bit more soiling than usual. The stamped signatures are a bit light, but legible. A Large Size only bank, liquidated in 1929, with **six notes reported** today. ***($500-750)***

1799 **Ch.9679.** *Hecla.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.B000546A. A problem-free **Fine. Very rare,** with four Large and **four Small notes known.** ***($400-600)***

1800 **Ch.7794.** *Highmore.* **First NB. $10.** 1902 Plain Back. **Fr.624.** No.X780259H/3977. E. **Fine,** but the side margins have been trimmed. The cashier's red signature is clear, the president's is gone. The only issuing bank in the town, or in Hyde County. With $1,360 in Large Size outstanding and **only five Large notes known,** this should draw spirited bidding. ***($800-1,200)***

Please note that a 10% buyers premium will be added to each lot purchased.

1801 **Ch.4631.** *Lead.* **First NB. $10.** 1902 Plain Back. **Fr.628.** No.7691/7691. B. **VF.** The face looks a grade better, with good margins and nice dark pen signatures. The only issuing bank in this small town on the western edge of the state. ***($600-800)***

1802 **Ch.W2645.** *Mitchell.* **First NB. $20.** 1882 Value Back. **Fr.580.** No.U96059/7801. B. **F-VF,** with decent margins and nice black and red signatures. A difficult type and denomination to find from this state. ***($750-1,000)***

Finest Known Note on the County

1803 **Ch.W9817.** *Morristown.* **First NB. $10.** 1902 Plain Back. **Fr.627.** No.H823262E/3000. B. **VF-EF,** trimmed slightly into the design at the top right. Clean, with bright blue and black signatures. One of two banks in Corson County on the state's northern border. The McIntosh bank has only one note known (a $20 Date Back in Fine); this bank has three notes known - this and two $20 Plain Backs in VF. This one is slightly nicer, and was graded EF-AU in last year's Memphis sale. ***($2,500-3,500)***

1804 **Ch.W4279.** *Pierre.* **NB of Commerce. $10.** 1902 Plain Back. **Fr.627.** No.A822881D/6034. A. **VF+.** The face is particularly vivid, with the engraving, overprint and stamped signatures all bold. The first of Pierre's National Banks to go under, it was placed in receivership in 1925. Kelly lists twelve notes known today. ***($500-750)***

1805 **Ch.W5898.** *Salem.* **First NB. $10.** 1882 Date Back. **Fr.545.** No.T387164/1626. D. **Fine,** with a couple of pinholes, and margins that are a bit tight here and there. Though lightly washed, the blue signatures are still strong. A Large Size only bank, and the rarer of Salem's two banks, with **nine notes known.** ***($900-1,200)***

1806 **Ch.9445.** *Yankton.* **Dakota NB. $50.** 1902 Date Back. **Fr.669.** No.1246/1246. D. **Fine,** with one small pinhole. Very attractive, with nice green signatures. A new addition to the census, bringing to ten the number of $50 Date Backs known for South Dakota. ***($800-1,100)***

Tennessee

1807 **Ch.150.** *Nashville.* **Fourth & First NB. $20.** 1902 Plain Back. **Fr.654.** No.34988/34988. A. **VF.** A trifle close here and there, but clean and pleasing. ***($100-125)***

Texas

1808 **Ch.S8664.** *Dallas.* **Commonwealth NB. $20.** 1902 Date Back. **Fr.644.** No.D240224/743. B. **F-VF,** but with light staining at the left end. Lightly washed, with the signatures long gone. A **rare** bank, liquidated in 1914 after only seven years of operation. **Kelly reports just six notes known,** and of the five we've traced, **the best is only VF.** ***($300-450)***

1809 **Ch.11749.** *Dallas.* **Dallas NB. $10.** 1902 Plain Back. **Fr.633.** No.4350/4350. C. **VG-F.** Trimmed in at the top left, with a few small spots. ***($125-150)***

1810 **Ch.S5606.** *Marlin.* **Marlin NB. $20.** 1882 Date Back. **Fr.555.** No.M80308/1420. B. This **F-VF** Falls County note came from an institution chartered in 1900, which passed into receivership in 1933 after issuing under two titles. Eight Large Size survivors are counted by Kelly under this, the first and only title under which it issued Large notes. Lyn Knight sold this example in his auction in August 1999, where it went for $880. We expect it will sell for that, or perhaps a bit better, now. A pleasing note from a town named after John Marlin, who built Marlin's fort. ***($750-900)***

Utah

1811 Ch.P4670. *Logan.* **First NB. $10.** 1902 Plain Back. **Fr.628.** No.E34742D/2403. C. **VG+,** the president's signature gone. Centered very low, with a fair part of the next note showing at the top. ***($500-750)***

1812 Ch.4670. *Logan.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.A001436A. **Fine.** Lightly washed, but still attractive, with good margins. ***($300-400)***

1813 Ch.6558. *Murray.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.D001890A. **F-VF,** and at the high end of that range. Clean for the grade, with excellent margins. A good note for "name" collectors, as the only other "Murray" in the country (Kentucky) is far rarer. ***($500-650)***

1814 Ch.P2597. *Ogden.* **First NB. $5.** 1882 Date Back. **Fr.537.** No.N296285/9973. C. **Fine,** tight across the bottom, with some soiling and a small central pinhole. The first of five titles for this bank, one of only two banks in the country to use that many. ***($1,250-1,500)***

1815 Ch.7296. *Ogden.* **NB of Commerce. $20.** 1902 Date Back. **Fr.642.** No.16032/16032. A. **Fine,** with light soiling, and a tight bottom margin. The second and slightly rarer title for this bank, with six Large notes reported by Kelly. ***($500-750)***

1816 Ch.6012. *Price.* **First NB. $10.** 1929 T1. **Fr.1801-1.** No.D000330A. **Fine+,** with a couple of tiny pinholes at the bottom. Not a common Utah city by any means. ***($400-600)***

1817 Ch.P9403. *Salt Lake City.* **Continental NB. $5.** 1902 Plain Back. **Fr.600.** No.R247027D/32791. C. **VF.** A nice Utah type note, with bold signatures and just a few pinholes at the left. Large notes were issued only with the first title, and are not offered all that often. ***($350-450)***

1818 Ch.9403. *Salt Lake City.* **Continental NB. $20.** 1902 Plain Back. **Fr.652.** No.47192/47192. A. **Fine+,** the top margin trimmed slightly into the design. ***($300-400)***

Vermont

1819 **Ch.1653.** *Bellows Falls.* **NB of Bellows Falls. $20.** 1929 T1. **Fr.1802-1.** No.A000272A. **Fine.** Close at the top left and bottom right, with small inoffensive traces of paper clip rust at the top. ***($100-125)***

1820 **Ch.2422.** *Fair Haven.* **Allen NB. $5.** 1929 T1. **Fr.1800-1.** No.E000558A. **VG,** with more soiling than usual, particularly at the left. The census stands at eight each for Large and Small notes, but the Large notes seem to appear more frequently. ***($100-125)***

1821 **(Ch.1133.)** *Woodstock.* **Woodstock NB. $1.** Orig. Series. **Fr.380.** No.A78966/1632. B. **VG.** Tightly trimmed at the sides, with a couple of tiny pinholes, but good color and signatures, with no damage. ***($400-500)***

Virginia

1824 **Ch.5032.** *Manassas.* **NB of Manassas. $10.** 1929 T2. **Fr.1801-2.** No.A000881. **EF.** Clean and crisp, with good embossing, but tight at the top right. The slightly scarcer of Manassas' two banks, with ten notes known, evenly split between Large and Small. ***($400-500)***

A. **Fine,** or a bit better, but trimmed a bit into the design across the top (and broad everywhere else). The signatures are nearly gone, but might be discerned by someone with a list of the officers who signed notes. A scarce type for this state, on a better bank. ***($750-1,000)***

1828 **Ch.S7681.** *Clarksburg.* **Union NB. $5.** 1902 Red Seal. **Fr.587.** No.K94265/9562. D. **F-VF,** with some scattered central pinholes. Excellent face margins, with bold black stamped signatures. A very attractive Red Seal. Only two Red Seals-a $5 and a $20-are known for this bank. ***($2,000-2,500)***

1829 **Ch.S5320.** *Parkersburg.* **Farmers & Mechanics NB. $10.** 1882 Brown Back. **Fr.490.** No.V447424V/7475. C. **VG-F,** but looks a full grade better on the face. Tight at the top, with weak signatures, but pleasing nonetheless. A **very rare** bank that issued only second charter notes before being liquidated in 1917. 2133 Canada. Bank of Canada. **$5.** Experimental Note, Type BC-56a. **Unc.** ***($600-800)***

This note is unusual in as much as it has a hologram at left; the issued notes did not. Also, it was printed without serial numbers on the back. Based on this data, it appears that this note was a trial used to decide different printing aspects for the soon to be released 1986 series $5 note. There are small pencil notations on the front and back, adjusting the design elements, and a square piece of paper attached with tape on which the hologram appears. **A Rare and unusual piece.**

A translation appears on the back for any Americans interested in expressing their sympathy by buying such a bond.

2163 Republica de Cuba. 100 Pesos. November 1, 1869. **VF.** ***($200-350)***

The back is different from the other bonds of this series because instead of a translation into English, there is simply a terse statement that this bond was to be sold by the firm of C. Ambrosio Valiente, Minister of Cuba, in Peru. Keeping in mind that the Guano War was then in progress between Spain and Peru, the Cubans apparently hoped to cash in on Peruvian hostility to Madrid to do some fund raising in Lima.

One of America's oldest continually operating mining companies, Lehigh Coal was organized for the purpose of exploiting coal lands held by Robert Morris and John Nicholson. An additional corporation was set up to clear the Lehigh River. The £10 appropriated for that purpose proved ridiculously inadequate, and the cost of transporting coal to market was so great that the property was leased to others. The lessees took up a subscription to raise funds to clear the Lehigh River in 1818, and by increasing the capital to $500,000 this work was completed to a point North of Mauch Chunk (now Thorpe). The lessees and the original corporate shareholders merged their interests in 1821 as the Lehigh Coal and Navigation Company. The firm survives to the present day, having had difficult times from 1840-1852 and sharp competition from the railroads.

Cash had to be raised and the New Orleans & Ohio Telegraph Lessees was formed to lease the property of the now defunct New Orleans and Ohio Consolidation. A legal claim forced the Lessees into a sheriff's sale. A new company, South-Western Telegraph, resulted. The stockholders of Lessees received stock in this new company as settlement. Charles Pathe (1863-1957) was an early film pioneer and industrialist. In 1894 he bought an Edison

phonograph and began exhibiting it around France. Within months he was an established importer and merchant of phonographs. By 1896 he extended the business to the sale of motion picture projectors and even directed a number of simple films. That same year he founded Pathe Freres Company. By the end of 1901 Charles began devoting his energies to film production, with the aid of producer, Ferdinand Zecca. In 1902 he built a studio at Vincennes and began turning out short films. The following year he began forming foreign branches. By 1908 Pathe Freres was an international empire, selling twice as many films in the United States as all American companies combined. Expanding rapidly, Pathe began manufacturing raw film and motion picture equipment and virtually monopolized the business by building studios, laboratories and theaters. The company developed a color process and launched the first weekly newsreel, "Pathe-Journal". With World War I shutting down some of his operations in France, Pathe came to America and established the Pathe Exchange. By 1929 he had sold his last interest in the business and retired to the Riviera.

Pierre Gustave Tousant Beauregard (1818-1893) was an important Confederate soldier. He graduated from West Point in 1838, and saw action in the Mexican War at Veracruz, Cerro Gordo, Conteras and Mexico City. In February 1861 he was commissioned a brigadier general in the Confederate Army. He was placed in command of the forces in Charleston, South Carolina. Beauregard demanded the surrender of Fort Sumter, and upon Major Anderson's refusal ordered the bombardment that began the Civil War. He was on the field at the first victory of Manassas (Bull Run). He took command at Shiloh on the death of General Johnson. From 1863 to 1864 he took charge of the coastal defense of Georgia and South Carolina, and successfully repelled all Union attacks. Beauregard was then sent to defend Richmond against General Butler and later Grant, against whom he set defenses at Petersburg. He turned that position over to Lee and served in the west. After the war he was President of the New Orleans, Jackson & Great Northern RR for a period of five years.

This is the first certificate signed by Beauregard that we have had the pleasure of selling. The Fifth Edition of the *Sanders Price Guide to Autographs* lists a Beauregard signed stock certificate selling for $3950; no further details were available.

($1,500-2,500)

The Reynolds brothers were born in Patrick County, Virginia, where their father was a merchant and tobacco manufacturer who employed a large number of slaves. Richard gained experience in the tobacco business by working on his father's farm and in his factory. He sold tobacco from a wagon, traveling extensively through Virginia, Tennessee and Kentucky. Richard Reynolds attended the Baltimore Business College and applied what he learned to the modernization of his father's enterprises. In 1890 he and his brother organized R.J. Reynolds, Incorporated, with a capital stock of $190,000. The company developed and promoted "Prince Albert" pipe tobacco. Four years later they began to manufacture "Camels" cigarettes. Both proved to be successful beyond all expectations. R.J. Reynolds became a liberal contributor to colleges, orphan asylums, YMCA's and YWCA's. He also established hospitals for African-Americans in the South. At the time of his death R.J. Reynolds and Company had worldwide sales of over $100,000,000.

Charles Crocker (1822-1874) was an American merchant and important railroad builder. When gold was discovered in California, Crocker headed West. He opened a supply store in Sacramento and soon became a wealthy and prominent man. In 1860 he was elected to the state legislature. He became associated with Leland Stanford, Collis P. Huntington and Mark Hopkins in the building of the Central Pacific Railroad across the Sierra Nevada Mountains to connect with the Union Pacific Railroad then being constructed from Omaha, Nebraska. Crocker was in charge of the actual construction, leaving the problems of financing with his associates. He lived in the construction camps with his men and seldom left them except on pressing business. It was through his efforts that the road was completed seven years ahead of schedule. In 1871 he was elected president of the Southern Pacific Railroad of California, the construction of which he personally supervised. In 1884 he affected the consolidation of the Central and Southern Pacific roads and also took an active interest in the development of the construction of a road between San Francisco and Portland. Crocker was one of the most important and influential railroad builders. His signature on a certificate is quite **Rare.**

Coke was a critical ingredient for steel production, and by controlling nearly two thirds of the coke producing industry Frick gained tremendous leverage. Hetty Green Signature

3103 **Pullman Company** (IL) 1911. #B1735. **100 shs.** Blue. Portrait of George Pullman. Issued to the Westminster Company and transferred to Hetty Green. Signed by **Hetty Green** on the reverse as president of the Westminster Company! The bond signature is uncancelled. **VF+.** ***($1,750-2,500)***

Henrietta Howland Robinson Green (1835-1916) was one of the world's greatest financiers, and certainly one

of the most colorful characters in the history of American finance. Known as "The Witch of Wall Street", Hetty Green was mysterious, reclusive, and so paranoid that she avoided signing her name whenever possible, fearing that some one might learn to forge it. Her parsimony was legendary. She and her carriage driver once spent an entire night searching her premises for a two-cent stamp that eventually turned up in the hem of her dress.

Despite these eccentricities Hetty Green did a masterful job of managing the small family fortune she either inherited or obtained through divorce. She was involved in several successful "bull movements" on the New York Stock Exchange, reaping large profits on the Louisville & Nashville Railroad, the Philadelphia & Reading, and the Georgia Central. She was a master at maintaining liquidity when others were in dire need of cash, and she benefited greatly from the Panic of 1907. Her investments included large real estate holdings as well. Westminster Company was a corporate entity Hetty Green organized in 1911 at the urging of her son.

To the best of our knowledge, no other shares owned by Hetty Green have ever associated her with Westminster, a corporation that may well have controlled over $100,000,000 in assets at the time she signed this example.

Hetty Green's autograph is very elusive, and we know of only a very few certificates in which her autograph is found.

Less than twenty pieces were discovered in the Newberry Library Pullman Archives, and they are being offered in our auctions at the rate of about one per year. (Proceeds to go into the Library's acquisition fund.)

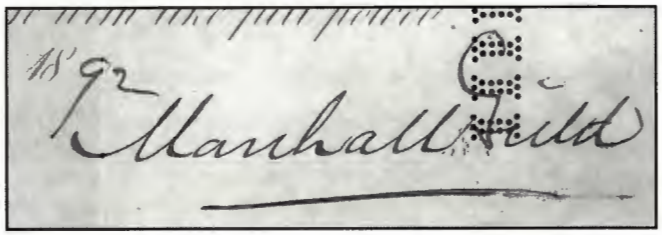
Marshall Field (1834-1906) began his commercial career as a clerk in a dry goods store. Working his way up,



Filed became manager, partner and eventually director of the giant retail firm that became Marshall Field & Co. Field established many of today's modern department store practices and policies. His philanthropy made the Columbian Museum at the 1892 World's Fair possible. Its collections formed the nucleus for the Field Museum of Natural History, to which Marshall Field bequeathed $8,000,000. Field's fortune has earned him place among the top ten most financially successful Americans.

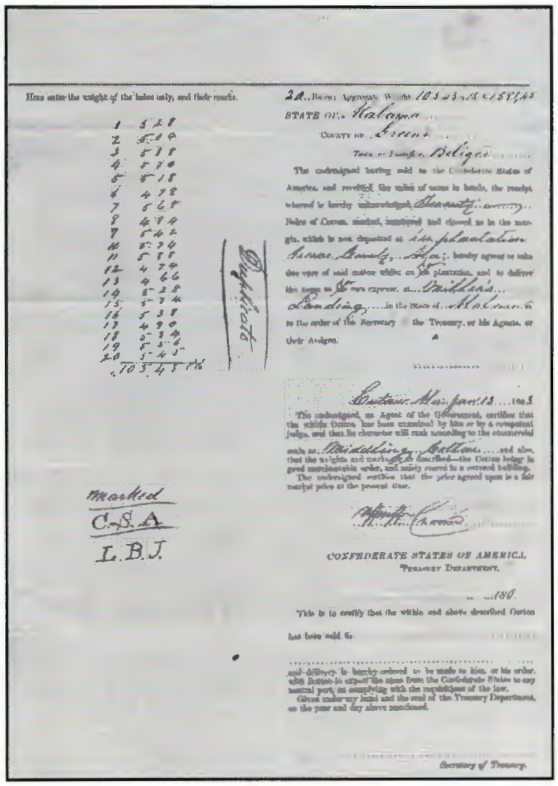
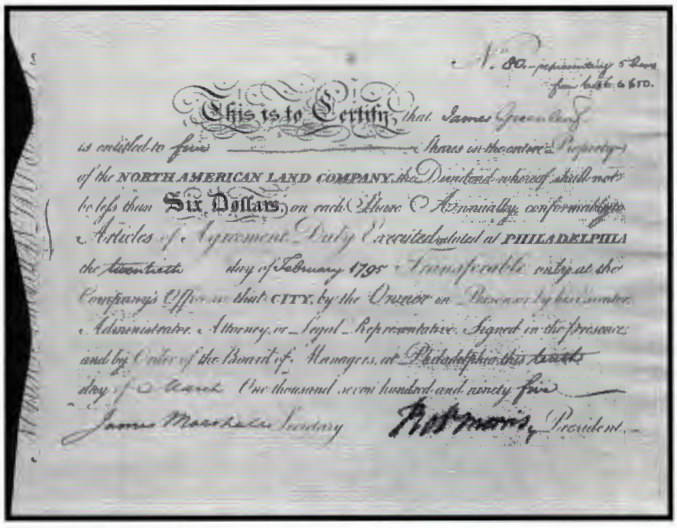
Discovery Piece



3200 AL. *Boliger.* Confederate States of America Treasury. **20 Bales of Cotton.** 1863. **VF.** ***($300-500)***

In 1861 the Confederacy opened subscriptions to the so-called cotton loan. Planters were supposed to pledge cotton at a price to be fixed. When they sold their cotton they were to pay the proceeds over to the CSA Treasury. The blockade made shipments abroad difficult, and very little cotton was sold as was originally contemplated. In light of this it was not until early 1862 that the various government agents in the eastern Confederacy were organized by Robert Tyler, Register of the Treasury. These agents began to take the cotton into custody and do the needed paper work. **This is the first certificate of this sort we have seen or heard of for any southern state. Very Rare.**



3201 PA. *Philadelphia.* North American Land Company. **5 shs.** 1795. Nos. 646-650. This company owned lands from Georgia to Pennsylvania and was one of Morris' chief means of land speculation. Unfortunately, he acquired over 38,000 square miles of land (equal to the size of Pennsylvania today) and the installment sales and share sales did not come in quickly enough to pay off loans and meet tax payments. Bankruptcy inevitably followed.

3203 **PA.** *Philadelphia.* Philadelphia and Lancaster Turnpike Road. **One Share.** 1792. No.1199. Printed on vellum. Signed by **Israel Whelen.** Transfers on verso. Minor discoloration, else **VF.** ***($600-900)***

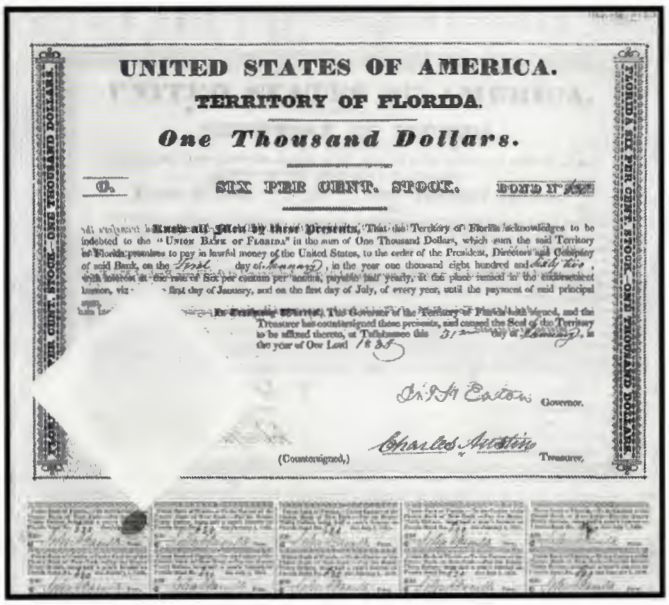
Issued by the bank to raise foreign exchange with which to cover its cotton advances and to redeem its bloated circulation.



3206 FL. Territory. **$1000.** 1835. 6% Cu double bond. **VF.** ***($150-300)***

This bond was issued by the Territory of Florida to borrow funds to set up various banks, among them the Southern Life Insurance Company, the Bank of Pensacola and the Union Bank. All the banks failed, and left the bonds unpaid. Florida repudiated them and the US Congress went along with this conduct.

The second part of the bond, issued by the Phenix Bank of New York, was occasioned by the fact that the Bank had bought all the bonds and wished to re-discount them by selling them in Europe, where the purchasers insisted upon payments of interest being made in England and elsewhere.

Also note the signature of John Eaton as Governor. Eaton was a friend of Jackson's, and was that President's first Secretary of War. Unfortunately, he married Peggy Eaton, who had been married before to a ship's purser who allegedly committed suicide because of his wife's supposed infidelities. Other cabinet wives refused to have anything to do with her. Unable to get them to cease their boycott, Jackson fired the entire cabinet. Eaton was then posted to Florida as Governor.

Excessively Rare Newman Plate Note of Pennsylvania's First Issue

3246 **PA.** April 2, 1723. **10 Shillings** (Raised (altered) from Two Shillings). No.3879. **VG,** perhaps better with silk screening on the back. An early note of **Great Importance and Rarity.** ***($10,000-20,000)***

Signed by Morris and Read. Fake "en" in lieu of "wo" in the top and bottom denominations. Clearly a piece for the discriminating collector for whom the truly rare is indispensable.

A Ben Franklin issue made from the same presses on which he printed the Pennsylvania Gazette.

3247 **Pennsylvania Colonial Notes.** [4] ***($100-150)***

1) March 20, 1773. **4 Shillings. Fine.** 2) October 1, 1773. **10 Shillings. EF.** 3) Same. **15 Shillings. VF.** 4) April 25, 1776. **9 Pence. Fine.**

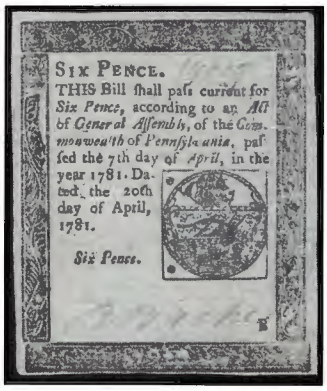
3249 **PA.** April 10, 1777. Black Money. **16 Shillings.** No.11235. **Choice Unc,** decently margined, with weak signatures. ***($160-275)***

3250 **PA.** April 20, 1781. **6 Pence.** B. Signed by Bache. **Choice Crisp Unc,** too tightly margined at the bottom to be Gem. A tough late date note. ***($600-850)***

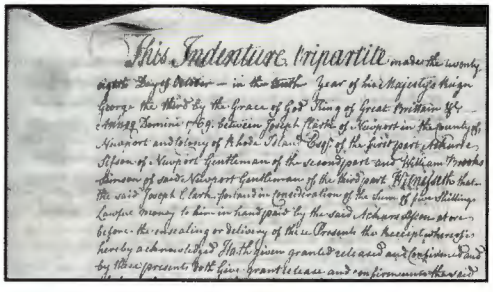


3251 **RI.** February 14, 1743. **10 Shillings. Fair,** backed, signs of sewing. **Still a great Rarity, even if only a filler.** ***($750-1,250)***

3252 **RI.** February 14, 1743/44. **10 Shillings.** Top quarter, **Poor,** what is left is **Good** or so with edge splits and chinks. **Again a great rarity.** ***($500-750)***

These issues were often split into halves and quarters and circulated as 10 shillings in old tenor money. This situation arose because of the Acts of June 2, 1746 and February 17, 1746/7. (The reason for the split date was that at that time the year began on March 1st so that January and February belonged to the preceding year).

Impressive "Land Bank" Related Document



3253 **RI.** October 27, 1769. Manuscript Document, 2+ pages, 12-1/2" x 8". Indenture for the sale of land which formerly belonged to the Land Bank, by Joseph Clarke, Colonial Treasurer of Rhode Island. Scalloped as usual along top edge, light tape reinforcement across the center fold on the verso. Boldly presented and suitable for framing and display. **VF.** ***($350-450)***

Both a scarce early indenture and Land Bank related document.

3254 **VA.** March 7, 1781. **$500.** There are some minor restorations, but with the look of a **Choice AU** note. ***($200-300)***

3256 **Colonial Note Pair.** [2] ***($160-325)***
1) **NJ.** December 31, 1763. **6 Shillings.** B. No.2400. **Unc,** a small piece torn off the left bottom edge. 2) **VA.** May 4, 1778. **$10. F-VF,** quarter folded off center, face more soiled than the back.

3258 **CT. Colonial Pay Table Receipts.** [13] ***($425-850)***

3259 **MA.** March 1, 1781. Massachusetts Bay Treasury Loan Certificate. **19 Pounds 4 Shillings.** Anderson MA-10. Repaired splits, otherwise **Fine.** A decent looking "Sword in Hand" bond, but some splits are repaired on the back with old-time cloth tape. Signed by Scollay, Price, Boyer and Gardner. A useful example still. ***($350-450)***

3260 **MA.** January 1, 1783. Massachusetts Bay Treasury Loan Certificate. **£30.** Anderson MA-16. **VF.** Popular Pine Tree motif engraved by Nathaniel Hurd at the upper left. Sharply printed, but some corrosion affects the Gardner signature at the right due to the acidic ink used to cancel the certificate. The paper quality is superior; this is an acceptable specimen for the collector. ***($200-300)***

3261 **MA.** November 14, 1788. Commonwealth of Massachusetts Treasury Office. **£1 7 Shillings 6 Pence.** Anderson MA-43. **EF.** Part printed for "Two Thirds Parts Import and Excise." Both **VF. Each document by itself is scarce, but together they are very rare!**

3264 **MA.** South Hadley Canal Lottery. Circa 1790. Class Seventh, Boston. **Choice Crisp Uncirculated.** A bright, pleasing example being a Quarter prize ticket having the manuscript number "12" on the face side. It still retains the left margin beyond the indenture that repeats the plate letter "D" - the top left corner is missing, just affecting the indenture. A nice, larger-than-usual example. ***($200-250)***

The Dr. Ben Z. Swanson Collection of Non-Medical Advertising Notes

Dr. Ben Z. Swanson, Jr. *has been a collector since he was a child - everything from matchbooks to pencils to stamps and coins. He put aside his passion for collecting to devote his time to his studies in college and then dental school. After graduation he became a career officer in the United States Air Force Dental Corps and renewed his earlier interest in numismatics. He developed a formidable collection of Canadian and British Commonwealth coins. In 1971, he was posted to England and his collecting interests took a new turn. He started a thematic or topical (subject) collection of items related to the profession of dentistry.*

Early on he discovered one of John Muscalus' small booklets, Paper Money Pertaining to Druggists, Medicines and Medical Practitioners. *He soon made the acquaintance of John and eventually bought all of the plate pieces for this work. This series of facsimile banknotes which Muscalus termed bank-note handbills have fascinated Ben for over 30 years.*

He was able to purchase a major portion of the Lynn Knight collection of advertising notes as well as the Henry Holcombe collection of patent medicine advertising banknotes. As far as Ben has been able to determine the earliest dental banknote advertisement was for the Parisian dentist, Desirabode (1781-1851), in 1823.

Ben sold his non-medical notes in a 1990 R.M. Smythe sale, many of which were purchased by Bob Vlack. A few years later he acquired the Vlack collection to be able to obtain the medical notes it contained. He bought back most of what he sold in 1990!

This sale represents all Ben's non-medical banknotes including many of the plate pieces in the newly published book, An Illustrated Catalogue of Early North American Advertising Notes (Ads That Look Like Paper Money) *recently published by R.M. Smythe & Co. and authored and edited by Robert A. Vlack and Stephen L. Goldsmith respectively.*

The front is closely styled in imitation of a $5 1861 Demand note, and the back looks very much like that of the Legal Tender note of 1862. Note the use of the phrase "This Note is a Tender...". Scarce, perhaps because of the Treasury Department objection to it. DC notes are rarely seen.

3366 GA. *Monticello.* Hurd & Hungerford. **100.** (Vlack-1220, plate note). Light blue-gray tint. Justice. Semi-nude Indian princess. Ship. The layout is very much in the style of obsolete currency. Centaurus - The Centaur Bank Notes

Centaur was a liniment that claimed "To relieve pain, subdue inflammation and heal wounds". It came in two formulations; white for family use, yellow for horses and animals. All of the notes bear a 53 Broadway, New York City address (the home office), but the packing crates in the lower right corner show that Centaur (and probably these advertising notes), was distributed in Cincinnati, Chicago, Melbourne, New Orleans, Havana, San Francisco, Rio, St. Louis, Boston and London. The constellation Centaurus, centaurs near volcanoes, a plant, horseshoe, and boxes are featured on the fronts. The green backs have centaurs, and different background pattern varieties exist. Vlack lists thirteen different varieties, similar to the note illustrated below, but differing in denomination and minor details. A collection of all the known types would be quite a rewarding challenge.

The fact that the blue text on the front is askew gives us some insight into how these were printed. Stock forms featuring everything but the custom blue text were ordered by local printers, who then printed the customized information. The stock form was probably distributed free as a form of cooperative advertising by "VORODYNE UNIVERSAL PAIN & ACHE CURE" (see text on red seal).

Vlack lists only one other note with this CSA front. This is hardly surprising, as most of Milliken's customers were staunch Northerners.

Lot 3628

3628 **Three Consecutive $1. LT. 1928. Nos.A01383390-92. Choice to Gem Uncirculated.** The first note is a full Gem with nice centering; the other two have more typical centering with one being close to Gem. A very popular one year type and the only One Dollar Legal Tender. [3] ***($600-1,000)***

3629 **Mixed Star Group. Two $2. LT. 1928D. *A.** One is a nice **Fine;** the other is a clean **Very Fine. $2. 1928F. *A** in **VG. $5. LT. 1928C.** *05666712A. A nicely centered and original **AU** worth a premium bid. **$10. SC. 1934A. *A** in **VG.** [5] ***($300-500)***

3630 **$2. LT. 1928A.** No.B04945738A. The scarcer BA block in **Choice VF.** ***($75-125)***

3631 **$2. LT. 1928A* STAR** No.*00919695A. **Very Good.** A well circulated Star but with no tears or other major problems. The 1928A* is a note that rarely surfaces in high grade and is on numerous want lists due to its true rarity. Few have been offered in the past few years, so waiting for a higher grade piece may take a large dose of patience. ***($800-1,200)***

3632 **$5. LT. 1928*. STAR** No.*03156875A. **Choice to Gem Uncirculated.** This note is nearly impossible to find in grades of EF and better. Although common in low grades, this Star is a true grade rarity and the finest we have handled. Most advanced collections still only contain notes in the EF to AU range after decades of searching. ***($2,000-3,000)***

3633 **$5. LT. 1928E*. STAR** No.*07740270A. **EF.** A very attractive, lightly circulated, scarcer star in the Legal Tender series. ***($200-300)***

3634 **$5. LT. 1928F. Wide to Narrow Changeover Pair.** Nos.I64895448A/I64895779A. **Gem Uncirculated.** The change in the reverse back design created this interesting COP. Both notes are well embossed and bright. ***($200-300)***

3635 **$100. LT. 1966.** No.A00183729A. **Gem Uncirculated.** A true Gem in every respect, and many would call it Superb. The embossing on this note can be held up as an example to the intaglio printer's art, and would be perfect for teaching collectors what real embossing should look like on Legal Tenders. ***($500-700)***

3636 **$100. LT. 1966.** No.A00684693A. **AU,** with just a light center fold. ***($175-225)***

Silver Certificates

3637 **$1. SC. 1928*. STAR No.*08833908A. Gem Uncirculated.** Razor sharp corners, blast white paper and superb embossing makes this an unimprovable example of the popular Funnyback Star. ***($500-800)***

3638 **$1. SC. 1928A/1928 Reverse Changeover Pair.** Nos.H90138324A/H90138325. **Choice Uncirculated.** These interesting anomalies were created when the BEP used different series face plates then mixed the unfinished sheets. They were serial numbered later, creating these COPs. [2] ***($350-500)***

3639 **Three Consecutive $1. SC. 1928B. Choice AU.** A nice original run of the common FB block, each with a horizontal fold. [3] ***($60-90)***

3640 **$1. SC. 1928C.** No.B29449090B. **Choice to Gem Uncirculated.** The second scarcest of the Funnyback issue, with only the 1928E being more difficult. This note has bright paper with wonderful embossing. ***($500-700)***

Lot 2640

3642 **$1. SC. 1934. Choice Uncirculated.** The one year type in a DA block. ***($50-100)***

3643 **$1. SC. 1935.** Nos.A02251429-1434B. **Choice to Gem Uncirculated.** A half cut sheet of six notes on the scarcer Experimental AB block printed in March and April of 1937. A rarely offered and original half cut sheet. [6] ***($800-1,200)***

3644 **$1. SC. 1935A 'S' Experimental Overprint.** No.S74070985C. **Crisp to Choice Uncirculated.** ***($200-300)***

3645 **$1. SC. 1935A. 'R' and 'S' Experimental Overprint Pair.** Nos.S70976759C and S74221572C. **Gem Uncirculated.** The centering and paper quality is nearly perfect on this Experimental pair. [2] ***($500-700)***

3646 **$1. SC. 1935A. 'R' and 'S' Experimental Overprint Pair.** Nos.S71288011C and S74262574C. **Gem Uncirculated.** Close scrutiny will be needed to decide which of these two pairs is better. [2] ***($500-700)***

3647 **$1. SC. 1935B*. STAR** No.*03610169B. **Choice Uncirculated.** The last piece we sold in Gem went for $350. This piece is nearly as nice and consecutive to the following note. ***($200-300)***

3648 **$1. SC. 1935B*. STAR** No.*03610170B. **Choice Uncirculated.** Consecutive to the previous note and as nice. ***($200-300)***

3649 **Two Low numbered Silver Certificates. $1 1935E** No.R00000151H. **Choice Uncirculated. $1 1935G No Motto** No.C00000235J. **Gem Uncirculated.** [2] ***($125-200)***

3657 **$1. FRN. 1977*. STAR PACK.** Nos.I00078301-400*. **Choice Uncirculated.** This pack is on the more difficult Minneapolis district; as district star sets become ever more difficult to locate, it is sure to be in demand in the future. [100] ***($400-600)***

3662 **Three Matched RADAR Serial No.07200270 $1. FRNs. Choice to Gem Uncirculated.** This group contains a 1969D AB block, 1974 AB block and 1988A AE block. [3] ***($50-100)***

3663 **$2. FRN. 1976*. District Set of Twelve STAR Notes. Choice to Gem Uncirculated.** This consists of mostly Gems, and the important D, G, J, and I stars are all nice Gems. [12] ***($350-550)***

3664 **Pair of 1976 $2 STAR SHEETS of Four, in B.E.P. folders.** Chicago and San Francisco districts. **Gem Uncirculated.** [2] ***($40-60)***

3665 **Group of Five $5. FRNs. 1928 & 1928A.** Consisting of a **1928 GA** in **Choice VF, 1928A AA AU to CU** but flat and scarce, two **1928A CA** block in nice **VF,** and a **1928A GA** in **EF.** [5] ***($300-400)***

3666 **$5. FRN. 1928B. DGS.** No.I05766051A. **Choice Uncirculated.** This estimate may be too conservative as this Minneapolis district is near the top in scarcity in this series. Only a couple of repairable pinholes keeps this fully embossed note from Gem. ***($200-300)***

3667 **Two FRN Star notes. $5. FRN. 1934D. STAR** No.A00971053* **Choice Very Fine. $100. FRN. 1934. DGS. STAR** No.E00019120*. The E* Hundred is Fine and a new low observed by a large margin. [2] ***($200-400)***

3668 **$5. FRN. 1934D*. STAR** No.D01225678* **Gem Uncirculated.** A very difficult note to evaluate as to value, as this series is rarely seen offered on any district. Our Memphis offerings only included one star block, and that was a B* in VF. This piece is as nice as you can hope to find for the Star type or for the block. ***($600-800)***

3669 **$5. FRN. 1934D*. STAR** No.E01354751* **Choice Uncirculated.** This Richmond Star is rarer than the Cleveland above, and only the second number recorded in Oakes & Schwartz. The $5 FRNs are one of the more avidly collected denominations, which leads this cataloger to believe the numbers reported are fairly accurate. It would come as no surprise if there are only six notes known in all grades. ***($600-1,000)***

3670 **Near Solid $5. FRN. 1995.** No.G76666666C. Ever so close to a solid six; this note is a **Gem Uncirculated** beauty. ***($200-350)***

3671 **Ten Fancy Number $5. FRN. 1999. Radar Nos.G58077085A; G57644675A; H04788740A; E11822811A. Four Digit Repeater Nos.G58195819A; J03350335A; G57645764A; H05460546A; H04790479A and one Aces and Eights note No.E11811181A.** All are **Gem to Superb Gem Uncirculated** and most slant toward the Superb grade. [10] ***($150-250)***

3672 **Near Solid $5. FRN. 1999. No.E11811111A. Gem Uncirculated.** A **'Dead Man's Hand'** of Aces and Eights in a near solid. ***($150-250)***

3673 **$5. FRN. 1999*. STAR PACK.** Nos.BA02831401-500*. **Gem Uncirculated.** A fresh pack of a hundred consecutive stars. The first letter in the serial number designates it as the 'B' series of 1999. The 1996 series starts with the letter A. [100] ***($700-900)***

3674 **Three Stars and one Straggler. $5 FRN 1934C*** No.B02691041*. **VF, $10 FRN 34A B* VF, $10 1928 CA block VF, $20 1928*** No.C00055100* **Fine,** and the rarest of the lot. [4] ***($200-400)***

3675 $10. FRN. 1928. No.D05484079A, dark green seal. Cleveland. **Gem Uncirculated,** with good serial number and seal embossing. ***($150-225)***

3676 Thirteen $10. FRN. 1928. Nos.H04089180-203A. **Crisp Uncirculated.** The notes in this group are not all consecutive due to missing note gaps. One or two are **Choice AU** and three pieces are **Choice Uncirculated** with the average being **CU.** A pack fresh lot of the popular variety with the district number in the seal. [13] ***($1,000-1,500)***

3677 $10. FRN. 1928A. No.J02897337A. Choice EF. A district which is at least as elusive the Minneapolis district in the 1928A series. **Quit possibly the finest known.** We have been unable to find more than one or two specimens offered in the last three years, and those were in lower grades than this one. ***($500-1,000)***

This note has a lower serial number than that listed in Oakes and Schwartz.

3678 $10. FRN. 1928B. DGS. No.D17262062A. **Superb Gem Uncirculated.** An example which can definitely not be improved upon. ***($100-200)***

3679 $10. FRN. 1928C. LGS. No.G54031023A. **Gem Uncirculated.** As nice a 1928C series as you can hope to find. We have yet to see one that would make the Superb rating, although this one comes close. ***($400-500)***

3680 Sixteen $10. FRN. 1950D. Blocks AC, AD, BI, BJ, BK, CC, DC, EC, FC, GG, GH, HB, JB, KB, LC and LD. **Gem Uncirculated.** A complete block set missing only the KA. This set is so well matched that it deserves a premium bid. Or you can go through two sets of bifocals trying to duplicate it over the next ten years. [16] ***($700-900)***

3681 Four Fancy Number 1955 FRNs. $1, $5, and $10 RADAR Nos.G38799783P; E84588548D; B13233231D; and Repeater $5 No.L77697769H. All are **Gem Uncirculated.** [4] ***($75-125)***

3682 Two Matched Binary Radar No.G00111100A. $10. FRNs. Gem Uncirculated. Represented here by series 1988A and 1990, and one would think, incredibly difficult to find. [2] ***($75-150)***

3683 Three Fancy Numbered $10. FRN. 1995. A NEAR SOLID RADAR No.G85555558D, and No.G85558555D. Choice Uncirculated. And series 1999, Radar No.E38466483. Gem Uncirculated. [3] ***($100-200)***

3684 $20. FRN. 1928. STAR No.E00017490*. **Choice EF.** The second or third scarcest in the series as a Star, with only the K* being the runaway rarity and the F* likely third behind this Richmond Star. The last fixed price listing we could find had a Fine+ for $895. This note has full embossing with only three light folds; it is unlikely that you will have a shot at a nicer one any day soon. ***($1,000-1,500)***

3685 $20. FRN. 1928. No.F02214609A. **Choice Uncirculated,** nicely centered. ***($150-250)***

3686 $20. FRN. 1928*. STAR No.F00047641*. **Fine,** with some light foxing here and there, mostly in the margins. ***($300-450)***

3687 $20. FRN. 1928. No.I02389969A. **Choice Uncirculated,** with nice embossing, but without the centering necessary for a higher grade. ***($150-250)***

3688 **$20. FRN. 1928.** No.J02456416A. **Gem Uncirculated.** A nice type note for the number district series of 1928. ***($200-300)***

3689 **$20. FRN. 1928*. STAR** No.L00111862*. **Fine,** but with no top margin and a short (1/4") split at the bottom. A new high for the census. ***($150-200)***

3690 **$20. FRN. 1928A.** No.J02352490A. **Gem Uncirculated.** The lowest issue of this series, with a printing of only 113,000, and recognized as the key. This note, as with all we grade Gem, has bold ink, pristine paper surfaces, deep embossing and the centering you expect for the grade. ***($500-800)***

3691 **$20. FRN. 1928B*. STAR** No.H00075525*. **Fine,** close at the left. This may be the first Star reported, as there are no serial numbers listed. ***($150-250)***

Key 1928C $20 FRN

3692 **$20. FRN. 1928C.** No.G24478241A. **VF-EF.** A clean, pleasing example of this **rare** series, issued by only the Chicago and San Francisco districts. A bit nicer than the VF that brought $715 in our Memphis sale a few months ago. ***($600-800)***

3693 **$20. FRN. 1928C.** No.G24332748A. **Fine.** Not perfectly centered, but no pinholes or other problems. ***($250-350)***

3694 **$20. FRN. 1928C.** No.L16476207A. **Fine,** close at the bottom. A new reported high serial number. ***($400-600)***

3695 **$20. FRN. 1934.** No.A23998644A; **$20. FRN. 1934A.** No.A23998645A. A scarce **Changeover Pair.** Both **AU,** with faint vertical folds. [2] ***($150-200)***

3696 **$20. FRN. 1934. LGS. STAR** No.D00066440*. **Crisp Uncirculated.** At first glance this note appears Choice, but it has some light handling. All the LGS Stars are very difficult in better than average circulated grades; this Cleveland district is no exception. ***($400-700)***

3697 **$20. FRN. 1934A*. STAR** No.B01413632*. **Gem Uncirculated,** and a new observed high for this Star. ***($200-300)***

3698 **$20. FRN. 1934A. STAR** No.B01406982*. A nice **Choice EF** that appears AU, with crisp clean paper and a few very light folds. ***($100-200)***

3699 **$20. FRN. 1934A and 1934A Mule pair.** Nos. E54569087A and E17813403A. **Gem Uncirculated.** One of each. The EA mule was virtually unknown till this one came to light. [2] ***($175-250)***

3700 **$20. FRN. 1934B*. STAR** No.B01443815*. **Choice AU.** This scarce series Star retains all the attributes of a higher grade but for the light centerfold. All 1934B series stars are scarce. ***($200-400)***

3701 **$20. FRN. 1934B*. STAR** No.K00243199*. **Choice VF.** It is the listed Low Observed in Oakes. With only a 14,000 note range between the high and the low, this Dallas piece is very scarce in any grade. An attractive note which still retains some embossing and exhibits many qualities usually found in an EF grade. ***($500-700)***

3702 **$20. FRN. 1934B*. STAR** No.K00262991*. **Fine,** close at the left. A new high for this very scarce Star. ***($200-300)***

3703 **$20. FRN. 1934C*. STAR** No.B01744966*. **Choice Uncirculated.** Close at the bottom and left, but Gem otherwise. ***($300-450)***

3704 **$20. FRN. 1934C*. STAR** No.C00562339*. **AU** due to a light broad diagonal fold at the right. A new low serial number for this Star. ***($150-250)***

3705 **$20. FRN. 1934C*. STAR** No.G01362849*. **Gem Uncirculated.** Some might quibble that the left-to-right centering isn't perfect, but this early note is so fresh and original "Choice" just won't do. ***($250-350)***

3706 **$20. FRN. 1934D. Choice Uncirculated.** Here is a consecutive pair of BB blocks from this less common series. [2] ***($75-125)***

3709 **$20. FRN. 1950A*. STAR** No.E04717304*. **Choice Uncirculated.** Close at the top, but otherwise Gem. The new high observed serial number. ***($200-300)***

3710 **$20. FRN. 1950D*. STAR** No.J05007686*. **Gem Uncirculated,** practically unimprovable. ***($200-300)***

3711 **$20. FRN. 1969B.** No.J56821291A. **Choice Uncirculated.** This is a difficult series to complete in on any grade on any district. This Kansas City note has the second lowest issue of the ten issuing districts. ***($200-300)***

3712 **$20. FRN. 1969B.** No.L72539570B. **EF to AU.** These are scarce even in this grade, but more affordable. ***($75-125)***

3714 **$20. FRN. 1996*. STAR PACK.** Nos.AA07951001-100*. **Choice to Gem Uncirculated.** The first few notes have some handling, but the majority of this BEP fresh pack of a hundred Stars are Gem. [100] ***($2,500-3500)***

3715 **$20. FRN. 1996 Low Number B.E.P. Deluxe Presentation Folder Notes.** Five pieces, all Boston, Nos.A00003733A, ...3735A, ...3736A, ...3737A, ...3738A. All, naturally, are **Gem Uncirculated** in their B.E.P. folders. [5] ***($200-300)***

3717 **$50. FRN. 1928.** No.C00512342A. **Choice Uncirculated.** I am aware of only three of this district showing up recently in CU or better. Previously they were difficult even in lower grades; our extensive offerings in Memphis contained only a VF example. ***($600-900)***

3718 **$50. FRN. 1928.** No.F00359013A. **Choice Uncirculated.** Gem with a bit more bottom margin. These number district notes with the redemption in gold clause are much scarcer in the Fifty than all of the other denominations. ***($500-800)***

3719 **$50. FRN. 1928A.** No.D01806335A. **Choice Uncirculated.** All 1928 series Fifties are tough, and this one would be gem with more top margin. ***($150-250)***

3720 **$50. FRN. 1934.** No.B04600944A. **Choice Uncirculated,** very close indeed to Gem. ***($100-150)***

3722 **$50. FRN. 1934. LGS.** No.G00735469A. **Choice AU.** Light handling keeps this attractive, true LGS, from the Choice grade. This denomination is difficult in LGS. ***($150-250)***

3724 **$50. FRN. 1934. LGS.** No.H00053850A. **Gem Uncirculated.** A very attractive true light green seal contrasts nicely with the bright paper on this well margined specimen. The LGS varieties are getting more difficult to find in all FRN denominations. ***($300-400)***

3741 **$50. FRN. 1969B*. STAR** No.K00210532*. **Fine.** The CU's are easier to locate, but they sell for $1,750 and up, so this piece presents itself as an opportunity to acquire an affordable example. ***($250-350)***

3742 **$50. FRN. 1969C.** No.C09228671A. **Crisp Uncirculated.** This note is from a scarcer series, but has light handling with a clean attractive appearance. ***($150-200)***

3743 $100. FRN. 1928. No.B00341892A. **Choice Uncirculated.** The consignor of the advanced collection of FRNs in our Memphis sale did not have an example in any grade, attesting to the scarcity of this number district issue. ***($700-1,100)***

3744 $100. FRN. 1928. No.E00185667A. **Choice Uncirculated.** The Memphis example was an AU, as all districts are difficult in high grade. This example would have been the nicest we had seen in some time but for the note below. ***($600-900)***

3745 $100. FRN. 1928. No.E00298848A. **Gem Uncirculated.** This is a premium example for the district or as a type for the series. Pristine paper, bold and perfectly registered inks, and original embossing makes this an unimprovable note for the district. ***($800-1,100)***

3750 $100. FRN. 1934. LGS. No.J00020328A. **Choice AU.** At first glance this note appears Gem with great centering, color, and embossing. Alas there is a ghost of a center fold that most would miss without a trained eye. ***($250-400)***

3751 $100. FRN. 1934. DGS. No.L06942435A. **Gem Uncirculated.** This note is a well embossed example for the series, as FRNs exhibit the least embossing in comparison with other categories in small size. ***($200-400)***

3752 Four Consecutive $100 FRNs. 1934A. Mule. Nos.B09254844-47A. Choice Uncirculated. These pack fresh notes have all the appearance of Gems but for the faintest hint of handling in the body of the notes. [4] ***($600-1,000)***

3757 $100. FRN. 1950A* STAR No.K00192541*. **EF.** If there is another it has yet to be recorded in the most recent Oakes & Schwartz. The 1950A series is difficult, so it would not surprise this cataloger if it is the first Star on the Dallas district. The note retains all the appeal of a new note but has light over all handling and bends, which make it difficult to grade it higher even though it's appearance may warrant it. ***($500-900)***

3758 $100. FRN. 1950B. No.B08068253A. Graded **Gem Uncirculated 65** by CGA. Centered a bit high, but superb otherwise. ***($200-300)***

3765 $1,000. FRN. 1934A. No.G00228279A. **Choice AU.** With Uncirculated examples bringing $2,000 and up, this light center fold note is a more affordable piece but still with the look of a higher grade. Fully original with wonderful embossing and paper. ***($1,500-1,800)***

Federal Reserve Bank Notes

3766 $5 and $10. FRBN. 1929. Nos.J01527961A and J00056118A. **Choice AU.** A very attractive and well embossed pair of Kansas City notes. The five has a corner tip fold into the design and the ten minor handling throughout. [2] ***($125-250)***

3767 $10. FRBN. 1929*. RARE STAR No.A00018782*. **VG to Fine.** There were only three pieces known until this fourth appeared in our consignments. A Chicago note with a census of eight brought $1,700 in our Memphis sale; this piece is a least twice as scarce. Based on the sales of other past FRBN Star rarities, this note could easily go for double the estimate. A very rare opportunity to own what only a few can. ***($2,000-3,000)***

3768 $10. FRBN. 1929*. RARE STAR No.E00020104*. **Fine.** There are eight listed in the R. Vogel census, as published in *Coin World,* and this rarity is very nearly the finest known with only one recorded in a higher grade. ***($1,750-2,300)***

3771 **$20. FRBN. 1929*. STAR** No.C00005604*. **Very Fine** with a small numeral written in ink on the left back margin. Less than fifteen known in all grades. This is a respectable example for the advanced collector until one of the few in a higher grade can be located. ***($500-800)***

Rare $10 WW II Emergency Issue

3790 **$10. SC. 1934. North Africa.** No.A91298466A. **Choice Fine to Very Fine.** The most difficult regular WW II Emergency issue to locate in any grade with only two recent auction offerings; a Choice AU in Memphis 1999 brought $14,300; more recently a piece in FUN 2001, described as Gem, brought $31,350. The note offered is in a more affordable grade, but do not be lulled into entering your bid based on any retail or wholesale price guides. The two notes we cited above brought substantially more then current published guide prices; these affordable grades turn up infrequently of late. ***($2,500-4,000)***

3799 **$10. FRN. 1981A. Mismatched Serial Numbers.** Nos.G79723910A/G79713910A. **VF-EF,** and close to full EF. A far rarer error on this denomination than the $1. ***($150-250)***

3800 **$2. FRN. 1976. Mismatched Prefix Letters.** New York District, Nos.**H**45439148A/**B**45439148A. **Choice Uncirculated.** One of the more interesting errors in the world of mismatches, this note was certainly not meant to have a St. Louis prefix in the serial number. A very well centered example of this desirable error on one of the more difficult denominations to find with even minor errors. ***($400-600)***

3801 **$2. FRN. 1976. Mismatched Prefix Letters.** New York District, Nos.**H**45439831A/**B**45439831A. **Choice Uncirculated.** Another beautiful example of this popular error. ***($400-600)***

3805 **Two $1. FRN. 1988A. Missing Second Printing with Bookends. Nos.L41249321-24B. Gem Uncirculated** and nearly Superb. This is the first time we have seen this dramatic error being offered as a consecutive pair with bookends. [2] ***($800-1,200)***

3806 **$1. FRN. 1995. Missing Third Overprint** *except for the Treasury Seal.* **Choice AU.** This piece was shown to a leading expert in errors by the consignor; no explanation as to how this error occurred was provided. It is beyond this cataloger's expertise to hypothesize, but it is possible to guarantee that it is genuine and as made by the BEP. A possibly unique error and one which remains inexplicable to this cataloger. ***($300-500)***

3807 **$1. FRN. 1995. Missing Third Overprint. Choice AU.** Made more interesting by the note to follow, which is thought to be consecutive. ***($150-250)***

3810 Five Consecutive $5. FRN. 1995. Missing Third Overprint. Gem Uncirculated. These superb notes are from the Richmond district. They provide a rare opportunity in the realm of this error variety. We have not offered another group where a ghost of an impression of the last two digits remains so they can be legitimately labeled consecutive. Consecutive errors are quite popular, and, according to published guides on the subject, more valuable as such. The visible portion of the serial number is so faint as to be missed except under close scrutiny, but the numbers 14 through 18 do remain. This group is a rare find and a once in a lifetime chance to acquire consecutive notes of this popular error variety. [5] ***($1,000-1,500)***

3811 $20. FRN. 1985. Missing Third Overprint. Choice Uncirculated. Beautifully embossed but missing the ink for the final printing stage. All collectors should examine this and previous notes as a teaching tool for spotting the original embossing characteristics of U.S. Small Size notes. ***($200-400)***

3814 $1. FRN. 1977. Partially missing black overprint. No.G76966177G. **Gem Uncirculated.** The two left district numbers are missing, and the district seal is mostly missing, but deeply embossed nonetheless. ***($75-125)***

3815 Nine Consecutive Under Inked Partial Blank Backs. $1 FRN 1977A. Nos.B96488685-93L. This 30 to 40% blank back run increases with each note; the grades progress from **EF** to **Choice Uncirculated.** [9] ***($400-800)***

3816 Three Consecutive Partial Blank Backs. $1 FRN 1977A Nos.B96168783-85L. **Choice AU.** Nearly identical to the notes above, but these all have a ghost of a center fold. This error is most likely caused by underinking. [3] ***($200-300)***

3817 $2. FRN. 1995. Board Break Error. No.F07091591A. **Gem Uncirculated.** There are three noticeable blank areas on this recent deuce, most likely caused by a board break at the top face margin, which has left two 1/4" by 2" strips and one other small area on the face devoid of ink. All Two Dollar errors are scarce to rare. ***($300-400)***

3818 $20. FRN. 1988A. Under Inked Back Error. No.B73335612J. **Choice Uncirculated.** Under inking has given this note an interesting blotchy appearance with about half the note inked somewhat helter skelter. ***($200-300)***

3819 $20. FRN. 1996. 80% Under Inked Back. No.B87660977G. **Gem Uncirculated.** Nearly a completely blank back but the small inked strip gives this piece a more interesting effect. ***($250-400)***

3820 $100. FRN. 1977. Under Inked Face. No.J07172452A. **Choice to Gem Uncirculated.** A dramatic under inking on a difficult denomination to find with major errors. ***($400-600)***

3821 $100. FRN. 1988. Under Inked Back. No.B19175913A. **Choice AU.** This note has 60% or more of the back left blank; only a ghost of a center fold keeps it from a higher grade. ***($300-400)***

Please note that a 10% buyer's premium will be added to each lot purchased.

3822 $20. FRN. 1990. Board Break. No.A27833914B. **AU. $10. FRN. 1974. Smeared Third Printing. Crisp Uncirculated.** The twenty has around 5% of the left face margin unprinted due to a board break. The ten has the right portion of the seal, serial number, and district numerals possibly smeared by solvent or just handled before that last printing had completely dried. [2] ***($200-350)***

3823 $100. FRN. 1990. Missing the Magnetic Ink on the Face. No.I28835473A. **Choice EF,** with a few faint folds. A visually striking error that is seldom encountered. ***($300-400)***

3824 Four $1 FRN Errors. $1 series unknown Blank Face. Very Fine. 1974 Under Inked Face. EF to AU. Two 1995 BA blocks with ink goobers on the face. **Choice AU.** These last pieces have what appears to be a combination of solvent and excess ink, which has been transferred from the notes stacked on top. Or possibly a real globular wet offset transfer. [4] ***($200-300)***

Overprint on Back Errors

3825 $1. FRN. 1974. Third Printing on Back. No.E01211017E. **Gem Uncirculated.** A near perfect example of this popular error variety with the face missing the third printing, but on the back. ***($200-300)***

3826 $1. FRN. 1988A. Third Printing on Back. No.G02680816V. **EF.** Bright and crisp, but lightly folded. ***($100-150)***

3827 $1. FRN. 1995. Third Printing on Back. No.D69552415E. **Choice Uncirculated.** This note is as above but on a different series. ***($200-300)***

3828 $1. FRN. 1995. Third Printing on Back. No.E73902508S. **EF-AU,** with a light center fold. ***($100-150)***

3829 $1 FRN. 1995. Third Printing on Back. No.I89376722H. **Choice Uncirculated.** Another example of this neat error with the last stage of the printing process showing up on the back instead of the proper position on the face. ***($200-300)***

3830 $10. FRN. 1977A. Third Printing on Back. No.L80996942A. **Gem Uncirculated.** As nice as they come. ***($300-400)***

3831 $10. FRN. 1990. Third Printing on Back. No.B14941470C. **Choice to Gem Uncirculated.** This popular error variety is infrequently seen on higher denominations; this piece is a beauty. ***($200-300)***

Double Printing Errors

3832 $10. FRN. 1988A. Double Printed Back. No.A44688675B. **Gem Uncirculated.** The back is printed twice; giving it a blurred, double image effect. A very scarce and collectible error variety. ***($300-500)***

Inverted Printing Errors

3833 $1. FRN. 1974. Inverted Overprints. No.J18400780B. **Choice Uncirculated,** virtually Gem. ***($250-350)***

3834 $1. FRN. 1974. Inverted Overprints. No.J37635352B. Graded **Choice Uncirculated 64** by CGA. ***($250-350)***

3835 FRN. 1988A. Inverted Third Printing. No.B60563686B. **Very Fine.** ***($125-200)***

3836 $1. FRN. 1988A. Inverted Third Printing. No.K44631398B. **EF,** bright and crisp. In addition, the engraving on both sides is misaligned very low, off the bottom edge of the note, with an enormous top border. ***($150-250)***

3837 $20. FRN. 1985. Inverted Third Printing. No.A57077246B. **EF.** This error is caused by the sheets being fed upside down before the final third printing is applied and the notes are cut individually. ***($200-400)***

Cutting and Alignment Errors

3838 $20. FRN. 1996. Cutting Error. No.AB42138101B. **Gem Uncirculated.** This note is a superb example of the new series twenty with a major cutting error. ***($250-400)***

3839 Four Misaligned Backs. $1 FRN 1988A. CU. $5 SC 1953. VF. $10 FRN 1950A. AU. $20 FRN 1950A. AU. All show part of the printing of the neighboring note but the One Dollar FRN. [4] ***($200-400)***

3840 Three Misaligned Fronts. $5 FRN 1950C. AU. $10 FRN 1950D. EF. $50 FRN 1996. AU. The Five and Ten show an eight to a quarter inch of the adjoining note on the left face. The Fifty is cut into the top frame line but exposes no adjoining note. [3] ***($200-350)***

3841 Three $5 FRNs with Misaligned Third Printing. 1974 BE, VF; 1969 GA, Choice Uncirculated; 1969C BE, AU. The 1974 has the most dramatic shift left to right with the other two high and low. [3] ***($120-200)***

3842 Four $10 FRNs with Misaligned Third Printing. 1969B AB, Choice Uncirculated; 1969B GC, AU; 1969C FB, AU; and 1974 BH VF/EF. The first three notes are from rare series and worth a look for that reason, in addition to the misalignments. [4] ***($200-300)***

Lot 3843

3843 Two $20 FRNs with Misaligned Third Printing. 1950A HA in VF, and 1963A in Gem Uncirculated. The 1950A has a very noticeable shift to the left; the 1963A shifts to the right. [2] ***($200-300)***

3844 $50. FRN. 1993. Major Second Printing Shift Error. No.B12433646C. **AU,** with a light center fold. Both the back and the overprints (third printing) are properly positioned, but the face engraving (second printing) is far too high and left, resulting in huge right and bottom margins. ***($200-250)***

3845 $100. FRN. 1996. The watermark is inverted and on the left, the security strip on the right. No.AB58627732D. **Gem Uncirculated,** and unsurpassable. A great modern error that occurs when a sheet of paper is fed into the press with the correct side up, but rotated by 180 degrees. One of the four possible error varieties that can occur with the newer notes, but were impossible in older series. ***($500-750)***

Fold Errors

3846 $1. FRN. 1963A. Large Corner Fold at the Lower Left. No.A21981234A. Folded onto the face after the back was printed, the back also has part of the face engraving and parts of the overprints, that area being correspondingly blank on the face. **Choice Uncirculated.** Included is the next (normal) note, No.A21981235A; Also, **$10. FRN. 1985. The sixth digit of the right serial number is entirely missing.** No.L85494399B. **EF.** [3] ***($75-125)***

Lot 3847

3847 $1. FRN. 1969B. Printed Foldover with Bookends. Nos.B64428892-94B. **Gem Uncirculated.** Quarter folded diagonally at the right, resulting in a partial printing of the seal and serial number to be printed on the exposed back, which shows part of two notes. The bookends makes this an even more intriguing error and the condition is unimprovable. [3] ***($300-400)***

3848 $10. FRN. 1995. Printed Foldover. No.L59862174B. **EF with a 1/2" tear.** This piece has the lower left 2 inches of the note folded over on to the face where it subsequently blocked portions of both the second and third printings, causing a respectable portion of the note to be blank on the face. ***($100-200)***

3849 $50. FRN. 1993. Spectacular Fold Over Error. No.G78887636A. **Choice Uncirculated.** When the diagonal fold over portion is unfolded, fully 1/3rd of the face of this Fifty is left blank, rendering this note one of the more dramatic fold over errors we have seen. A note that is more desirable due to both the second and third printings being obstructed by the fold over portion of this major error variety. ***($500-900)***

3850 $100. FRN. 1969C. Fold Over Error. No.C07416537A. **Crisp Uncirculated.** A note which exhibits the extra salvage, miscutting, and partially obstructed third printing, all caused by the fold over of the bottom 1/3rd of this note. ***($300-500)***

3851 FRN Denomination Set of Gutter Folds. $1 1969D AA VF; $5 1969 GB EF; $10 1950D KB Choice AU; $20 1950D GC EF; $50 1950D LA EF; $100 1963A CA Choice Uncirculated. The gutters range from 1/8" to a strong 1/4" on the Fifty. [6] ***($400-600)***

3852 Two Star Errors. $20 FRN 1963A C* with a gutter fold in **VF** and another **1974 L*** which is cut into the design at the top and grades **EF.** [2] ***($200-300)***

3853 $50. FRN. 1996. Gutter Fold. No.F61730511A. **Choice Uncirculated.** A fairly small gutter, but it falls right through the portrait of Grant. ***($150-200)***

3854 $100. FRN. 1990. Multiple Gutter Folds. No.L88736692A. **Choice Uncirculated.** This note has many wrinkles. The largest of the gutters dissects the portrait of Benjamin Franklin, with the rest scattered throughout. ***($225-300)***

Offset Errors

3855 $10. FRN. 1988A. Full Face on Back Offset Overprint. No.B17658580C. **Gem Uncirculated.** A very dark face on back example with pristine paper surfaces and not a whisper of handling. ***($200-400)***

3856 $20. FRN. 1988A. Full Face on Back Offset Overprint. No.B07399732H. **AU.** Equal to the preceding lot in every way but the grade. ***($100-200)***

3857 Four Piece FRN Denomination Set of Full Face on Back Offsets. $1 1974 BF in VF; $5 1974 GC in Choice Uncirculated; $10 1977A EA in EF; and $20 1974 ED in Choice Uncirculated. All have full, dark offsets, with only the $5 falling a little short. A neat and well matched set of this eye catching error variety. [4] ***($400-600)***

3858 Five FRN Back on Face Offsets. $1 1969D LB EF to AU; $5 1977 GA Choice Uncirculated; $20 1974 BF Choice AU; $50 1993 BC EF; $100 1977 BB Choice AU. All have medium to light 100% offsets that match very well as a set, with only the $10 lacking for completion. [5] ***($450-750)***

3859 $100. FRN. 1977. Back on Face Offset. No.B76777482A. **Choice VF.** A nice medium dark 100% offset overprint. ***($200-300)***

3860 $100. FRN. 1977. Back on Face Offset. No.B66797471A. **Choice AU.** As bold and dark as we have seen in this denomination, but there is a bit of curious red ink on the face and back. Still a nice, boldly detailed offset. ***($250-400)***

3861 $100. FRN. 1990. Back on Face Offset. No.B75026187C. **Choice AU.** A medium impression but with fine details in the offset. A nice note for this denomination. ***($300-600)***

3862 Four Piece FRN Denomination Set of Back on Face Offsets. $1 1974 GB 80% offset, Choice Uncirculated. $5 1969 LA 80% offset, AU. $10 1950D EC 40% offset, Choice Uncirculated. $20 1969C EB 60% offset, Choice Uncirculated. All are well matched medium to dark offsets. [4] ***($300-450)***

3863 Three FRN Partial Face on Back Offsets. $1 1963A GB 30% offset EF; $5 1950B 40% offset and very dark Choice AU; $10 1950D 20% offset Choice AU. A nice group due to the earlier series errors. [4] ***($200-300)***

3864 Three Offsets. $1 FRN 1995 CE 100% very dark Face on Back Offset. Choice EF. $5 LT 1953 10% Face on Back Offset. VF to EF. This error is rarely seen on any Legal Tender notes and worth a premium as such. **$1 SC 1957A JA 10%** and very dark *offset on both the obverse and the reverse.* **Crisp Uncirculated.** One of the more interesting errors we have seen, and obviously created by a tear being present in the previous sheet. This caused ink from both the front and back to be transferred to this note, which is somewhat hard to explain due to the first two printings being separate printing stages. A unique item worth hypothesizing over. [3] ***($350-600)***

3865 $100. FRN. 1996. Partial Back on Face Offset. NosB13844351-52X. Gem Uncirculated. 10% transfer on this consecutive pair of hundreds. [2] ***($250-350)***

Smear Errors

3866 Two $1. FRN. 1969B. Ink Smears. Nos.D55703989-93A. Choice AU and Choice Uncirculated. Both these pieces have very opaque black ink smears on the face and retain the red crayon rejection marks. [2] ***($200-400)***

3867 **Three FRNs with Ink Smears on the Back. $1 1963A FF Choice Uncirculated; $10 1974 GD Choice AU; $20 1950A DA AU.** Three notes with substantial green ink smears on the backs. [3] ***($200-300)***

3868 **Four FRNs Raining Ink Smears. $1 1969B LB VF; $1 1969D EB EF; $10 1963A AA AU; and $10 1969C DB EF.** The first and third notes have cascading black ink smears; the second and last piece have the same effect on the back in green ink. [4] ***($250-400)***

3869 **Four FRNs with Black Ink Smears. $1 1969B HA EF; $5 1969C CB EF; $10 1969 BA Choice AU; and $20 1974 EC in Choice Uncirculated.** All but the five retain the red rejection mark, although a misguided effort was made to erase the mark off the ten. An interesting group that escaped the BEP even after being rejected. [4] ***($250-450)***

3870 **Six $1 FRNs with Ink Smears. Two 1969 LB block. Gem Uncirculated. 1969 L* STAR ERROR. Gem Uncirculated. 1969B LB block Gem. 1974 LB block AU. 1988A FX block VF.** A nice group of ink smears with the Star error adding good value to the mix. [6] ***($300-500)***

Miscellaneous Errors and Groups

3871 **Three FRNs with Turned digits. $1 1969D DA in Gem CU; $10 1963A BC in Choice VF; and $20 1950B BC in Choice CU.** All three with one turned digit in one serial number. The twenty is intriguing due to the fact that earlier series FRNs are scarce in such nice condition. [3] ***($125-250)***

3872 **$5. FRN. 1995. Thick Paper Error.** No.F57465345A. **EF.** This error is somewhat inexplicable to this cataloger as it feels a lot like a stiff piece of linen. The color is a bit off, and the note smells of PVC but it's definitely much too thick and is not a counterfeit. ***($200-300)***

3873 **Small Group of Minor Error Notes. $5. SC. 1953** with a dark, top margin 10% face on back offset. **Choice Uncirculated. Four Gutter Folds on FRNs. $1 1974 EF, 1977 (2) EA, and $20 1969C EC block.** All with minor gutter folds and in the VF to EF grade range. [5] ***($200-300)***

3874 **Two Misaligned Third Printings with Flags. $1. SC. 1935E VA block, and $10. FRN. 1950A. EA block. Choice Uncirculated.** Both notes have the red and white BEP 'flags' or stickers affixed to denote rejection. The FRN also has the red grease pencil rejection mark; though the shift is fairly minor, the rejection flags make this an interesting pair for those who collect errors with this interesting form of rejection marking. [2] ***($200-300)***

3875 **Two $20 FRN Errors. 1990 AA block** has a cutting error on the face so that the first 1/8" of the note below shows on the bottom margin. **VF. 1990 BC** was folded during the last printing, causing the Treasury seal to be split in two with the bottom portion falling on the very edge of the lower margin. **VF.** [2] ***($100-200)***

3876 **Four FRN Errors. $5. 1969C FB block** 50% face on back offset. **VF. $10 1950A LB block** with misaligned back. **Choice EF. $10 1974 CB block** with a turned digit in the serial number in **VF.** And **$100 FRN 1996** with very minor error smudge in the lower left numeral. **AU.** [4] ***($300-450)***

3877 **Three Different Errors. $1. SC. 1935D Missing the right half of the third printing. EF to AU** and scarce on this early Silver Certificate. **$10. FRN. 1988A. Fine. Shifted Back. $20. FRN. 1993.** Under inked back in **AU.** [3] ***($200-400)***

Small Size Counterfeit Detector

3878 **Small Size "Counterfeit Detector" Called the "Spuriscope."** Manufactured by Ruth Devices Corp., New York, across the street from the R.M. Smythe office. A 4 1/2" diameter plastic device with a rotatinng inner wheel. Dated February 1st, 1950. Nearly New condition. An interesting adjunct to a Small Size collection. ***($600-900)***

This interesting device was designed to detect counterfeits where the plate position letter was not what it should be for a given serial number and series. Included with it is a 6 1/4" x 8" sheet with instructions for use on one side, and a guarantee on the other, offering to pay double the face value of a note, up to $1,000, if a note shown to be counterfeit turns out to be genuine. No guarantee is offered should a note shown to be good turns out to be counterfeit and the user gets stuck!

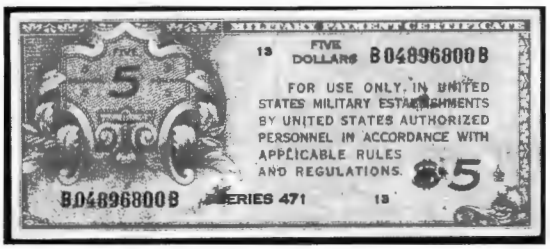
Rare Series 471 $5



3879 **Series 471. $5.** No.B04896800B. **VF-EF,** and closer to the higher grade, but with a couple of small black ink smudges here and there on the face. Bright and well centered, and overall a more than acceptable example of one of the top classic rarities in the MPC series. ***($1,000-1,500)***

3880 **Series 521. $10.** No.E10206466E. **VF,** clean for the grade, with good margins. Scarce. ***($125-175)***

Extremely Rare 541 $10 Replacement Note

3881 **Series 541. $10. REPLACEMENT** No.F00053687. **VF.** An **extremely rare** replacement, unpriced in the "Green Sheet" in any grade! The last one we can recall seeing at auction was nearly 20 years ago, and we have never had one in any of our sales. Schwan lists eight known, including one specimen. This is a new addition to the census, and is the lowest serial number known. Other than a small "82" penned in the portrait area, this is an attractive problem-free note. ***($2,000-3,000)***

3882 **Series 611. 10 Cents. REPLACEMENT** No.H00202582. **VF-EF,** but with a small "80" penned in the left field, and missing a tiny (1mm) corner tip at the upper left. A couple of packs of Uncirculated notes were saved, but for those on a budget there are now four notes reported that aren't from the packs. ***($75-100)***

3883 **Series 611. $1. REPLACEMENT** No.H00028112. **EF,** with good color and not a single problem. Not particularly rare, just a nice pleasing example. Schwan reports that the Uncirculated notes remain in one bundle in a collection, so attractive high grade circulated notes are far more acceptable than they might otherwise be. ***($200-300)***

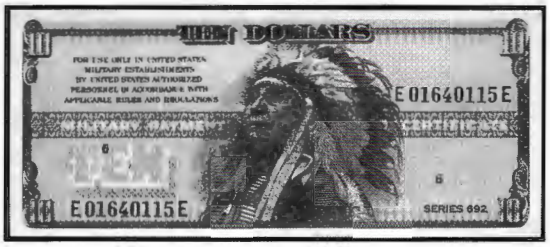
3884 **Series 641. 5, 25, 50 Cents, $5.** The first three are **Gem Uncirculated,** the last VF+. The 50 Cent catalogs rather low at $17 in Choice Unc., but is unpriced in Gem. [4] ***($75-100)***

3885 **Series 641. $10.** Small hoard of ten pieces, **VF** or a touch better. Eight have pinholes at the left, and a few have edge smudging, but all are attractive, decently centered and undamaged. [10] ***($175-250)***

3886 **Series 661. 10 Cents. REPLACEMENT** No.B00610497. A nice bright, crisp **EF,** with good centering. ***($400-500)***

3887 **Series 661. $10.** No.B03328894B. **VF-EF.** A bright, crisp, problem-free example. ***($175-250)***

3888 **Series 661. $20.** No.B03012138B. **EF,** bright and crisp. ***($100-125)***



3889 **Series 692. $10.** No.E01640115E. **Gem Uncirculated.** Perfectly centered and virtually flawless. One of the most attractive and popular designs in the entire series; Also - **Series 661 $10.** No.B18707565B. **Uncirculated.** [2] ***($600-750)***

3906 15 Cents. Fr.1267. Watermarked paper. **Gem Uncirculated,** with broad margins. ***($250-350)***

3907 15 Cents. Fr.1267. Choice AU. A beautiful Choice CU but for a ghost of a center fold, easily missed. ***($70-90)***

3908 15 Cents. Fr.1269. AU, with a light fold; **Fr.1271.** Uncirculated, close at the left but bright and crisp. [2] ***($175-250)***

3909 **25 Cents. Fr.1279.** Perforated edges. **Choice Uncirculated** but with short perfs across the top; **Fr.1295.** Green back, 'a'. **Choice Uncirculated,** a bit close at the left. [2] ***($125-150)***

3910 **25 Cents. Fr.1279.** Perforated edges. **Uncirculated,** but carelessly scissor trimmed, with no perfs at the bottom, and extra paper at the top; **50 Cents. Fr.1312** (2). Straight edges. Both **AU,** with a center fold. All are bright and crisp. [3] ***($200-300)***

3911 **25 Cents. Fr.1280.** Perforated edges, No monogram. **Choice Uncirculated,** fully gem except for the bottom margin, which as left a few short perfs at the left. Superbly bright, crisp and attractive, and a truly difficult variety to find with any eye appeal at all. ***($400-550)***

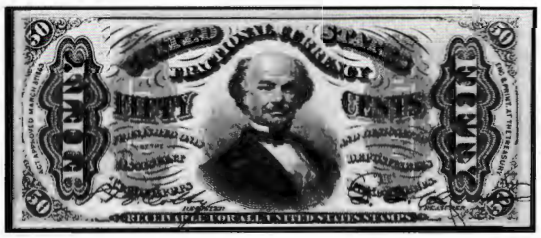
3912 **25 Cents. Fr.1286.** S-18-63. **Choice Uncirculated,** Gem but for the top margin. With this piece is an old turn of the century envelope, indicating this note was in the July 21, 1898 Lyman Low sale. ***($100-150)***

3913 **50 Cents. Fr.1312.** Straight edges. **Choice to Gem Uncirculated.** Nice and original, and very close to Gem. ***($200-300)***

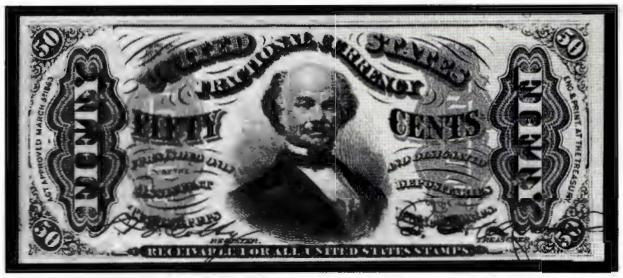
3914 **50 Cents. Fr.1317.** A-18-63. **Choice Uncirculated,** but trimmed to the design on all sides. ***($100-150)***

3915 **50 Cents. Fr.1317.** A-18-63. Two **Uncirculated** pieces, bright but tightly trimmed. The back surcharge of one is off center, showing no corner surcharges at the left, and the '18' and part of the 'A' at the right edge; **10 Cents. Fr.1255** (2) Uncirculated and AU; **15 Cents. Fr.1267.** Badly washed Good. [5] ***($225-275)***

3916 **50 Cents. Fr.1324.** Red back. **Very Choice Uncirculated.** Fully gem except just a trifle close at the bottom left. ***($300-400)***



3917 **50 Cents. Fr.1326.** Red back, '1'. **Very Choice Uncirculated,** nearly Gem. Excellent margins, with sharp original embossing. ***($250-350)***



3918 **50 Cents. Fr.1328.** Autographed signatures. **Gem Uncirculated.** From the bottom left corner of the plate, with an edge of the plate impression. Bright and crisp, with bold signatures that have not eroded the paper. ***($400-500)***

3919 **50 Cents. Fr.1328.** Autographed signatures. **Uncirculated.** Not fully bright, with some light handling dirt on the back. ***($125-175)***

3920 **50 Cents. Fr.1332.** Green back. **Very Choice Uncirculated.** Bright and crisp, with sharp embossing, but without the margins necessary for a higher grade. ***($250-350)***

3921 **50 Cents. Fr.1331.** Green back. **Choice Uncirculated.** The centering isn't quite perfect, and the brightness is not quite 100%, but both are well above average. ***($200-250)***

3922 **50 Cents. Fr.1332.** Green back, '1' and 'a'. **AU,** with a light center fold. A bit close at the bottom. As the scarce '1' and 'a' notes came from the top left corner of the sheet this note shows the full impression of the edge of the plate at the top and left. ***($175-250)***

3923 **50 Cents. Fr.1332.** Green back, '1' and 'a'. **AU,** with a center fold. Very similar to the last, down to the close bottom margin. ***($175-250)***

3924 **50 Cents. Fr.1335.** "A-2-6-5". **Choice Uncirculated.** Tight at the top, the other three margins broad. In addition to good central embossing, this note is from the lower right corner of the sheet, showing the impression of the edge of the printing plate at the right and bottom. ***($225-325)***

3925 **50 Cents. Fr.1339.** Spinner Type II. **Choice Uncirculated.** Close at the right, but good embossing. ***($250-300)***

3926 **50 Cents. Fr.1340.** Type II, '1' and 'a'. **Uncirculated,** but trimmed into the design across the bottom, and not as bright as one might hope for. A very scarce variety nonetheless. ***($250-350)***

3927 **50 Cents. Fr.1349.** Red back, '1'. **Uncirculated,** but some mounting has been removed from the back corners. Bright, with a nice look to the face. ***($150-200)***

3928 50 Cents. Fr.1355. Red back, Autographed signatures. **Very Choice Uncirculated.** Bright paper and bronze, sharp embossing, and bold black signatures that have not eroded the paper, as so often seen. ***($500-700)***

3929 50 Cents. Fr.1356. Red back, Autographed signatures. **Gem Uncirculated.** Tightly margined, as are all Justice notes. One tiny pinhole, but bright, with good embossing, and the signatures have not eroded the paper. ***($600-800)***

3930 50 Cents. Fr.1356. Red back. Autographed signatures. **Choice to Gem Uncirculated.** A pretty note, with good embossing, very close to Gem. ***($500-700)***

3931 50 Cents. Fr.1374. Lincoln. **Uncirculated** or better. Very tight across the top, but otherwise very nice. ***($200-300)***

3932 50 Cents. Fr.1379. Dexter. **Gem Uncirculated.** ***($150-200)***

3933 Fifth Issue Denomination Set. 10 Cents. Fr.1265; 25 Cents. Fr.1309; 50 Cents. Fr.1381. The first and last are Choice AU, the 25 Cent **Choice Uncirculated.** [3] ***($90-120)***

3934 High Grade Fifth Issue Group: 10 Cents. Fr.1264 (3), **1266** (3); **25 Cents. Fr.1308, 1309** (2). AU to Choice Uncirculated, mostly Uncirculated, a few with close margins, but most rather nice. [9] ***($200-300)***

3935 Attractive Fifth Issue Group: 10 Cents. Fr.1264, 1265, 1266; 25 Cents. Fr.1308, 1309; 50 Cents. Fr.1381. Choice EF to Uncirculated, only one with a pinhole. Mixed centering. [6] ***($150-200)***

Fractional Specimen Notes

3936 3 Cents. Fr.1227-SP Wide Margin Face; 5 Cents. Fr.1238-SP Wide Margin Face and Green Back. The 3 Cent is **Choice Uncirculated,** the others AU. [3] ***($225-300)***

3937 5 Cents. Fr.1232-SP Wide Margin Face and Back. The Face is **Gem Uncirculated,** the back is Gem Uncirculated but for a faint broad corner fold. A nice well matched pair. [2] ***($250-350)***

3938 5 Cents. Fr.1232-SP Wide Margin Faces and Back; 25 Cents. Fr.1283-SA Face. One Face is Choice Uncirculated, one AU, slightly aged, the Back is Uncirculated with a tiny mounting spot on one back corner. [3] ***($175-250)***

3939 10 Cents. Fr.1244-SP Wide Margin Face and Back. Both are **Uncirculated,** but trimmed down a bit. Obviously still wide margin notes, but not what one would like. [2] ***($125-150)***

3940 10 Cents. Fr.1251-SP Wide Margin Face, Red Back, and Green Back (2). **Uncirculated,** the face with light foxing on the back, the red back with a bit of mounting on the blank side. [4] ***($250-400)***

Beautiful Grant & Sherman Pair

3941 15 Cents. Fr.1272-SP Wide Margin Face and Green Back. Purchased as **Gem Uncirculated,** and can easily pass as such, but the face has a ghost of a center fold, all but invisible. This is a superbly matched pair, not the typical pair with one wider than the other or with slightly skewed margins. It would be difficult indeed to find a nicer pair than this. [2] ***($400-600)***

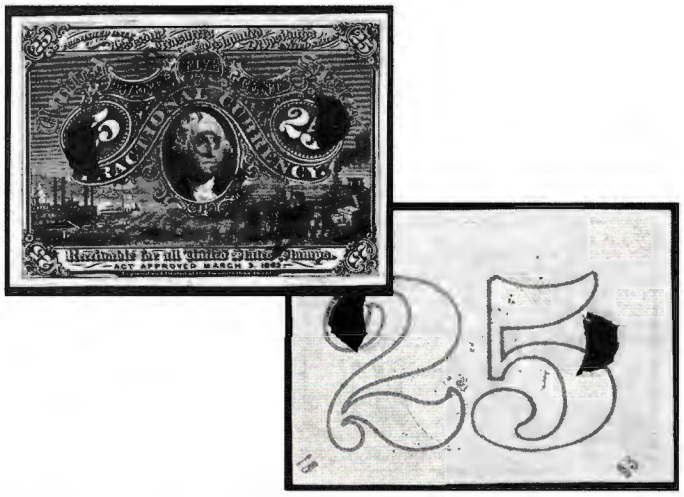
3942 **50 Cents. Fr.1314-SP Narrow Margin Face. Gem Uncirculated,** but NOT a shield note. This one has full margins that would do a regular issue note proud, and is virtually flawless. ***($100-150)***

3943 **50 Cents. Fr.1243-SP Wide Margin Faces** (2) **and Green Back. AU,** one face with mounting on the back corners. All bright and undamaged. [3] ***($250-350)***

3944 **Narrow Margin Specimen Group. Fr.1232-SP Face, 1232-SP Back (2), 1238-SP Face, 1244-SP Face, 1283-SP Face.** Tightly trimmed, as usual, a couple with shield mounting signs, but basically Uncirculated, and not the typical ugly scruffy kind you usually see. [6] ***($60-90)***

Fractional Experimental Pieces

3945 **25 Cents. Milton #2E25F.3d.** Blank back. **Choice Uncirculated.** ***($150-200)***



3946 **25 Cents. Milton #2E25F.6.** Normal Face, the Back with only the bronze '25' and 'S-18-63' surcharges. Popular. **Choice to Gem Uncirculated.** ***($250-350)***

3947 **Autographed signed letter from F.E. Spinner, dated August 2, 1845.** An unusual letter, entirely in Spinner's hand, regarding interest on a note, and mentioning that he can be reached through the Naval Office in New York. 8.2" x 10.5" letter, with equal fold over sheet with address, postal stamp and wax seal. Fine and undamaged save a trivial nick here and there. ***($100-150)***

MISCELLANEOUS

3948 **Heath's Counterfeit Detector At Sight.** By Laban Heath. Pocket edition, Boston, 1864. Brown covers a bit scuffed and water stained, but the binding is intact, and no plates are missing. An above average copy of this very early edition. ***($75-150)***

3949 **Partial Set of Naramore Plates.** Eleven sepia photographic prints of early Legal Tender Notes ($1, 5, 10, 50, 100, 500) and National Bank Notes ($1, 10, 20, 50, 500), on 62mm x 110mm gold bordered cards, with promotional information on the backs. 3951 **Group of B.E.P. Convention Souvenir Cards.** As issued, but only a few with envelopes. A better lot of attractive cards. [9] ***($50-75)***
